Ryuho Okawa, 2011-07 Many people today believe that they are seeking happiness yet their efforts only make them more and more unhappy. The Laws of Happiness is a basic introduction to the teachings of Ryuho Okawa illustrating his core philosophy. Okawa teaches that if people can master The Principles of Happiness: Love, Wisdom, Self Reflection and Progress, they can make their life shine in both this world and the other. For these principles based on his own experiences are the four methods of escaping suffering. Okawa shows you how to free yourself from the suffering of selfish love, how to stop bemoaning your ignorance and learn through study how to cut off negative spiritual influences through self reflection and how your strong thoughts will be realized. These are the keys to creating a spiritual age that is to come which Ryuho Okawa calls The Age of the Sun.

The Law of Happiness Dr. Henry Cloud, 2011-01-06 Since the beginning of time people have searched for happiness and have amassed many and varied opinions on how it is found. Only recently has empirical science devoted extensive research to questions such as: Is happiness within our control? What role does God play in making people happy? How do I close the gap between where I want? Drawing from the latest scientific and psychological research on the quest for happiness, The Law of Happiness reveals that the spiritual truths of the Bible hold the secrets to the happiness we desire. As Dr. Henry Cloud unpacks these universal, eternal principles, he reveals that true happiness is not about circumstances, physical health, financial success or even about the people in our lives. In other words, it's not about the factors that are frequently beyond our control. Rather, happiness is found in choosing to become the kind of people God created us to be. With chapter titles like Happy People Connect, Happy People Are Envy Free and Happy People Forgive, Dr. Cloud shows just how happiness is achieved as he sets readers on a pathway of spiritual transformation that connects them with the God of the universe. With these new tools, readers will discover that their relationships, their careers and their inner selves are infused with the joy they've been seeking.
