## Essays And Studies Vol 38 1985:

The Addis Ababa Massacre Ian Campbell, 2017-08-15 In February 1937 following an abortive attack by a handful of insurgents on Mussolini's High Command in Italian occupied Ethiopia repression squads of armed Blackshirts and Fascist civilians were unleashed on the defenseless residents of Addis Ababa In three terror filled days and nights of arson murder and looting thousands of innocent and unsuspecting men women and children were roasted alive shot bludgeoned stabbed to death or blown to pieces with hand grenades Meanwhile the notorious Viceroy Rodolfo Graziani infamous for his atrocities in Libya took the opportunity to add to the carnage by eliminating the intelligentsia and nobility of the ancient Ethiopian empire in a pogrom that swept across the land In a richly illustrated and ground breaking work backed up by meticulous and scholarly research Ian Campbell reconstructs and analyses one of Fascist Italy's least known atrocities which he estimates eliminated 19-20 per cent of the capital's population He exposes the hitherto little known cover up conducted at the highest levels of the British government which enabled the facts of one of the most hideous civilian massacres of all time to be concealed and the perpetrators to walk free

**George Eliot in Germany, 1854-55** Gerlinde Roder-Bolton, 2017-09-29 From 1854 to 1855 George Eliot spent eight months in Germany a period that marked the start of her life with George Lewes Though Eliot documented this journey more extensively than any other it has remained an under researched part of Eliot's biography In her meticulously documented and engaging book Gerlinde Roder Bolton draws on Eliot's own writings as well as on extensive original research in German archives and libraries to provide the most thorough account yet published of the couple's visit Rich in historical social and cultural detail *George Eliot in Germany 1854-55* not only records the couple's travels but supplies a context for their encounters with people and places In the process Roder Bolton shows how the crossing of geographical boundaries may be read as symbolic of Eliot's transition from single woman to social outcast and from translator and critic to writer of fiction

Economic Policy for Growth Salim Rashid,2012-12-06 Economic Development is but one facet of Human Development This forces us to ask how do humans develop Man is a social animal and the growth of our humanity requires various social institutions such as bureaucracy The paradox of capitalism is that it is a system ostensibly based on self interest yet wholly dependent on non market values for its success These non market values are shaped by two much neglected factors religion and ethnicity Economic Development is an applied field whatever it claims as a conclusion should be an applicable conclusion This requires attention to all those non economic factors which translate economic decisions into practice such as the forces of nationalism versus the pressures of such global powers as US foreign policy and the advice of the IMF IBRD Since policy is our goal theory whose intellectual basis is inaccessible to policy makers or which fails to have application should be minimized Mathematical models are best avoided and if they are to be used the burden of proof must be placed upon their proponents As insights about the market are limited neither by time nor space poor countries can learn from rich ones and vice versa It is most fruitful to focus on examples of success such as the East Asian economies They are the clearest illustration of the fact that rapid economic development is possible even to those who have suffered through imperialism and possess few natural resources but have their work and their determination intact One good example is enough
