 - Revelador: Los Espíritus Superiores
 - Codificador: Allan Kardec
- 

Espiritismo El

Miguel Willie Ramos

Espiritismo El:

Sea El Santisimo - A Manual for Misa Espiritual & Mediumship Development Mario Dos Ventos, 2008-03-01 SEA EL SANTISIMO sets out to be an alternative English language primer for the practice of Espiritismo and Mediumship Development While there are many different types of spiritual religions in the modern world today Espiritismo Caribbean Spiritism is a widely known spiritist practice of Caribbean cultures This manual provides detailed information based on the principals that an Espiritista would live by a how to guide on performing Misa Espiritual information on setting up and work a boveda and how to do novenas to the saints and spirits Also included are the celebrations for the Day of the Dead songs for Misa Espiritual and prayers for La Madama El Congo and many Saints **El Libro de los Médiums** Allan Kardec, 1972

El Libro de los Espíritus Allan Kardec, 2008 Es el marco inicial de una doctrina que ha ocasionado profundas repercusiones en el pensamiento y la visión acerca de la vida de una considerable porción de la humanidad Su estructura es compuesta por cuatro partes que contienen 1019 cuestiones formuladas por Allan Kardec el Codificador del Espiritismo Aborda en forma lógica y racional las enseñanzas de los Espíritus desde los aspectos científico filosófico y religioso Independientemente de toda creencia o convicción religiosa la lectura de este libro es de inmenso valor porque trata acerca de Dios la inmortalidad del alma la naturaleza de los Espíritus sus relaciones con los hombres las leyes morales la vida presente la vida futura y el porvenir de la humanidad todos asuntos de interés general y de gran actualidad Sincretismo cubano Raúl Rodríguez Dago, Raúl Rodríguez Dago sacerdote estudioso de los llamados Cultos sincréticos o religiosos populares pone a consideración del Lector sincretismo cubano santeros igos paleros y espiritistas El padre desde su mirada de fe con respeto y prudencia aborda Aristas peculiares y poco conocidas de las mismas **Sandino's Communism** Donald C. Hodges, 2014-02-01 Drawing on previously unknown or unassimilated sources Donald C Hodges here presents an entirely new interpretation of the politics and philosophy of Augusto C Sandino the intellectual progenitor of Nicaragua's Sandinista revolution The first part of the book investigates the political sources of Sandino's thought in the works of Babeuf Buonarroti Blanqui Proudhon Bakunin Most Malatesta Kropotkin Ricardo Flores Magón and Lenin a mixed legacy of pre Marxist and non Marxist authoritarian and libertarian communists The second half of the study scrutinizes the philosophy of nature and history that Sandino made his own Hodges delves deeply into this philosophy as the supreme and final expression of Sandino's communism and traces its sources in the Gnostic and millenarian occult undergrounds This results in a rich study of the ways in which Sandino's revolutionary communism and communist spirituality intersect a spiritual politics that Hodges presents as more realistic than the communism of Karl Marx While accepting the current wisdom that Sandino was a Nicaraguan liberal and social reformer Hodges also makes a persuasive case that Sandino was first and foremost a communist although neither of the Marxist nor anarchist variety He argues that Sandino's eclectic communist spirituality was more of an asset than a liability for understanding the human condition and that his spiritual politics promises to be

more relevant than Marxism Leninism for the twenty first century Indeed Hodges believes that Sandino s holistic communism embraces both deep ecology and feminist spirituality a finding that is sure to generate lively and productive debate *The Oxford Handbook of Caribbean Religions* Michelle A. Gonzalez,Michelle Gonzalez Maldonado,2024 The Oxford Handbook of Caribbean Religions offers a comprehensive overview of Caribbean religions The Caribbean is a microcosm of the world s religions but the small geographic space resulted in the encounter of global religions and indigenous religious practices The racial ethnic and cultural diversity of this region makes brief introductions to Caribbean religions incapable of truly addressing its complex and diverse religious landscape The Handbook also elaborates on the diversity of the religious traditions and the national particularity of the region while also considering multiple geographic settings It mentions how often Caribbean religion is studied through the perspective of a discrete religious tradition or geographic setting **Orí Eledá mí ó ... si mi cabeza no me vende** Miguel Willie Ramos,2011 La Génesis , **Mis quince minutos de fama (Autobiografía de un coleccionista y escritor)** Luis Antonio Rodríguez Vázquez,2011-11-05 Libro acerca de la vida y obra del numismático de Puerto Rico Luis Antonio Rodríguez Vázquez Se incluye sus experiencias en diferentes facetas como la numismática arqueología bibliofilia y otras El autor narra sus experiencias de los viajes realizados a algunas islas del Caribe y datos sobre la historia y cultura de estas También incluye información sobre la historia monetaria de Puerto Rico y su bibliografía completa de 541 artículos publicados en diez periódicos de Puerto Rico Esta es la primera autobiografía publicada por un numismático en Puerto Rico Debido al interés del autor sobre el sincretismo religioso y la antropología hace un recuento de sus experiencias obtenidas del estudio del espiritismo y la santería en Puerto Rico La información de este libro es muy interesante y variada lo cual hace que su lectura sea amena y divertida Modernity of Religiosities and Beliefs Pablo Alberto Baisotti,Ricardo Martínez Esquivel,2021-09-23 *Modernity of Religiosities and Beliefs A New Path in Latin America From the Nineteenth to Twenty First Century* synthesizes new research on various phenomena related to religions and beliefs in Latin America The contributors provide comprehensive analytical interpretations of Latin American spheres of religious ideas and worldviews and show that they are a key element to understanding the history of the region Overall this book gives an account of the whole spectrum of religious phenomena in Latin American societies providing a global interpretation that will contribute to the study of political economic and cultural modernities in Latin America Queer Women in Modern Spanish Literature Ana I. Simón-Alegre,Lou Charnon-Deutsch,2021-11-29 This original collection of essays explores the work and life choices of Spanish women who through their writings and social activism addressed social justice religious dogmatism the educational system gender inequality and tensions in female subjectivity It brings together writers who are not commonly associated with each other but whose voices overlap allowing us to foreground their unconventionality their relationships to each other and their relation to modernity The objective of this volume is to explore how the idea of queerness played an important role in the personal lives and social activism of these writers as well as in the

unconventional and nonconformist characters they created in their work Together the essays demonstrate that the concept of queer women is useful for investigating the evolution of women s writing and sexual identity during the period of Spain s fitful transition to modernity in the nineteenth century The concept of queerness in its many meanings points to the idea of non normativity and gender dissidence that encompasses how women intellectuals experienced friendship religion sex sexuality and gender The works examined include autobiography poetry memoir salon chronicles short and long fiction pedagogical essays newspaper articles theater and letters In addition to exploring the significant presence of queer women in nineteenth and twentieth century Spanish literature and culture the essays examine the reasons why the voices of Spanish women authors have been culturally silenced One thrust in this collection explores generational transitions of Spanish writers from the romantics and their hermandad l rica lyrical sisterhood through to las Sinsombrero Women Without Hats and finally current Spanish writers linked to the LGBTQ community **El laberinto de la solidaridad**, 2016-08-09 Indice
