*Mi vida con los santos* James Martin,2010-03-01 Para el padre James Martin SJ los Santos son mucho m3s que estatuas de yeso son amigos personales En Mi vida con los Santos James Martin nos presenta una conmovedora experiencia respect a su relaci3n con los Santos desde Mar3a la madre de Jes3s hasta San Francisco o la Madre Teresa y la manera personal en la que

ha sido dirigido por los héroes de la Iglesia a lo largo de toda su vida. El padre James nos presenta videos y encantadores relatos de los Santos más populares permitiéndonos ver no solo su santidad sino su humanidad. A partir de esta experiencia descubrimos la llamada y posibilidad de vivir la santidad en nuestra propia humanidad. James Martin has led an entirely modern life from a lukewarm Catholic childhood to an education at the Wharton School of Business to the executive fast track at General Electric to ministry as a Jesuit priest to a busy media career in Manhattan. But at every step he has been accompanied by some surprising friends: the saints of the Catholic Church. For many these holy men and women remain just historical figures. For Martin they are intimate companions. They pray for me, offer me comfort, give me examples of discipleship and help me along the way, he writes. The author is both engaging and specific about the help and companionship he has received. When his pride proves trouble, some he seeks help from Thomas Merton, the monk and writer who struggled with egotism. In sickness, he turns to Therese of Lisieux, who knew about the boredom and self-pity that come with illness. Joan of Arc shores up his flagging courage. Aloysius Gonzaga deepens his compassion. Pope John XXIII helps him to laugh and not take life too seriously. Martin's inspiring, witty and always fascinating memoir encompasses saints from the whole of Christian history, from St. Peter to Dorothy Day. His saintly friends include Francis of Assisi, Ignatius of Loyola, Mother Teresa and other beloved figures. They accompany the author on a lifelong pilgrimage that includes stops in a sunlit square of a French town, a quiet retreat house on a New England beach, the gritty housing projects of inner city Chicago, the sprawling slums of Nairobi and a gorgeous Baroque church in Rome. This rich, vibrant, stirring narrative shows how the saints can help all of us find our way in the world.

Live a Life That Matters Jean Maalouf, 2018-05-25. What are you living for? OK, You've got the house and the car of your dreams, you've got the latest electronic devices, you were obsessed with, you've made all the trips of your reverie and imagination and you've achieved what you always wanted to achieve. But somehow something was and still is missing. Where are the promises of the happy ever after relationships, the fun of the rich and famous and the security of the good life, these things were supposed to deliver. What is the meaning of it all? Now what? Sooner or later we will come to the conclusion that these things, even if they are nice to have, are not what matter most in life, not by a long shot. Otherwise why are we never satisfied and continue to want more? Why do we play the happy persons when we really are not? And after all our accumulated successes, how in the world are we still missing what matters most: our true self-realization and the fulfillment of our fundamental goal. In a unique style, both profound and simple, philosopher Maalouf points to the very core of what matters most. His long years of studies, two doctorates and writing experience, more than forty published books, led him to firmly suggest in this book that life is not only the total sum of the most comfortable income, possessions, position, prestige and passion for every convenience. Life is essentially and especially a continuous search for a deeper meaning that can be found in that everlasting hunger of our restless minds and hearts and in our most fundamental purpose and particular life mission. We don't only exist, we live a full life that is lived in the spirit of Saint Irenaeus's famous line: The glory of God is a human being

who is fully alive Otherwise no true fulfillment is possible Fully alive explains Dr Maalouf requires us to live a meaningful life not by aggrandizing the ego but by emptying it It takes what matters most to let go of the superficial mirages of the false self It takes the awakening of the holy hunger and divine longing to decipher the meaning of life that constitutes the true self In the end what really counts is not to live according to the creatures distractions but according to the Creators statutes not to become what our culture prescribes but to incarnate what our fundamental purpose and mission inspire and not what makes a living but what makes a life

**Where Has God Gone?** Jean Maalouf,2015-06-26 God is dead declared Friedrich Nietzsche Thank God Who needs that God anyway We now have the other gods we've created to fit our deep desires and make us feel that it is WE who are in charge and not anyone else We thought that these human made gods were not only more convenient more suitable and much easier to worship but they also held the key to freedom security and happiness Did they Who and what are these gods we love to worship What kind of religious practices will we use in order to please them Has religion become a sophisticated tool that allows us to hide from the true God Has religion become a ready commodity we use every time we want to subdue an opponent Is religion still needed when science and reason are now the light of our world Is religion more than a good business after all Does religion help to bring personal and world peace or does it provoke violence and wars Do we really need God to tell us what the truth is How do we know what is good and what is wrong In this book you will find an answer to these questions and to many more

You also find an explanation for why religion when it is reduced to an abstract concept or to the mere embodiment of human institutions will not help men and women to achieve their life purpose and reach their highest potential and destiny. Instead it may even be dangerous. A deformed religion with a false god or without God at all could become fanaticism, ideology, Puritanism, abstraction, a weapon to win an argument, humiliate the opponent and even kill the adversary. A true religion preaches love, not hate. So tell me who you worship. I'll tell you who you are. This book is in a sense a heretical book. It is disturbing, bold, radical and controversial. Intentionally controversial. Dr. Maalouf is hoping to shock readers out of apathy, indifference, compromises and idolatry into the true reality of what being human with a divine destiny is. This is a must-read book for all those who seek God beyond their gods, the whole truth beyond their half-truths and the depth of a divine connection beyond the letter of the law. It is a hard-hitting challenge to false beliefs and a much-needed wake-up call to refocus attention and desire on what is essential and most lasting.

Echar raíces. Preludio a una declaración de los deberes hacia el ser Simone Weil, 2024-11-23. Esta obra contiene una selección de los capítulos que componen la primera y segunda parte de un proyecto inacabado que fue publicado en 1949 tras la muerte de la autora por Albert Camus. No obstante, brinda las pistas suficientes para acercarse al pensamiento de Simone Weil. En *Echar raíces* la autora reflexiona sobre la importancia de las estructuras sociales religiosas y políticas en la vida del individuo y pone en evidencia que vivimos en un mundo desarraigado que en nuestras sociedades los individuos han roto por completo su vínculo con el trabajo manual y con la tierra, que eso les quita un sentido esencial a las otras actividades y que destruye además las raíces espirituales e intelectuales de cualquier cultura. Esta contrariedad le genera al ser humano un terrible olvido. Ya no sabe cuáles son sus obligaciones ni sus necesidades, pues el mundo de la producción en cadena, desprovisto de vínculos comunitarios, le ha impuesto deseos artificiales y nocivos. Sin duda, una advertencia directa para los tiempos actuales.

Pensar con el corazón Laura Boella, 2023-05-23. Este libro, escrito por una mujer sobre el pensamiento de otras mujeres, da a conocer arduos temas filosóficos hechos asequibles con claridad y coherencia. A través de sus páginas nos acercamos a cuatro pensadoras fuera de lo normal que se distinguen por su fuerte libertad ideológica sin pertenencia a escuela o grupo. *Pensar con el corazón* parece contradictorio y lo es si consideramos que en la cultura occidental corazón y razón siempre se han imaginado como opuestos. Pero Arendt, Weil, Stein y Zambrano demostraron con su vida y sus escritos que se puede contribuir al pensamiento a partir del corazón, es decir, a partir de la responsabilidad sobre el mundo y la pasión. Sus voces se han hecho apreciar tanto por su riguroso científico como por la sensibilidad cívica y humana que las llevó a acoger un problema y a pensar la solución con el corazón. Hannah Arendt, intelectual elegante y reservada, tomó parte relevante en los debates filosóficos y políticos en los años cincuenta y sesenta. Simone Weil, atormentada y spera, encarnó el esfuerzo de participación personal en el sufrimiento provocado por el poder y la técnica. Edith Stein, destacada colaboradora de Husserl, pasó finalmente al Carmelo y murió en Auschwitz. María Zambrano, exiliada, poeta y soadora, interpreta con rigor y sentido trágico la espiritualidad española. Cuatro
