Daniel Waley, Peter Denley

Essays In Later Mediaeval French History:

Essays in Later Medieval French History P.S. Lewis,1985-01-01 P S Lewis s work has done much to make the history of France in the later middle ages more accessible to the English reader and to establish new lines of enquiry and interpretation The book s central theme is the physical and mental structure of French politics in the period Following a general survey the author illustrates his arguments by examining a series of institutions attitudes and ideas Essays in Later Medieval French History P. L. Lewis,2010-07-15 P S Lewis s work has done much to make the history of France in the later middle ages more accessible to the English reader and to establish new lines of enquiry and interpretation The book s central theme is the physical and mental structure of French politics in the period Following a general survey the author illustrates his arguments by examining a series of institutions attitudes and ideas **Essays in Later Medieval History** Ernest Fraser Jacob,1968 **The New Cambridge Medieval History: Volume 6, C.1300-c.1415** Rosamond McKitterick,1995 The sixth volume of The New Cambridge Medieval History covers the fourteenth century a period dominated by plague other natural disasters and war which brought to an end three centuries of economic growth and cultural expansion in Christian Europe but one which also saw important developments in government religious and intellectual life and new cultural and artistic patterns Part I sets the scene by discussion of general themes in the theory and practice of government religion social and economic history and culture Part II deals with the individual histories of the states of western Europe Part III with that of the Church at the time of the Avignon papacy and the Great Schism and Part IV with eastern and northern Europe Byzantium and the early Ottomans giving particular attention to the social and economic relations with westerners and those of other civilisations in the Mediterranean Church Building and Society in the Later Middle Ages Gabriel Byng,2017-12-14 The construction of a church was undoubtedly one of the most demanding events to take place in the life of a medieval parish It required a huge outlay of time money and labour and often a new organisational structure to oversee design and management Who took control and who provided the financing was deeply shaped by local patterns in wealth authority and institutional development from small villages with little formal government to settlements with highly unequal populations This all took place during a period of great economic and social change as communities managed the impact of the Black Death the end of serfdom and the slump of the mid fifteenth century This original and authoritative study provides an account of how economic change local politics and architecture combined in late medieval England It will be of interest to researchers of medieval socio economic and art history **The French Monarchical Commonwealth, 1356-1560** James B. Collins,2022-05-19 How does authority become power How does power justify itself to achieve its ends For over two hundred years the Valois kings relied on a complex mixture of ideologies ruling a monarchical commonwealth with a coherent theory of shared governance Forged in the Hundred Years War this commonwealth built on the defense of the public good bien public came undone both practically and theoretically during the

Wars of Religion Just as certain kings sought to expand the royal prerogative so too elites fought to preserve their control over local government Using town archives from more than twenty cities to complement traditional sources of political theory The French Monarchical Commonwealth 1356 1560 establishes the relationship between seemingly theoretical constructs like the Salic Law and the reality of everyday politics

Later Medieval Europe Daniel Waley, Peter Denley, 2013-11-26 From the divine right of kings to the political philosophies of writers such as Machiavelli the medieval city states to the unification of Spain Daniel Waley and Peter Denley focus on the growing power of the state to illuminate changing political ideas in Europe between the thirteenth and sixteenth centuries Spanning the entire continent and beyond and using contemporary voices wherever possible the authors include substantial sections on economics religion and art and how developments in these areas fed into and were influenced by the transformation of political thinking The new edition takes the narrative beyond the confines of western Europe with chapters on East Central Europe and the teutonic knights and the Portuguese expansion across the Atlantic The third edition of this classic introduction to the period includes even greater use of contemporary voices full reading lists and new chapters on East Central Europe and Portuguese exploration Suitable as an introductory text for undergraduate courses in Medieval Studies and Medieval European History

The Political Theory of Christine de Pizan Kate Langdon Forhan, 2017-07-05 Few medieval or Renaissance political writers male or female wrote more works on politics than Christine de Pizan none of them addressed audiences so varied in class or gender Yet until now there has been no comprehensive full length study of Christine de Pizan's political thought With The Political Theory of Christine de Pizan Kate Forhan rectifies this oversight situating de Pizan in the history of political thought while discussing traditional concerns of political theorists such as justice obligation law equality and just war Forhan also addresses the question of whether Pizan's work is original or derivative whether she is a theorist or merely a political writer Between 1400 and 1429 at a time of great civil strife in France Christine de Pizan wrote ten books for the instruction and guidance of those engaged in political life Her theory is focused on a politics of inclusion which validates the essential contribution of each member of the body politic to the whole despite socially and politically mandated difference of class nationality and gender ideas not without significance to the modern era As Forhan demonstrates through analysis of her work the thought of Christine de Pizan has true relevance for modern times First hers was a society in transition new class structures new occupations and new aspirations were appearing behind the crumbling structures of the late medieval world Secondly Christine de Pizan was an outsider a woman in a world dominated by men an Italian in France a member of the meritocracy at a court that was rigidly hierarchical Her difference gave her the perspective to observe her society objectively Her personal vulnerability allowed her to see politics more clearly as those who are most vulnerable might see our own Thirdly she was a shrewd observer in a country that was emerging as a nation state where new concepts and practices of law justice administration and politics in general were in the process of development This book will be of interest to political theorists

and political scientists medieval historians historians of women and gender and scholars of comparative literature

Concepts and Patterns of Service in the Later Middle Ages Anne Curry, Elizabeth Matthew, 2000 The notion of service was ingrained in medieval culture and not just as part of the wider concept of patronage These studies examine the nature and importance of service in the 14th and 15th centuries in a variety of contexts **A Companion to Britain in the Later**

Middle Ages S. H. Rigby, 2008-04-15 This authoritative survey of Britain in the later Middle Ages comprises 28 chapters written by leading figures in the field Covers social economic political religious and cultural history in England Ireland Scotland and Wales Provides a guide to the historical debates over the later Middle Ages Addresses questions at the leading edge of historical scholarship Each chapter includes suggestions for further reading *Reframing Treaties in the Late*

Medieval and Early Modern West, 2025-08-02 The history of peacemaking has traditionally been reduced to isolated case studies and seen as the prelude to the presumed universal and modern international order Countering this one dimensional and Eurocentric narrative this multi authored volume reconceptualizes peace treaties as a range of successful and failed agreements settlements truces leagues and other forms of conflict resolution thus recovering their multilayered history throughout the medieval and early modern period Rather than a series of great treaties peacemaking is reframed as a flexible phenomenon a political grammar whose complexity is reflected in its variety of forms and sources Drawing on both diplomatic history and international relations studies this volume traces the central role that peacemaking has played in the political history of the Western World **French Romance of the Later Middle Ages** Rosalind Brown-Grant, 2008-11-13

This book will be of interest not only to students and scholars of medieval French literature but also to students and specialists of other medieval European languages as well as to medieval historians and those working in gender studies

BOOK JACKET *The Hundred Years War* C. T. Allmand, 1988-02-04 A comparative study of how the societies of late medieval England and France reacted to the long period of conflict between them from political military social and economic perspectives **The Black Douglasses** Michael Brown, 2001-01-01 During the century and a half of their power the Black

Douglasses earned fame as Scotland's champions in the front line of war against England On their shields they bore the bloody heart of Robert Bruce the symbol of their claim to be the physical protectors of the hero king's legacy But others saw the power of these lords and earls of Douglas in a different light To their critics the Douglasses were a force for disorder in the kingdom lawless arrogant and violent whose power rested on coercion and whose defiance of kings and guardians ultimately provoked James II into slaying the Douglas earl with his own hand Michael Brown analyses the rise and fall of this family as the dominant magnates of the south from the deeds of the Good Sir James Douglas in the service of Bruce to the violent destruction of the Douglas earls in the 1450s Alongside this study of the accumulation and loss of power by one of the great noble houses The Black Douglasses includes a series of thematic examinations of the nature of aristocratic power In particular these emphasise the link between warfare and political power in southern Scotland during the fourteenth century

For the Black Douglasses war was not just a patriotic duty but the means to power and fame in Scotland and across Europe

War, Government and Power in Late Medieval France C. T. Allmand, 2000-01-01 The essays in this volume portray the public life of late medieval France as that country established its position as a leader of western European society in the early modern world A central theme is the contribution made by contemporary writers chroniclers and commentators such as Jean Froissart William Worcester and Philippe de Commines to our understanding of the past Who were they What picture of their times did they present Were their works intended to influence their contemporaries and what success did they enjoy Other contributions deal with the exercise of political power the relationship between the court and those in authority in far flung reaches of the kingdom and the role and status of the death penalty as deterrent punishment and means of achieving justice a very valuable overview of recent work on the interface between the intellectual and the political history of the Valois realm De Re Militari Online this collection will be of particular interest to literary scholars as well as historians in view of the emphasis of many of the essays on representations above event or record Medium Aevum *Chivalry and the Ideals of Knighthood in France during the Hundred Years War* Craig Taylor, 2013-10-10 Craig Taylor's study examines the wide ranging French debates on the martial ideals of chivalry and knighthood during the period of the Hundred Years War 1337 1453 Faced by stunning military disasters and the collapse of public order writers and intellectuals carefully scrutinized the martial qualities expected of knights and soldiers They questioned when knights and men at arms could legitimately resort to violence the true nature of courage the importance of mercy and the role of books and scholarly learning in the very practical world of military men Contributors to these discussions included some of the most famous French medieval writers led by Jean Froissart Geoffroi de Charny Philippe de Mézières Honorat Bovet Christine de Pizan Alain Chartier and Antoine de La Sale This interdisciplinary study sets their discussions in context challenging modern romantic assumptions about chivalry and investigating the historical reality of debates about knighthood and warfare in late medieval France **England in the Later Middle Ages** M.H. Keen, 2004-08-02 First published to wide critical acclaim in 1973 England in the Later Middle Ages has become a seminal text for students studying this diverse complex period This spirited work surveys the period from Edward I to the death of Richard III at the Battle of Bosworth which heralded in the Tudor Age The second edition of this book while maintaining the character of the original brings the study up to date Each chapter includes a discussion of the historiographical developments of the last decade and the author takes a fresh look at the changing world of the Later Middle Ages particularly the plague and the economy Also included is a rewritten introduction The Hundred Years War Christopher Allmand, 1988-02-04 This is a comparative study of how the societies of late medieval England and France reacted to the long period of conflict between them commonly known as the Hundred Years War Beginning with an analysis of contemporary views regarding the war Two chapters follow which describe the military aim of the protagonists military and naval organisation recruitment and the raising of taxes The remainder of the book describes and analyses some of the

main social and economic effects of war upon society the growth of a sense of national consciousness in time of conflict and the social criticism which came from those who reacted to changes and development brought about by war Although intended primarily as a textbook for students Dr Allmand's study is much more than that It makes an important general contribution to the history of war in medieval times and opens up new and original perspectives on a familiar topic

Medieval Warfare 1300-1450 Kelly DeVries, 2017-05-15 War was epidemic in the late Middle Ages It affected every land and all peoples from Scotland and Scandinavia in the north to the southern Mediterranean Sea coastlines of Morocco North Africa Egypt and the Middle East in the south from Ireland and Spain in the west to Russia and Turkey in the east Nowhere was peaceful for any significant amount of time The period also saw significant changes in military theory and practice which altered the ways in which campaigns were conducted battles fought and sieges laid and changes in the leadership recruitment training supply and financing of armies There were changes in the relationship between those waging warfare from generals to irregular troops and the society in which they lived and for or against which they fought the frequency of popular rebellions and the participation in them by townspeople and peasants changes in the desire to undertake Crusades and changes in technology including but not limited to gunpowder weapons This collection gathers together some of the best published work on these topics The first section of seven papers show that throughout Europe in the later Middle Ages generals led and armies followed what are usually defined as modern strategy and tactics contrary to popular belief The second part reprints nine works that examine the often neglected aspects of the process of putting and keeping together a late medieval army In the third section the authors discuss various ways that warfare in the fourteenth and fifteenth century affected the society of that period The final sections cover popular rebellions and crusading

Women and Parliament in Later Medieval England W. Mark Ormrod, 2020-07-15 This Palgrave Pivot provides the first ever comprehensive consideration of the part played by women in the workings and business of the English Parliament in the later Middle Ages Breaking new ground this book considers all aspects of women's access to the highest court of medieval England Women were active supplicants to the Crown in Parliament and sometimes appeared there in person to prosecute cases or make political demands It explores the positions of women of varying rank from queens to peasants vis vis this male institution where they very occasionally appeared in person but were more usually represented by written petitions A full analysis of these petitions and of the official records of parliament reveals that there were a number of issues on which women consistently pressed for changes in the law and its administration and where the Commons and the Crown either championed or refused to support reform Such is the concentration of petitions on the subjects of dower and rape that these may justifiably be termed women's issues in the medieval Parliament

This is likewise one of the factors by obtaining the soft documents of this **Essays In Later Mediaeval French History** by online. You might not require more era to spend to go to the books instigation as with ease as search for them. In some cases, you likewise complete not discover the statement Essays In Later Mediaeval French History that you are looking for. It will unconditionally squander the time.

However below, once you visit this web page, it will be fittingly no question simple to acquire as capably as download lead Essays In Later Mediaeval French History

It will not understand many time as we accustom before. You can complete it while feint something else at house and even in your workplace. therefore easy! So, are you question? Essays In Later Mediaeval French History Introduction

In today's digital age, the availability of Essays In Later Mediaeval French History books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Essays In Later Mediaeval French History books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Essays In Later Mediaeval French History books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Essays In Later Mediaeval French History versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Essays In Later Mediaeval French History books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Essays In Later Mediaeval French History books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent

resource for literature enthusiasts. Another popular platform for Essays In Later Mediaeval French History books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Essays In Later Mediaeval French History books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Essays In Later Mediaeval French History books and manuals for download and embark on your journey of knowledge?

FAQs About Essays In Later Mediaeval French History Books

1. Where can I buy Essays In Later Mediaeval French History books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
