Essay On Liberalism Looking Left And Right:

Essay on Liberalism D. Tucker, 2012-12-06 This book offers an introduction to liberal political philosophy adopting an analytical form of presentation I consider arguments which inform contemporary debates by articulating paradigmatic ways of thinking and reviewing competing conceptions of justice and democracy I hope to present a characterisation of contemporary liberal thought which allows the reader to gauge its potentiality and relevance and to comprehend in a systematic way some of the many disagreements between liberal writers and the strengths and weaknesses of the claims they make The reader should also become familiar with the arguments of the most forceful critics of the tradition The exercise is intended to introduce a way of theorising and my emphasis will be on philosophical analysis and reconstruction I aim to delineate a variety of intellectual positions in a way that displays their logical coherence I examine competing conceptions of democracy free speech equality and individualism that inform our political debates in contemporary liberal democracies These philosophical differences determine many of the policies adopted by governments for example whether they forbid racist and pornographic speech whether they regard abortion as a private matter whether they oppose efforts to distribute wealth in the name of equity and what they accept as constituting due process of law By proceeding analytically in the way I propose we should reach a greater understanding of the disagreements between liberal writers when they make judgments about policy issues of this kind and we will be better placed to make evaluations

Liberalism Versus Conservatism

François B. Gérard, 2000 Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what do these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title and author

John

Stuart Mill and the Ethic of Human Growth D.A. Habibi, 2013-03-14 In this well researched comprehensive study of J S Mill Professor Habibi argues that the persistent dominant theme of Mill's life and work was his passionate belief in human improvement and progress Several Mill scholars recognize this however numerous writers overlook his growth ethic and this has led to misunderstandings about his value system This study defines and establishes the importance of Mill's growth ethic and clears up misinterpretations surrounding his notions of higher and lower pleasures positive and negative freedom the status of children the legitimacy of authority and support for British colonialism Drawing from the entire corpus of Mill's writings as well as the extensive secondary literature Habibi has written the most focused sustained analysis of Mill's grand leading principle This book will be useful to college students in philosophy and intellectual history as well as specialists in

Left Universalism, Africacentric Essays Ato Sekyi-Otu,2018-08-06 Left Universalism Africacentric Essays presents a defense of universalism as the foundation of moral and political arguments and commitments Consisting of five intertwined essays the book claims that centering such arguments and commitments on a particular place in this instance the African world is entirely compatible with that foundational universalism Ato Sekyi Otu thus proposes a less conventional mode of Africacentrism one that rejects the usual hostility to universalism as an imperialist Eurocentric hoax Sekyi Otu argues that universalism is an inescapable

presupposition of ethical judgment in general and critique in particular and that it is especially indispensable for radical criticism of conditions of existence in postcolonial society and for vindicating visions of social regeneration The constituent chapters of the book are exhibits of that argument and question some fashionable conceptual oppositions and value apartheid This book will be of great interest to students and scholars in the fields of social and political philosophy contemporary political theory postcolonial studies African philosophy and social thought *From Left to Right* Nancy Sinkoff, 2020-03-10 Intellectual biography of Holocaust historian Lucy S Dawidowicz *From Left to Right* Lucy S Dawidowicz the New York Intellectuals and the Politics of Jewish History is the first comprehensive biography of Dawidowicz 1915 1990 a pioneer historian in the field that is now called Holocaust studies Dawidowicz was a household name in the postwar years not only because of her scholarship but also due to her political views Dawidowicz like many other New York intellectuals was a youthful communist became an FDR democrat midcentury and later championed neoconservatism Nancy Sinkoff argues that Dawidowicz's rightward shift emerged out of living in prewar Poland watching the Holocaust unfold from New York City and working with displaced persons in postwar Germany Based on over forty five archival collections *From Left to Right* chronicles Dawidowicz's life as a window into the major events and issues of twentieth century Jewish life *The Right of the Protestant Left* M. Edwards, 2012-06-18 While serving as an introduction to ecumenical liberal Protestantism and the social gospel over the course of the twentieth century this book also highlights certain totalitarian as well as more fundamental conservative tendencies within those movements *Liberal Neutrality* Alexa Zellentin, 2012-08-31 Liberal neutrality has two underlying intuitions and therefore two distinct elements On the one hand it refers to the intuition that there are matters the state has no business getting involved in On the other hand it is motivated by the idea that the state ought to treat citizens as equals and show equal respect for their different conceptions of the good life This book defends this two fold understanding of neutrality with reference to Rawls conception of citizens as free and equal persons Treating citizens as equals requires the state to grant its citizens equal political rights and also to ensure that these rights have fair value Given the danger that cultural bias undermines the equal standing of citizens the state has to ensure procedures of political decision making that are able to take citizens different conceptions into account
