sightedness and in the process created a new cultural figure that challenged authority as well as stereotypes of women The Grannies distinctive approach is surprisingly popular and effective in sixteen years more than fifty groups of Raging Grannies exist across Canada in the United States and as far away as the UK Australia and Greece Greek Grannies call themselves Furies Their popularity reveals the power of creativity and humour which allow them to claim their space on the political scene refusing to be dismissed or ignored The Raging Grannies both records and celebrates this vibrant activism Bursting with adventures this is the tale of the Raging Grannies their beginning the invention of their identity and their impact on issues stereotypes media and people
