Escape From The Rising Sun:

Escape from the Rising Sun Ian Skidmore, 1973 **Escape from Java** John J. Domagalski, 2022-03-24 The harrowing triumphant true story of an antiquated light cruiser and its crew suddenly under fire in the Pacific as WWII erupted An engrossing tale Naval Historical Foundation The old light cruiser Marblehead was living out her final years of naval service as a member of the United States Asiatic Fleet in 1941 The small group of mostly antiquated ships based in the Philippines sailed the waters of East Asia to show the American flag in places like China Hong Kong Japan and Singapore Then the sudden eruption of World War II in the Pacific put the warship on the front lines of the conflict as Imperial Japan unleashed a series of devastating attacks across the region On the morning of February 4 1942 the warship was surprised by Japanese planes northeast of Java Two large bombs slammed into Marblehead causing fires and casualties and knocking out her steering gear A third bomb exploded close by underwater The near miss ripped a large gash into her hull allowing a torrent of water to rush inside the ship Escape from Java takes us throughout the ship as the story unfolds next to gunners toiling to keep their guns firing with medical staff tending to the wounded and alongside damage control sailors working in flooded compartments The Japanese confidently radioed that they had sunk the ship but through courage sacrifice and superhuman effort Marblehead would set out on a harrowing 13 000 mile journey back to the US An engrossing tale of an obsolescent ship s survival amid great odds set against the brutal early fighting of the Pacific War This book will appeal to a wide audience not only as high wartime adventure but simply as a story of gritty perseverance when the odds are heavily against Naval Historical Foundation **Escape From Davao** John D. Lukacs, 2023-04-04 Documents the escape of ten American prisoners of war from a World War II Japanese prison camp in the Philippines describing the inhumane conditions they endured and the political struggle that influenced their return home **Escape Emerald** Bill H. Ritchie, 2023-11-30 My life from my birthday to the last decade of 1900s is a spectrum of events both good and bad as I follow T S Elliot s lines We shall not cease from exploration And the end of all our exploring Will be to arrive where we started And know the place for the first time Growing up on my father s farm there was plenty of exploration but I never went back to the farm Far from it My explorations took me where no teacher in my main field which is printmaking had gone because I was hired at 24 by a major research university where its campus services gave me a head start exploring electronic arts and computers I could blend with teaching printmaking Ironically while these brought opportunities there were hidden limitations In the 1980s I gambled our home to take us on a vast sabbatical research project for the university We returned to find the school corrupt and so it ended my career Fortunately I married well My high school sweetheart Lynda stayed with me even on my wayward ventures In addition she brought two fine daughters to our lives And had it not been for her ability to restore our property my exploring would have ended forever Because when the art school closed its door others opened Everything I learned in nineteen years at the UW prepared me to continue privately By 1990 I was on cloud nine and the Internet was within my

grasp These are the words from one of two volumes I illustrated with a thousand pictures What autobiography of a teaching artist s life would be complete without pictures Not only my art but my students and from collaborations with diverse artists crafts people designers and writers Plus QR codes It is for anyone who loves a good read about teaching art as I was known for in Seattle but also about an old professor s family friends art patrons and former students who made it possible It continues in Volume 2 Volume 1 takes this farmboy to the approach of the information superhighway

Sea Stories: Tales of Discovery, Adventure, and Escape ,1855 *Escape from Hong Kong* Tim Luard,2011-12-01 On 25 December 1941 the day of Hong Kong s surrender to the Japanese Admiral Chan Chak the Chinese government s chief agent in Hong Kong and more than 60 Chinese and British intelligence naval and marine personnel made a dramatic escape from the invading army They travelled on five small motor torpedo boats all that remained of the Royal Navy in Hong Kong across Mirs Bay landing at a beach near Nanao Then guided by guerrillas and villagers they walked for four days through enemy lines to Huizhou before flying to Chongqing or travelling by land to Burma The breakout

laid the foundations of an escape trail jointly used by the British Army Aid Group and the East River Column for the rest of the war Chan Chak the celebrated one legged admiral became Mayor of Canton after the war and was knighted by the British for his services to the Allied cause His comrade in the escape David MacDougall became head of the civil administration of Hong Kong in 1945 This gripping narrative account of the escape draws on a wealth of primary sources in both English and Chinese and sheds new light on the role played by the Chinese in the defence of Hong Kong on the diplomacy behind the escape and on the guerillas who carried the Admiral in a sedan chair as they led his party over the rivers and mountains of enemy occupied China Escape from Hong Kong will appeal not just to military historians and those with a special interest in Hong Kong and China but also to anyone who appreciates a good old fashioned adventure story *Escape from the Japanese* Ralph Burton Goodwin,2015-11-30 Trapped in the depths of Japanese held territory it was rare for Allied prisoners of war to attempt escape There was little chance of making contact with anti guerrilla or underground organisations and no possibility of Europeans blending in with the local Asian populations Failure and recapture meant execution This was what Lieutenant Commander R B Goodwin faced when he decided to escape from the Shamsuipo PoW Camp in Kowloon Hong Kong in July 1944 after three years of internment With no maps and no knowledge of the country or the language Lieutenant Commander Goodwin set out across enemy territory and war torn China Because of the colour of his skin he had to travel during the hours of darkness for much of what was an 870 mile journey to reach British India Few of his fellow prisoners gave him any chance of succeeding yet little more than three months later he was being transported to the safety of Calcutta For his daring and determination Lieutenant Commander Goodwin was awarded the Order of the British Empire *Escape from Hiroshima* e.West Smith,2025-07-01 Desperate in the shadow of a mushroom cloud can she repair her heliplane and launch before the vengeful Japanese find her Pilot Shoney O'Brien can't believe they left Scared and angry that the ghost boat abandoned them with the Japanese closing in Shoney fears for her heliplane crew The atomic shockwave that put them on a Japanese beach six miles from ground zero fried the engine electrics Blood pounding in her ears she works sweaty and slippery fingers to cross connect every damaged part in the electrical panel This beach is their graveyard if she can't get at least two fuel cells online never mind the rifle bearing Japanese cadre double timing down the windswept beach Can Shoney reconnect the last fuel cell before the approaching coal black radioactive cloud poisons the air the danger close cadre bullets or low flying fighters blast her and her crew to bloody shreds Dive into a harrowing tale where one woman's tenacity is tested against a desperate and vengeful Japan at the fiery dawn of the atomic age Discover their fate Buy this book today First Edition Review 4.0 out of 5 stars Great Conclusion in WW2 fiction Verified Purchase Escape from Hiroshima is a continuation of the Rescue at Hiroshima novel In this continuation the submarine with the refugees aboard has to escape Japan's Inland Sea without getting sunk by the Japanese Navy which thinks that the submarine's crew somehow set off the Hiroshima bomb The relationships developed in the first book progress into new territory in the second adding a deeper

interest in the characters The dialogue between the characters is better than in the first book and some of the anecdotes are quite good Smith as with the first book does well with the battle sequences and introduces weather as factor which makes the action more interesting The technical aspect of things in my opinion is not as necessary for the book but again if you let this float on by the book is interesting and exciting Smith has included maps in this second book as well so that helps with the more complex sequences As I said in the review of the first book recommended if you like Tom Clancy Dale Brown Michael Crichton Larry Bond and Michael DiMercurio **Noon Chai Escape** Adam Foster,2010-08-27 American expat Grant Lockette is held hostage by terrorists in Kashmir His brother Simon learns of it shortly before a scheduled visit to India Against the wishes of his father Charles Simon ventures to rescue Grant with the help of his friend Drew Kasper a breezy neo hippy along for the adventure Grant s faith is tested as he prays to love his captors rather than hate them One of Grant s assailants Yusef has visitations from heaven in his dreams and becomes curious about Grant s interpretations Stateside Mr Lockette works with a negotiator to bring his boys safely home from what becomes a massive departure from anything predictable Outside Grant s hotel prison Simon and Kasper find a rich new world one that existed seemingly only in the media until now Islam While living with the Muslim family that had hosted Grant previously Simon Kasper encounter hospitality friendship In NCE a loving Allah trumps assumptions challenging readers from multiple backgrounds perspectives
