Estrategias de comprensión del discurso escrito expositivo. Evaluación e intervención José Escoriza Nieto, 2006-07-31 El conocimiento de las estrategias de comprensión del lenguaje escrito es considerado uno de los objetivos fundamentales que debe promover la actividad de la enseñanza debido a la relevancia que tiene su aplicación práctica en el progreso escolar del alumnado. La investigación psicoeducativa ha aportado una serie de datos todos ellos coincidentes en demostrar que el conocimiento estratégico constituye uno de los factores intrapersonales de mayor significación e incidencia en el desarrollo de la capacidad individual de aprendizaje. Realización de aprendizajes autorregulados que el alumno aprenda a aprender la consideración de los déficits estratégicos como una causa explicativa de las dificultades de aprendizaje el conocimiento procedimental como guía del funcionamiento cognitivo lo cual supone una mejora evidente de la capacidad ejecutiva conocimiento y control del alumno en la realización de actividades complejas etc. Esta publicación aborda el análisis de la problemática conceptual relacionada con la interpretación del proceso de lectura la comprensión de un discurso escrito expositivo y las estrategias que el alumno puede aplicar durante la actividad de aprendizaje. El contenido fundamental está referido a la fundamentación teórica del conocimiento estratégico y a la exposición de un procedimiento totalmente novedoso y original en dos aspectos. Por una parte su aplicación nos permite obtener información relevante y necesaria relacionada con las necesidades educativas que se puedan generar a nivel operatorio o procedimental. Por otra y a nivel instrumental o funcional constituye una propuesta válida y adecuada a la hora de proceder al diseño de procesos de intervención educativa orientados a promover la mejora de los procesos de comprensión en el alumnado.

Esquemas Dolly J. Young, 1994 As a core text or supplement to beginning or intermediate Spanish courses this innovative reader delivers authentic selections and is ideal for the instructor or department that desires more than the tailored selections common to traditional texts. Readings are arranged into chapters by topics that students are familiar with and are introduced by a question statement or an explanation that provides insight into the subject matter. Task based problem solving exercises reinforce the learning strategy of each chapter and request that students transform textual material into charts diagrams and other comprehension intensive formats. Features A broad range of lively high interest readings e.g. recipes articles on physical exercise surveys interviews with movie stars motivate students to want to read. Research based strategic approach teaches students to learn by using existing knowledge of context making use of visual cues guessing word meanings and further developing intuitive skills. Pre reading activities and both individual and collaborative post reading comprehension tasks support each chapter's readings. Organization places more challenging exercises in the end.
