Though the Rev. S. Baring-Gould died before the present volume went to press, he had completed his autobiography, and in these "Further Reminiscences," the well-known characterist and author continues the account of his long and interesting career from 1864, the point where his previous volume "Early Reminiscences" concludes, up to 1894. The book gives a striking and vivid picture of the chief events and personages of the last Victorian era.
