ThirdWay ,1989-06 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture *Oliver O'Donovan's Moral Theology* Samuel Tranter,2020-10-01 This book offers the first sustained full length treatment of the wide ranging work of major Anglican theologian Oliver O Donovan Analyzing such key texts as Resurrection and Moral Order The Desire of the Nations and Ethics as Theology Samuel Tranter shows that the relationship between eschatology and ethics is an area of significant tension in O Donovan s evolving vision of moral theology Tranter traces this tension as it relates to O Donovan s writing and contemporary discussion around natural law divine command and human flourishing as well as to particular topics such as poverty marriage and singleness and biotechnology He also connects it with the broader doctrinal features of O Donovan s project such as his accounts of creation sin and redemption and his understanding of the relationships between the cross and the resurrection on one hand and Christology and pneumatology on the other Throughout Tranter indicates the implications of these themes for our understanding of the Christian life This volume establishes and evaluates O Donovan s influence on contemporary Christian ethicists and political theologians such as Luke Bretherton Gilbert Meilaender Jean Porter and Brent Waters and engages with critical readings of O Donovan such as those by Stanley Hauerwas and Gerald McKenny In conversation with these and other voices from a range of perspectives Tranter shows how O Donovan s proposals may be appropriated and amended as a resource for theology and ethics going forward The Oxford Handbook of Christianity and Economics Paul Oslington,2014-01-31 Many important contemporary debates cross economics and religion in turn raising questions about the relationship between the two fields This book edited by a leader in the new interdisciplinary field of economics and religion and with contributions by experts on different aspects of the relationship between economics and Christianity maps the current state of scholarship and points to new directions for the field It covers the history of the relationship between economics and Christianity economic thinking in the main Christian traditions and the role of religion in economic development as well as new work on the economics of religious behavior and religious markets and topics of debate between economists and theologians It is essential reading for economists concerned with the foundations of their discipline historians moral philosophers theologians seeking to engage with economics and public policy researchers and practitioners *ThirdWay* ,1989-02 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture The Good Work of Non-Christians, Empowerment, and the New Creation Stuart C. Weir,2016-04-25 Have you ever considered the ultimate

purposes and consequences of good work performed by non Christians Have you ever theologically considered the work of non Christians at all Is it possible that God would ever give credence to let alone honor the work of non Christians in an ultimate sense Are you frustrated by theologies of work that are entirely protological in orientation How do we make sense of biblical excerpts that talk of work being judged towards a particular outcome The Good Work of Non Christians Empowerment and the New Creation attempts to answer these questions in a manner that also challenges evangelical assumptions about the ultimate outcomes of working life Drawing strength from eschatologically minded theologies by Miroslav Volf and Darrell Cosden Weir seeks to replace protology with eschatology in a theology of work about non Christians The British evangelical tradition is specifically taken up here so as to make critical assessments of certain airtight theologies regarding human action with reference to the new creation This book attempts to create a heuristic against unhelpful hermeneutical tendencies that inform evangelical theologies This is a work that is not only theological it is biblically historically and ethically rigorous **ThirdWay** ,1989-04 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture ThirdWay ,1989-05 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture *ThirdWay* ,1989-09 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture **ThirdWay** ,1989-03 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture

Rethinking Peter Singer Gordon R. Preece,2002-01-01 Who is Peter Singer What does he say about issues like abortion infanticide euthanasia and animal rights What does he say about Christianity What exactly is his philosophy Peter Singer is probably the world s most famous or infamous contemporary philosopher says Gordon Preece Recently appointed as professor of bioethics at Princeton University s Center for Human Values Singer is best known for his book on animal rights Animal Liberation and for his philosophical text Practical Ethics But underneath his seemingly benign agenda lies perhaps the most radical challenge to Christian ethics proposed in recent times In Rethinking Peter Singer four of Singer s contemporaries fellow Australian scholars Gordon Preece Graham Cole Lindsay Wilson and Andrew Sloane grapple with Singer s views respectfully but incisively From a straightforwardly Christian perspective they critique Singer s thought in four major areas abortion and infanticide euthanasia animal rights and Christianity Rethinking Peter Singer is not only for those who want to understand Singer s views but also for all who want to challenge the thinking that more and more informs our society s stance on moral issues *A Trinitarian Theology of Law* David H. McIlroy,2009-07-01 This book explores the neglected significance of the doctrine of the Trinity for the understanding of human law Through interaction with the thought of J rgen Moltmann Oliver O Donovan and Thomas Aquinas it argues that human law is called to play a positive but limited role in maintaining shallow justice and relative peace Human law is overshadowed by the work of the Son included in the purposes of the Father and used as an instrument by the Holy Spirit However the Spirit works in those who are in Christ to

effect deep justice a work of sanctification which culminates in glorification the experience of perfect free willing obedience in heaven Thinking about law in the light of the Trinity enables us to understand its role its purposes and its limits

Theology and Economic Ethics Sean Doherty, 2014-03-27 In the wake of the economic crisis few questions are more pressing than those around the ethics of finance and economics Theology and Economic Ethics seeks to expand the self critical resources of contemporary theological economic ethics by bringing the method of a pre modern thinker Martin Luther 1483 1546 into interaction with that of a modern contribution to social ethics the Swiss theologian Arthur Rich 1910 92 The work is undertaken through a close engagement with a selected publication of Luther his 1519 20 Gro er Sermon von dem Wucher and of Rich his masterwork Wirtschaftsethik published in two volumes in 1984 and 1990 respectively It is the first substantial treatment in English of Rich s magnum opus Sean Doherty introduces Luther s sermon on usury situates it in its context then provides a commentary on this work discussing how Luther brings key theological motifs to bear on a particular economic question The study proceeds with a sketch of Arthur Rich s life and work and presents Rich s method as set out in Wirtschaftsethik Doherty illuminates Rich s understanding of ethics his approach to Scripture and his adoption of the thought of Max Weber and John Rawls Bringing insights from the study of Luther to bear in an analysis of Rich s method Doherty questions some of Rich s assumptions and notes ways in which a more self critical approach could have made his project more successful Finally the book makes tentative suggestions as to the wider applicability of these findings for a Christian approach to economic ethics

Jesus Christ, Hermeneutics, and Scripture Hans Burger, 2024-04-18

Soteriology not epistemology is the best entrance to theological hermeneutics and to the doctrine of Scripture The triune God uses Scripture to make the community of believers live in Christ We hear the words of Scripture in the light of Easter and Pentecost We understand Scripture from faith in Christ and with the mind of Christ At the same time we come to know Christ in Scripture and we receive the mind of Christ by reading Scripture We remain in Christ by remaining in the Word Understanding Scripture and Christlikeness mutually reinforce each other Living a Christian life with God and our neighbor in God s world will deepen our understanding of Scripture This book explores the complex relationships between Jesus Christ participation in Christ theological hermeneutics and the doctrine of Scripture It shows the necessity of a holistic approach of life knowledge understanding and renewal
