Russian Court Chapel Choir Carolyn C. Dunlop, 2013-12-19 This detailed account of the Kapella Russian Court Chapel Choir examines the influence it exerted on the development of Russian sacred music The educational importance of the institution has always been overshadowed by the achievements of the St Petersburg Conservatoire Dr Dunlop investigates the consequences of the Kapella's monopoly on music publications The wonderfully rich choral repertoire of the Russian Orthodox Church has until now been unavailable to most English speaking choirs due to the problems of language and accessibility Two volumes of Russian Court Chapel Choir music Galuppi to Vorotnikov and Bakhmetev to Lyapunov are available separately in performing editions They are easily accessible sources of nineteenth century Russian choral pieces by a range of composers in a variety of styles Carolyn Dunlop received a postgraduate degree in Russian language from the University of Strathclyde She was awarded her doctorate in Russian Orthodox Church music

A History of Russian Music Francis Maes, 2006-02-20 Introduces the general public to the scholarly debate that has revolutionized Russian music history over the past two decades Summarizes the new view of Russian music and provides an overview of the relationships between artistic movements and political ideas

Modern Revolutions John Dunn, 1989-06-22 Many political regimes today draw such legitimacy as they have from a revolution the destruction of an existing political elite and its replacement by a different group or groups drawn from inside the same society A large part of the ideological dispute in world politics has come in consequence to turn on an interpretation of the character of revolutions as political and social events It is extremely difficult to separate ideological assessments of the desirability or otherwise of what has occurred in revolutions from causal explanations of why these revolutions occurred and both major traditions in the analysis of revolutionary phenomena have been damaged by their failure to distinguish clearly between explanation and assessment In examining eight major revolutions of the twentieth century John Dunn helps readers to remedy this state of affairs by thinking for themselves

Vietnamese Communism In Comparative Perspective William S Turley, 2019-09-18 This book focuses on how the Vietnam Communist party adapted to its environment in order to achieve and exercise power and to what degree these adaptations made the Vietnamese revolution distinctive

A History of Women's Writing in Russia Adele Marie Barker, Jehanne M. Gheith, 2002-07-11 A History of Women's Writing in Russia offers a comprehensive account of the lives and works of Russia's women writers Based on original and archival research this volume forces a re-examination of many of the traditionally held assumptions about Russian literature and women's role in the tradition In setting about the process of reintegrating women writers into the history of Russian literature contributors have addressed the often surprising contexts within which women's writing has been produced Chapters reveal a flourishing literary tradition where none was thought to exist They redraw the

map defining Russia's literary periods they look at how Russia's women writers articulated their own experience and they reassess their relationship to the dominant male tradition The volume is supported by extensive reference features including a bibliography and guide to writers and their works Can Russia Change? (Routledge Revivals) Walter Clemens, 2012-12-06 First published in 1990 this ground breaking book sought to determine whether contemporary Russia had the capacity to change and if in so doing it could alter the complex web of East West relations from a zero sum struggle to a state of peaceful competition and mutual security In order to answer this question the author compares advances and setbacks in arms control and security affairs with co operation on less politically salient issues such as environmental degradation He finds that in the nearly seventy years preceding Mikhail Gorbachev's rise to power the Kremlin relied on several basic approaches to foreign relations These policies isolated the Soviet Union from those nations whose co operation it needed to cope with the escalating interdependencies of the time Gorbachev Clemens argues was the first Soviet leader to recognise both the problems and potential benefits of global interdependence and to explore the possibilities for co operation between East and West to advance mutual security *Can Russia Change* is unique in its comparative approach and historical perspective and this reissue will prove invaluable to all those interested in the history of Soviet security and foreign policy as well as US Soviet relations *Tombs of the Great Leaders* Gwendolyn Leick, 2013-11-15 A visit to Ankara Turkey would include a trip to Anitkabir the burial site of Turkey's founder and first president Ataturk The massive stone building houses numerous sculptures and a large ceremonial plaza and is surrounded by an elaborate park Ataturk is far from the only former leader to be remembered by such decorative means Since the beginning of human history societies have built tombs and mausoleums to house the remains of people who changed the course of history These grave sites exist not only as sites of memory for different cultures but also serve the political needs of subsequent regimes Tracing the development of the political burial places since the Bronze Age *Tombs of the Great Leaders* explores what attracts pilgrimages to these sites how politics play out in these locations how they convey meaning and safeguard a person's immortality and how history is commemorated through these structures Looking in depth at tombs built in the twentieth and twenty first centuries Gwendolyn Leick surveys the history of these modern leaders their deaths and the creation of the mausoleums She traverses the globe investigating the memorial sites of Communist leaders such as Lenin Mao Zedong Ho Chi Minh and Kim Il Sung Fascist rulers Franco and Mussolini and founding fathers of new nations including Ziaur Rahman in Dhaka Mohammed Ali Jinnah in Karachi and Sun Yat sen in Nanjing Leick describes the experience of visiting the sites the responses they elicit and the context in which they are viewed today Combining history architecture and travel writing *Tombs of the Great Leaders* is a revealing study of the self perpetuation of politicians despots and dictators alike **Monthly Bulletin** St. Louis Public Library, 1924 Teachers bulletin vol 4 issued as part of v 23 no 9 **Imagined Ancestries of Vietnamese Communism** Christoph Giebel, 2011-10-01 *Imagined Ancestries of Vietnamese Communism* illuminates the real and imagined lives of Ton

Duc Thang 1888 1980 a celebrated revolutionary activist and Vietnamese communist icon but it is much more than a conventional biography This multifaceted study constitutes the first detailed re evaluation of the official history of the Vietnamese Communist Party and is a critical analysis of the inner workings of Vietnamese historiography never before undertaken in its scope In prominence and public visibility second only to Ho Chi Minh whom he succeeded in the presidency Ton Duc Thang in fact lacked any real power Author Christoph Giebel reconciles this seeming contradiction by showing that it was only Ton Duc Thang who could personify for the Party crucial legitimizing ancestries those that linked Vietnamese communism with the Russian October Revolution highlighted proletarian internationalism among its ranks and rooted the Party in Viet Nam s south The study traces the decades long complex processes in which famous heroic episodes in Ton Duc Thang s life were manipulated or simply fabricated and depending on prevailing historical and political necessities utilized as propaganda by the Communist Party Over time narrative control over these tales switched hands however and since the late 1950s the stories came to be used in factional disputes by competing ideological and regional interests within the revolutionary camp Based on innovative archival research in Viet Nam and France and on analyses of biographical writings propaganda and museum representations the study challenges core assumptions about the history of the Vietnamese Communist Part and sheds light on divisions within the revolutionary movement along regional class and ideological lines Giebel uses the fictions and contested facts of Ton s life to demonstrate that history writing and the constructions of memories and identities are always political acts

Russian Active Measures Olga Bertelsen, 2021-03-30 The contributions gathered in this fascinating collection in which scholars from a diverse range of disciplines share their perspectives on Russian covert activities known as Russian active measures help readers observe the profound influence of Russian covert action on foreign states policies cultures people s mentality and social institutions past and present Disinformation forgeries major show trials cooptation of Western academia memory and cyber wars and changes in national and regional security doctrines of states targeted by Russia constitute an incomplete list of topics discussed in this volume Most importantly through a nexus of perspectives and through the prism of new documents discovered in the former KGB archives the texts highlight the enormous scale and the legacies of Soviet Russian covert action Because of Russia s annexation of Crimea in 2014 and its on going war in Ukraine s Donbas Ukraine lately gained international recognition as the epicenter of Russian disinformation campaigns invigorating popular and scholarly interest in conventional and non conventional warfare The studies included in this collection illuminate the objectives and implications of Russia s attempts to ideologically subvert Ukraine as well as other nations Examining them through historical lenses reveals a cultural clash between Russia and the West in general *The Economist*, 1924 **Song from the Land of Fire** Inna Naroditskaya, 2002 Song from the Land of Fire explores Azerbaijanian musical culture a subject previously unexamined by American and European scholars This book contains notations of mugham performance a fusion of traditional poetry and musical improvisation and analysis of hybrid genres such as mugham operas and symphonic mugham by native composers Intimately connected to the awakening of Azerbaijanian national consciousness while ruled by the Russian Empire and the USSR mugham is inseparable from the contexts in which it is produced and heard Inna Naroditskaya provides the historical and political contexts for mugham and profiles the musicians musical genealogies and musical institutions of Azerbaijan INCLUDES AUDIO CD **Soldiers on the Cultural Front** Tatiana Gabroussenko, 2010-07-26 An understanding of contemporary North Korea s literature is virtually impossible without an investigation of its formative period 1945 1960 which saw a gradual transformation from the initial Soviet era to a Korean version of national Stalinism This turbulent epoch established a long lasting framework for North Korean literature and set up an elaborate system of political control over literary matters as well as over the people who served in this field In 1946 Democratic People s Republic of Korea DPRK leader Kim Il Sung described the country s writers as soldiers on the cultural front thus clearly defining what the nascent Communist regime expected from its intellectuals As a result many literary nonentities were rewarded with fame and success often only to be relegated once again to obscurity within a few years while many outstanding luminaries of the past were erased from the pages of official publications or even lost their lives The Soviet cultural impact brought new tropes artistic images and rhetoric which were quickly absorbed into the North Korean discourse However the cultural politics of the DPRK and the USSR revealed profound and irreconcilable disparities that were

rooted in the different political conditions and traditions of each country Soldiers on the Cultural Front presents the first consistent research on the early history of North Korea s literature and literary policy in Western scholarship It traces the introduction and development of Soviet organized conventions in North Korean literary propaganda and investigates why the romance with Moscow was destined to be short lived It reconstructs the biographies and worldviews of major personalities who shaped North Korean literature and teases these historical figures out of popular scholarly myth and misconception The book also investigates the specific forms of control over intellectuals and literary matters in North Korea Considering the unique phenomenon of North Korean literary critique the author analyzes the political campaigns and purges of 1947 1960 and investigates the role of North Korean critics as political executioners in these events She draws on an impressive variety and number of sources ranging from interviews with Korean and Soviet participants public and family archives and memoirs to original literary and critical texts to present a balanced and eye opening work that will benefit those interested in not only understanding North Korean literature and society but also rethinking forms of socialist modernity elsewhere in the world
