The Collected Works of J. Krishnamurti Jiddu Krishnamurti, 1991 In these talks given in Ojai and India, Krishnamurti discusses the nature of the observer. He states in the beginning to understand the confusion and misery that exist in ourselves and in the world we must first find clarity within ourselves and this clarity comes about through right thinking. Right thinking comes with self-knowledge. Without understanding yourself you have no basis for thought without self-knowledge; what you think is not true.
