The Essence of Rumi John Baldock,2005-10-11 Get drunk on Love for Love is all that exists Unless you make Love your business you will not be admitted to the Beloved Divan i Shams i Tabriz 455 A1 54 The thirteenth century saint Jalaluddin Rumi has been called the greatest mystical poet of any age and his work compared to that of Dante and Shakespeare Over a period of 25 years he composed over 70 000 verses of poetry on the subjects of divine love mystic passion and ecstatic illumination Rumi was also a master story teller as this comprehensive exploration of his work so rewardingly reveals Primarily an introduction to Rumi and the path of self surrender it is arranged in such a way that it guides the reader from the poet s outer historical world to the inner spiritual essence of his teaching The Essence of Rumi offers us the opportunity to overcome the limitations of our human view of the world and transform our sensory eye into the poet s all seeing Ocean of Reality *The Essence of Rumi's Masnevi* Erkan Türkmen,1992 **The Essence of Rumi's Masnevi** Erkan Türkmen,2007

Fundamentals Of Rumis Thought Sefik Can,2006-01-01 This work attempts to present Rumi to the English speaking world and to shed light on his life as seen from within the Islamic mystical tradition The knowledge presented in this work comes from Sefik Can a great expert of Rumi and who used to be the highest authority Sertariq of the Mevlevi Sufi order in Turkey until he passed away on January 24 2005 Two aspects of this work make it unique The first is that the book was originally authored by a man who is ninety five years old and who has dedicated his entire life to the teachings of Rumi Such a Mevlevi s view of Rumi makes this work greatly valuable The second important contribution to the book is the foreword which was translated by from the original turkish written by M Fethullah Gulen a prominent Muslim thinker and interfaith activist of Turkey Love and Poetry in the Middle East Atef Alshaer,2021-12-30 Love has been an important trope in the literature of the region we now call the Middle East from ancient times to modern This book analyses love poetry in various ancient and contemporary languages of the Middle East including Akkadian ancient Egyptian Classical and Modern Standard Arabic Persian Hebrew Turkish and Kurdish including literary materials that have been discovered and highlighted for the first time Together the chapters reflect and explore the discursive evolution of the theme of love and the sensibilities styles and techniques used to convey it They chart the way in which poems in ancient poetry give way to complex and varied reflections of human sentiments in the medieval languages and on to the modern period which in turn reflects the complexities and nuances of present times Offering a snapshot of the diverse literary languages and their relationship to the theme of love the book will be of interest to scholars of Near and Middle Eastern Literature and Culture The Essence of Rumi's Masnevi ,1995 *Six Stages on the Spiritual Path* Ruth Whitney,2021-05-21 In Six Stages on the Spiritual Path we learn about spirituality and its stages as well as how spirituality helps to reduce our suffering and create more love Writings from ancient to contemporary mystics across the world provide us with practical and spiritual wisdom that will make our lives happier and more loving In the first stage on the mystic way children experience awe and wonder but they do not

realize that this is a spiritual experience While all indigenous people recognize awe as a mystical experience only some adults and most artists do When parents and religious leaders teach children about God they cause their spiritual growth to flourish or to become stunted at an elementary school level Awakening is an experience of the Divine that helps us realize that the Sacred Spirit is within us and loves us Awakening produces love for our neighbors and ourselves Then love nurtures more awakenings Illumination and union are deeper mystical experiences that the Holy One is not only within all of us and all of creation but also that we are within the ONE Illumination creates more love for all people and all the universe

Mystics Yesterday and Today Brigitta Beer,2006-11 The Love That Connects Us All is the moving and honest story of author Brigitta Beer s exploration through the dark night of the soul She validates her experience through the writings of mystics past and present including Jesus Rumi John de Cross Meister Eckhart Hildegard of Bingen Teresa of Avila the Sufis Dante Dorothy Walters Rilke and Caroline Myss Beer describes the stages of her journey and her spiritual development relating them to the four paths of Creation Spirituality She also likens the experience to finding the philosopher s stone in her own heart It is a journey of longing and unity that in the end can only be found through the love in her own heart Beer shows us a mystical path that has no boundaries and can be a path for everyone a path into the healing of your self

Rumi's Songs of the Soul Rae Chandran,2017-11-03 What is not known about me is that I was greatly influenced by the understandings and philosophy of the magi who were the followers of the sacred fire I had thoughts put into my mind while I slept and during times of deep silence about the sacredness of all life and about how to accept things in life without discarding any of it I followed this and never gave up on finding God for in rejecting any part of God I was rejecting God entirely Now in modern times people must carefully examine what supported them before and make adjustments and corrections wherever necessary I wanted to bring my writings in a newer form that would suit your present Earth reality

because of the changing times and planetary shift To do this I chose my old student Rae he was one of the students at the seminary in Konya to bring forth this new understanding to help people remember the Law of One and the Family of God I offer these poems in humble gratitude Rumi **The Lost Key** Ebrahim Soufiani,2012-10-31 Dr Soufiani founder and director of a civil engineering firm in London is a London University PhD qualified and practising civil and environment engineer He was researcher at University of London research assistant at University of East London and lecturer at Iran University of Science Technology Soufianis passion about Persian literature has steered him to over ten years of extensive research with a great Persian philosopher Manuchehr Jamali Jamali has managed to open up many incredible doors to him in comprehending Persian literature to its true meaning of values love unity and dignity Soufianis understanding of Eastern and Western cultures has given him a great leverage in his exploration of Persian literature in comparison with Western civilization and the lack of democracy in the Middle East With this book he highlights Persian literature as an invaluable asset and the lost key in opening the lock of the declining morality in our modern world and the absence of democracy in the Middle East The world must sincerely assist in exploration of this nations literature for the sake of morality The Middle East must explore and use her own invaluable potential rich literature to rise and fly from her own ashes to establish the ethical society that will give them the tools for building and establishing the foundation of a democratic system Many Persian poems have been translated throughout this book to highlight the core values of beautiful Persian romantic and humanistic culture

Mindessence Tony Caves,2010-07-19 Mindessence contains ideas and methods to deepen our understanding of life and death and bring us to a realisation of our true nature To the author the idea that some of us are somehow sane and some insane is false he believes we are all absolutely sane it is just a matter of degree What Society calls mental illness Tony Caves calls Perplexity Transparency is the name he gives to a state of freedom from Perplexity Transparency gives us space in which to experience Mindessence which is a state of dynamic ease and relaxed alertness beyond ordinary notions of sanity The book explores the ways in which we are conditioned by society through our upbringing and education to live and die in a dream world of our own making It then explores methods for de conditioning ourselves through simple techniques such as the use of static and moving Meditation to help us become aware of our vast and timeless Heartmind and to plant the seeds of Transparency which then flower into Mindessence Unity Reynaldo Pareja,2020-03-09 Is there an underlying unifying factor that could give us a frame of reference to grasp into one holistic view an explanation a description that would give us a unifying understanding of all physical reality as well as our physical spiritual human reality This question becomes evident when we contemplate the immensity of outer space as shown by the photos taken by the Hubble telescope They elicit from us a spontaneous exclamation of admiration and awesomeness at the magnificence of its immensurable vastness populated by billions and billions of stars grouped inside several million or more galaxies No less is our wonder when scientists have found unpredictable behavior of electrons at the quantum field that is determined by the intention of the observer opening up the

question of how much do we define reality A similar experience of admiration surges when one sees an animation of the neural activity of the brain showing the firing of thousands of neuron sparks dispersing a million and more electrical impulses filled with biological information required for the body to perform continuously in a never ending life sustaining energy current No less is the admiration one must admit before the complexity of a human or animal organ a single cell a DNA strand or even a gene All these physical realities contain a mini universe as grandiose and complex as the one shown by the photos taken by the Hubble space telescope If all the above levels of perception were not enough there is also the human realm of emotions intuitions insights imagination creativity moral judgments and immoral behaviors He manifests deceit sacrifice beyond explanation unconditional love and unbearable hatred all mixed in a reality that seems to be far too complex to be fully understood controlled or directed Before this mind boggling universe is there in Creation a Universal Principle that can give us a point of view from which we can obtain a minimum sense of understanding of where we are at in the cosmic dance of our existence This book essay makes an effort to find and present the reader with such Universal Principle Welcome to discover it The Rose and the Lotus Yousef Daoud,2009-10-31 The Rose and the Lotus is a compendium of explorations of two of the world s largest wisdom traditions Sufism and Buddhism and what the practitioners of these two approaches have in common and may have to learn from each other It includes chapters on important teaching texts ancient and modern and the clues they give for practice interviews with esteemed teachers such as Shaikh Kabir Helminski Roshi Bernie Glassman Tibetan philosopher Geshe Sonam Rinchen as well as memories and reflections on teachers such as Javad Nurbakhsh Idries Shah and Inayat Khan It includes a new look at the mystic works of Nobel Prize winner Doris Lessing and their usefulness in contemplation practice Yousef Daoud PhD also published as Joe Martin has been a practitioner of both Sufism and Buddhism The author of eight books he teaches meditation as well as spiritual performance practice Though Sufism and Buddhism have long been treated as religious manifestations in this fascinating book Yousef Daoud Joe Martin places them squarely among the great wisdom traditions and explores a wide variety of topics relating to both Sufism and Buddhism One of the most prolific authors for the journal SUFI he has done a real service for anyone concerned with spirituality and gnosis Professor Jeffrey Rothschild C U N Y Editor SUFI On Rumi s MATHNAVI A Stage Adaptation Absolutely remarkable and memorable It was as if I had gone to a party and had been offered an entire pot of gourmet food but with every new bite I felt even hungrier It was endowed with a complex simplicity or a simple complexity It was all very inspiring and enlightening It felt as if the actors analyzed Rumi s stories lifting the veils one after another Lida Saeedian Author and co translator of The Pocket Rumi On Parabola Shorter Fictions through the tightly structured geometry of this metaphorically rich work is recognition of the search we undertake to fix a place for ourselves and try to make sense of a confusing alienating and often combative world Cheryl Pallant High Performance Awakening Through Love Farid Mostamand ,2023-10-10 Embark on a transformative odyssey of self discovery and growth with Awakening Through Love
