Introduction

The colonial period of the USA refers to the history of the land that was going to become the US in the future, and lasts from the beginning of European settlement to the very independence from Europe, and it includes the history of the thirteen colonies of Britain which announced themselves independent in 1776. The years of colonial domination led to essential differentiation of the population, which inevitably led to the revolt.

The period 1680-1730 is regarded to be the most essential, as the colonists, afraid that thorough imperial control would lead to the restricted trade and liberties, decided, that it would be better to keep the imperial powers away, and decided that the better option is the power of the weapon. When the Glorious Revolution toppled James in 1689, revolts in Massachusetts and New York conquered the Dominion of New England and deposed the government in Maryland.

Main body

Political arrangements were never totally standardized, but by the early eighteenth century eight of the thirteen existing colonies had a royal ruler, assemblies convened annually in every prefecture, and a steady royal polity had attained its solid form.

By 1715, all of the colonies had also attained substantial social constancy: family formation had attained levels that permitted self-sustaining expansion. For the next fifty years, the burgeoning dimension would catalyze complex communal arrangements. Enjoying plenty of harvests, sufficient fuel imports, and a favorable disease situation, colonial inhabitants multiplied at almost the maximum probable rate of natural augment.

Regional patterns of farming and agricultural abroad sales increased. The South concentrated in staples cultivated chiefly by slaves: tobacco from the Chesapeake, rice from the Carolina Georgia tidewater, and indigo plants from the Carolina piedmont. Colonies supplied huge amounts of goods in the North, which further transformed into a
