A. Bailey,1953      **A Treatise on the Seven Rays** Alice Bailey,1970      *A Treatise on the Seven Rays. Volume 4. Esoteric Healing* Alice Bailey,1978      *A Treatise on the Seven Rays: Esoteric astrology* Alice Bailey,1936      *The Seventh Ray: Revealer of the New Age* Alice A. Bailey,1995-05-14 Today two rays of great potency are functioning simultaneously The Sixth Ray of Idealism and Devotion is slowly passing out and the Seventh Ray of Ceremonial Order or Ritual is coming into manifestation This is bringing about a situation which is described in ancient archives in the following terms A time of rending when the mountains which have sheltered fall from their high places and the voices of men are lost in the crash and thunder of the fall Such periods come only rarely and each time they come a peculiarly significant period of divine activity is ushered in old things pass away yet the ancient landmarks are restored      **The Seven Rays of Life** Alice A. Bailey,1995 The teaching on the seven rays can enable all true servers to work with greater skill and effectiveness in their chosen field of activity As Alice Bailey wrote a study of the rays will mean that we shall have a practical method of analysis whereby we can arrive at a right understanding of ourselves as ensouling entities and at a wiser comprehension of our fellow men We can then deal more intelligently with ourselves with our children and with our friends and associates We shall find ourselves able to co operate more wisely with the Plan as it is seeking expression at any particular time      **Routledge Library Editions: Spiritualism** Various,2022-07-30 The volumes in this set originally published between 1974 and 1992 draw together research by leading academics in spiritualism and provide a rigorous examination of related key issues The collection examines spirituality from a broad range of disciplines from the spirituality in the Christian church spirituality in Africa and Afro American religions as well as examining the areas of channeling mediumship and spirit possession In this 3 volume set there are two incredibly unique and insightful bibliographic source collections examining both primary and secondary source listings across the subject of spiritualism and one volume providing field research into spirituality in the Christian church and in the occult This collection is an incredibly useful tool for researchers examining the broad area of spiritualism and will be of interest to researchers academics and students of anthropology religion and sociology      *Esoteric Astrology* Alice A. Bailey,Djwhal Khul,2012-12-01 The science of esoteric astrology is said to be the basic occult science of the future Astrology is described in this book as the science of relationships a science which deals with those conditioning energies and forces which play through and upon the whole field

of space and all that is found within it      Treatise on Cosmic Fire Alice A. Bailey, Djwhal Khul, 2012-12-11 This volume deals with the underlying structure of occult teaching for the present era and with those vast cosmic processes reproduced through all areas of life from universe to atom A large section of the book gives a detailed exposition of Solar Fire the Fire of Mind since this is the dominant energy to be understood and controlled during this second solar system A Treatise on Cosmic Fire provides a compact outline of a scheme of cosmology philosophy and psychology and serves as a basic reference and text book      **Esoteric Psychology Vol I** Alice A. Bailey, Djwhal Khul, 2012-08-01 Five volumes have been written under the overall title of A Treatise on the Seven Rays based on the fact the nature the quality and the interrelationship of the seven streams of energy pervading our solar system our planet and all that lives and moves within its orbit The first two volumes go extensively into the psychological make up of a human being as the life quality and appearance of an incarnating evolving spiritual entity They also relate the circumstance of a human psychology to world conditions and to future possibilities      A Treatise on the Seven Rays: The rays and the initiations Alice Bailey, 1960 Five volumes have been written under the overall title of A Treatise on the Seven Rays based on the fact the nature the quality and the interrelationship of the seven streams of energy pervading our solar system our planet and all that lives and moves within its orbit      **False Dawn** Lee Penn, 2004 The interfaith movement which began with the 1893 World s Parliament of Religions in Chicago has grown worldwide Although this movement has been largely unknown to the public it now provides a spiritual face for globalization the economic and political forces leading us all from nationalism to One World The most ambitious organization in today s interfaith movement is the United Religions Initiative URI founded by William Swing the Episcopal Bishop of California Investigative reporter Lee Penn a Catholic ex Marxist exhaustively documents the history and beliefs of the URI and its New Age and globalist allies the vested interests that support these movements and the direction they appear to be taking The interfaith movement is no longer merely the province of a coterie of little heeded religious idealists with grandiose visions The URI s proponents have ranged from billionaire George Soros to President George W Bush from the far right Rev Sun Myung Moon to the liberal Catholic theologian Hans K ng and from the Dalai Lama to the leaders of government approved Protestant churches in the People s Republic of China The interfaith movement including the URI is being promoted by globalist and New Age reformers who favor erosion of national sovereignty marginalization of traditional religions establishment of global governance and creation of a new Earth based global spirituality in effect a one world religion Therefore the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order the new civilization now proposed by Mikhail Gorbachev the last leader of the Soviet Union In The Reign of Quantity and the Signs of the Times French metaphysician Ren Gu non spoke of the anti tradition the forces of materialism and secular humanism finally giving way to the counter tradition the satanic inversion of true spirituality leading to the regime of Antichrist The anti tradition weakens and dissolves traditional spiritualities after which the counter tradition sets up a

counterfeit in their place Since Gu non s time as is well known anti traditional forces have greatly advanced worldwide It is less well known that counter traditional movements have also made great strides and now stand closer to the centers of global political and religious power than ever before The counter tradition is making inroads on the political and cultural Right as much as it is doing on the Left False Dawn painstakingly documents these trends and speculates on their future development In so doing the author takes investigative reporting to the threshold of prophecy and gives us a stunningly plausible picture of the global religious landscape of the 21st century This extraordinary project is the literary equivalent of turning over a flat rock There is much to be seen and learned here all of it unsettling disquieting occasionally downright scary William Murchison Radford Distinguished Professor Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods something has gone horribly wrong In False Dawn Lee Penn has produced a comprehensive and critical history of the United Religions Initiative This book sounds a clear warning Anyone who makes theological truth subservient to utopianism denigrates all religions Douglas LeBlanc Editor GetReligion org
