Future Of The Deuteronomistic History:

The Future of the Deuteronomistic History Thomas Römer, 2000 The Old Testament Between Theology and History Niels Peter Lemche, 2008-01-01 From its inception at the time of the Enlightenment until the mid twentieth century the historical critical method constituted the dominant paradigm in Old Testament studies In this magisterial overview Niels Peter Lemche surveys the development of the historical critical method and the way it changed the scholarly perception of the Old Testament In part 1 he describes the rise and influence of historical critical approaches while in part 2 he traces their decline and fall Then in part 3 he discusses the identity of the authors of the Old Testament based on the content of the literature they wrote demonstrating that the collapse of history does not preclude critical study Part 4 investigates the theological consequences of this collapse and surveys Old Testament and biblical theology in its various manifestations in the twentieth century An appendix includes a history of Palestine from the Stone Age to modern times constructed without recourse to the Old Testament *Past, Present, Future* Johannes Cornelis de Moor, Harry F. Van Rooy, 2000 The re writing of the history of Israel in the light of past failures and hopes for the future by Deuteronomistic historians and prophets is discussed in this series of studies In this volume the vitality of the Hebrew Scriptures is once again demonstrated The Authors of the Deuteronomistic History Brian Neil Peterson, 2014-09-01 Peterson engages the identities and provenances of the authors of the various editions of the Deuteronomistic History Peterson asks where we might locate a figure with both motive and opportunity to draw up a proto narrative including elements of Joshua Judges Samuel and the first part of 1 Kings Peterson identifies a particular candidate in the time of David qualified to write the first edition He then identifies the particular circle of custodians of the Deuteronomistic narrative and supplies successive redactions down to the time of Jeremiah **God in Translation** Mark S. Smith, 2010-06-28 God in Translation offers a substantial extraordinarily broad survey of ancient attitudes toward deities from the Late Bronze Age through ancient Israel and into the New Testament Looking closely at relevant biblical texts and at their cultural contexts Mark S Smith demonstrates that the biblical attitude toward deities of other cultures is not uniformly negative as is commonly supposed He traces the historical development of Israel's one god worldview linking it to the rise of the surrounding Mesopotamian empires Smith's study also produces evidence undermining a common modern assumption among historians of religion that polytheism is tolerant while monotheism is prone to intolerance and violence The Deuteronomistic History and the Name Theology Sandra L. Richter, 2014-05-14 This monograph is a comparative socio linguistic reassessment of the Deuteronomic idiom *leshakken shemo sham* and its synonymous biblical reflexes in the Deuteronomistic History *lashum shemo sham* and *lihyot shemo sham* These particular formulae have long been understood as evidence of the Name Theology the evolution in Israelite religion toward a more abstracted mode of divine presence in the temple Utilizing epigraphic material gathered from Mesopotamian and Levantine contexts this study demonstrates that *leshakken shemo sham* and *lashum shemo sham* are loan adaptations of

Akkadian *shuma shakanu* an idiom common to the royal monumental tradition of Mesopotamia The resulting retranslation and reinterpretation of the biblical idiom profoundly impacts the classic formulation of the Name Theology *Past, Present, Future* Johannes de Moor, H.R. van Rooy, 2021-11-22 In the politico religious history of the Deuteronomists past present and future mingle in an often inextricable way Long obsolete traditions which had been unacceptable to the Davidic dynasty were rediscovered and adapted to the aims of the Deuteronomists Personages of the past were condemned and blackened in the light of the new ideology whereas others were glorified and embellished as heroes of faith because their ideas suited the historians This inevitably raises the question whether the Bible can be trusted as a source book for writing a history of Israel Apparently not say scholars like T L Thompson P R Davies and N P Lemche In this volume a number of authors take up this challenge stating that the radical rejection of the biblical testimony in favour of a history based mainly on archaeology is ill advised Several contributions to this volume draw instructive parallels between the process of re writing the history of South Africa and the work of the Deuteronomists *Exodus* Thomas B. Dozeman, 2009-11-13 The Eerdmans Critical Commentary offers the best of contemporary Old and New Testament scholarship seeking to give modern readers clear insight into the biblical text including its background its interpretation and its application Contributors to the ECC series are among the foremost authorities in biblical scholarship worldwide Accessible to serious general readers and scholars alike each volume includes the author's own translation critical notes and commentary on literary historical cultural and theological aspects of the text Back cover International Review of Biblical Studies, Volume 47 (2000-2001) Bernhard Lang, 2021-09-06 Formerly known by its subtitle *Internationale Zeitschriftenschau f r Bibelwissenschaft und Grenzgebiete* the International Review of Biblical Studies has served the scholarly community ever since its inception in the early 1950 s Each annual volume includes approximately 2 000 abstracts and summaries of articles and books that deal with the Bible and related literature including the Dead Sea Scrolls Pseudepigrapha Non canonical gospels and ancient Near Eastern writings The abstracts which may be in English German or French are arranged thematically under headings such as e g Genesis Matthew Greek language text and textual criticism exegetical methods and approaches biblical theology social and religious institutions biblical personalities history of Israel and early Judaism and so on The articles and books that are abstracted and reviewed are collected annually by an international team of collaborators from over 300 of the most important periodicals and book series in the fields covered **The History of Israel's Traditions** Steven L. McKenzie, M. Patrick Graham, 1994-11-01 In 1943 the famous Old Testament scholar Martin Noth published his monograph *berlieferungsgeschichtliche Studien* in which he established the hypothesis of a Deuteronomistic History and gave his treatment of the Chronicler's History It quickly became one of the classics in the field and is probably Noth's most enduring legacy This book brings together essays from an international symposium of scholars celebrating the fiftieth anniversary of Noth's important volume and reviewing his other contributions to Old Testament study Part I discusses Noth's life and work Christopher Begg his view of the Deuteronomistic

History Antony Campbell and the Chronicler's History Roddy Braun his contributions to the history of Israel Thomas Thompson tradition criticism Rolf Rendtorff and Old Testament theology Timo Veijola as well as reflections on Noth's impact on current and future study David Noel Freedman Walter Dietrich Part II analyses the scholarship over the past fifty years on each book in the Deuteronomistic History Deuteronomy Thomas Romer Joshua Brian Peckham Judges Mark O'Brien 1 2 Samuel P Kyle McCarter and 1 2 Kings Steven McKenzie

The Books of Kings Baruch Halpern, André Lemaire, 2010-07-07 This collaborative commentary on or dictionary of Kings explores cross cutting aspects of Kings ranging from the analysis of its composition historically regarded to its transmission and reception Ample attention is accorded sources figures and peoples who play a part in the book The commentary deals with Kings treatment in translation and role in later ancient literature While our comments do not proceed verse by verse the volume furnishes guidance from contributors highly qualified to advance contemporary discussion on the book's historical background its literary intentions and characteristics and on themes and motifs central to its understanding both of itself and of the world from which it arose This volume functions as a meta commentary offering windows into the secondary literature but assembling data more fully than is the case in individual commentaries

Judges 1 Mark S. Smith, Elizabeth M. Bloch-Smith, 2021-11-23 This groundbreaking volume presents a new translation of the text and detailed interpretation of almost every word or phrase in the book of Judges drawing from archaeology and iconography textual versions biblical parallels and extrabiblical texts many never noted before Archaeology also serves to show how a story of the Iron II period employed visible ruins to narrate supposedly early events from the so called period of the Judges The synchronic analysis for each unit sketches its characters and main themes as well as other literary dynamics The diachronic redactional analysis shows the shifting settings of units as well as their development commonly due to their inner textual reception and reinterpretation The result is a remarkably fresh historical critical treatment of 1 1 10 5

Trauma and the Failure of History David Janzen, 2019-08-02 A theoretical and exegetical exploration of trauma in the Hebrew Bible David Janzen discusses the concepts of history and trauma and contrasts the ways historians and trauma survivors grapple with traumatic events a contrast embodied in the very different ways the books of Kings and Lamentations react to the destruction of Jerusalem Janzen's study warns that explanations in histories will tend to silence the voices of trauma survivors and it challenges traditional approaches that sometimes portray the explanations of traumatic events in biblical literature as therapeutic for victims Features Exploration of history as a narrative explanation that creates a past readers can recognize to be true Examination of how trauma results in a failure of victims to fully experience or remember traumatic events A case for why the past is a construction of cultures and historians

King Manasseh and Child Sacrifice Francesca Stavrakopoulou, 2012-10-24 The Hebrew Bible portrays King Manasseh and child sacrifice as the most reprehensible person and the most objectionable practice within the story of Israel This monograph suggests that historically neither were as deviant as the Hebrew Bible appears to insist Through careful

historical reconstruction it is argued that Manasseh was one of Judah's most successful monarchs and child sacrifice played a central role in ancient Judahite religious practice. The biblical writers motivated by ideological concerns have thus deliberately distorted the truth about Manasseh and child sacrifice.

Canaan and Israel in Antiquity: A Textbook on History and Religion K. L. Noll, 2013-03-14 This comprehensive classic textbook represents the most recent approaches to the biblical world by surveying Palestine's social, political, economic, religious, and ecological changes from Palaeolithic to Roman eras. Designed for beginners with little knowledge of the ancient world and with copious illustrations and charts, it explains how and why academic study of the past is undertaken as well as the differences between historical and theological scholarship and the differences between ancient and modern genres of history writing. Classroom-tested chapters emphasize the authenticity of the Bible as a product of an ancient culture and the many problems with the biblical narrative as a historical source. Neither maximalist nor minimalist, it is sufficiently general to avoid confusion and to allow the assignment of supplementary readings such as biblical narratives and ancient Near Eastern texts. This new edition has been fully revised, incorporating new graphics and English translations of Near Eastern inscriptions. New material on the religiously diverse environment of Ancient Israel, taking into account the latest archaeological discussions, brings this book right up to date. 1

Samuel as Christian Scripture Stephen B. Chapman, 2016-04-26 This work by Stephen Chapman offers a robustly theological and explicitly Christian reading of 1 Samuel. Chapman's commentary reveals the theological drama at the heart of that biblical book as it probes the tension between civil religion and vital religious faith through the characters of Saul and David.

Murmuring Against Moses: The Contentious History and Contested Future of Pentateuchal Studies Jeffrey L. Morrow, John Bergsma, 2023-01-26 For much of the history of both Judaism and Christianity, the Pentateuch (first five books of the Bible) was understood to be the unified work of a single inspired author, Moses. Yet the standard view in modern biblical scholarship contends that the Pentateuch is a composite text made up of fragments from diverse and even discrepant sources that originated centuries after the events it purports to describe. In *Murmuring against Moses*, John Bergsma and Jeffrey Morrow provide a critical narrative of the emergence of modern Pentateuchal studies and challenge the scholarly consensus by highlighting the weaknesses of the modern paradigms and mustering an array of new evidence for the Pentateuch's antiquity. By shedding light on the past history of research and the present developments in the field, Bergsma and Morrow give fresh voice to a growing scholarly dissatisfaction with standard critical approaches and make an important contribution toward charting a more promising future for Pentateuchal studies.

Reconsidering the Book of the Four Nicholas R. Werse, 2019-05-20 Although many scholars recognize literary similarities between Hosea, Amos, Micah, and Zephaniah, defining the compositional relationship between these texts remains a matter of debate. Following the scholarly trajectory of exploring the compositional relationship between the Twelve prophets, several scholars argue that these four prophetic texts formed a precursory collection to the Book of the Twelve. Yet even among advocates for this Book of the Four, there remain

differences in defining the form and function of the collection By reexamining the literary parallels between these texts Werse shows how different methodological convictions have led to the diverse composition models in the field today Through careful consideration of emerging insights in the study of deuteronomism and scribalism Werse provides an innovative composition model explaining how these four texts came to function as a collection in the wake of the traumatic destruction of Jerusalem This volume explores a historic function of these prophetic voices by examining the editorial process that drew them together

Dictionary of the Old Testament: Historical Books Bill T. Arnold, H. G. M. Williamson, 2011-09-26
 Editors Bill T Arnold and Hugh G M Williamson present more than 160 in depth articles on the essential historical literary theological interpretive and background topics for studying the historical books of the Old Testament Joshua Judges 1 2 Samuel 1 2 Kings 1 2 Chronicles Ezra Nehemiah

Portrait of the Kings Alison L. Joseph, 2015-03-01 Much of the scholarship on the book of Kings has focused on questions of the historicity of the events described Alison L Joseph turns her attention instead to the literary characterization of Israel s kings By examining the narrative techniques used in the Deuteronomistic History to portray Israel s kings Joseph shows that the Deuteronomist in the days of the Josianic Reform constructed David as a model of adherence to the covenant and Jeroboam conversely as the ideal opposite of David The redactor further characterized other kings along one or the other of these two models The resulting narrative functions didactically as if instructing kings and the people of Judah regarding the consequences of disobedience Attention to characterization through prototype also allows Joseph to identify differences between pre exilic and exilic redactions in the Deuteronomistic History bolstering and also revising the view advanced by Frank Moore Cross The result is a deepened understanding of the worldview and theology of the Deuteronomistic historians
