Therapeutic Jurisprudence

DAVID B. WEXLER
BRUCE J. WINICK

"What mental health law creates are new ideas, and *Essays in Therapeutic Jurisprudence* is brimming with them. With an extraordinary blend of legal sophistication, clinical sensitivity, and empirical support, two of the most creative scholars in the field have produced a work that can genuinely be called exciting. This book could breathe life into policy, practice, and research in mental health law."

John Monahan
Henry and Grace Dobson Professor of Law,
Professor of Psychology and Legal Medicine,
University of Virginia

"*Therapeutic jurisprudence* is a tonic for what ails mental health law. In essays, Wexler and Winick offer an elegant analysis of the problem. . . . [This book] will set the agenda for the next generation of reform in the civil and criminal systems that deal with the mentally ill."

Paul S. Appelbaum
A.F. Zelenitsky Professor of Psychiatry,
Director, Law and Psychiatry Program,
University of Massachusetts

"In these excellent essays on mental health law, which cover theoretical and practical issues, Wexler and Winick provide rare scholarly penetration, insight and good sense. Their prescription for the law is both provocative and visionary."

Stephen J. Morse
Ferdinand Wakeman Hubbell Professor,
University of Pennsylvania Law School,
Professor of Psychology and Law in Psychiatry,
University of Pennsylvania School of Medicine

"This is a very important book. Two creative legal scholars are composing mental health law in a new key. These essays will leave an enduring mark on the field."

Richard J. Bonnie
John S. Butler Professor of Law
and Director, Institute of Law,
Psychiatry and Public Policy,
University of Virginia

"Wexler and Winick provide us with a provocative and compelling volume that should be carefully read by all persons concerned with law and mental health issues."

Bruce Sales
Professor of Psychology,
Sociology and Law,
University of Arizona

"... a close kin to legal realism ... a kind of social-psychology of the law emerging as therapeutic jurisprudence ... I will [assign] *Essays* ... and feel very comfortable that my students will be the better for it."

Fred Cohen
Professor of Law and Criminal Justice,
School of Criminal Justice,
State University of New York, at Albany

tackling the underlying causes of crime in a particular neighbourhood and working with local people to redesign the experience of justice and enhance the notion of community A Community Justice Centre houses a court which works with an interdisciplinary team to address the causes of criminality such as drug addiction cognitive impairment mental illness poverty abuse and intergenerational trauma The community thus becomes a key agent of change partnering with the Centre to tackle local issues and improve safety and community cohesion This book based on research into this innovative justice model examines case studies from around the world the challenges presented by the model and the potential for bringing its learnings into the mainstream This book will appeal to academics in law and criminology as well as psychology it will also be of considerable interest to people working in the criminal justice system including the police government policy advisers psychologists and social workers

Applying Psychology to Criminal Justice David Carson, Rebecca Milne, Francis Pakes, Karen Shalev, Andrea Shawyer, 2007-08-20 Few things should go together better than psychology and law and few things are getting together less successfully Edited by four psychologists and a lawyer and drawing on contributions from Europe the USA and Australia *Applying Psychology to Criminal Justice* argues that psychology should be applied more widely within the criminal justice system Contributors develop the case for successfully applying psychology to justice by providing a rich range of applicable examples for development now and in the future Readers are encouraged to challenge the limited ambition and imagination of psychology and law by examining how insights in areas such as offender cognition and decision making under pressure might inform future investigation and analysis

The Cambridge Handbook of Forensic Psychology Jennifer M. Brown, Elizabeth A. Campbell, 2010-04-29 Forensic psychology has developed and extended from an original narrow focus on presenting evidence to the courts to a wider application across the whole span of civil and criminal justice which includes dealing with suspects offenders victims witnesses defendants litigants and justice professionals This Handbook provides an encyclopedic style source regarding the major concerns in forensic psychology It is an invaluable reference text for practitioners within community special hospital secure unit prison probation and law enforcement forensic settings as well as being appropriate for trainees and students in these areas It will also serve as a companion text for lawyers and psychiatric and law enforcement professionals who wish to be apprised of forensic psychology coverage Each entry provides a succinct outline of the topic describes current thinking identifies relevant consensual or contested aspects and alternative positions Readers are presented with key issues and directed towards specialized sources for further reference

Problem-Solving Courts and the Criminal Justice System David DeMatteo, Kirk Heilbrun, Alice Thornewill, Shelby Arnold, 2019-08-30 Problem solving courts provide judicially supervised treatment for behavioral health needs commonly found among criminal offenders including substance abuse and mental health disorders and they treat a variety of offender populations These courts employ a team based approach consisting of a judge defense attorney prosecutor and treatment providers representing a significant paradigm shift in how the justice system treats offenders with special

needs Despite the proliferation of problem solving courts there remains some uncertainty about how they function how effective they are and the most promising ways to implement problem solving justice Problem Solving Courts and the Criminal Justice System provides a comprehensive foundation of knowledge related to problem solving courts and the role they play in the United States criminal justice system The book begins with an overview that explores precipitating factors in these courts development relevant political influence and their history purposes benefits and drawbacks followed by a detailed discussion of specific types of problem solving courts including drug courts mental health courts and veterans courts among many others Next a review of the legal and ethical considerations of alternative methods to standard prosecution is complemented by an examination of the methodological challenges faced by researchers when attempting to study the effectiveness of problem solving courts The book concludes with a discussion of future directions in terms of research practice and policy relating to these courts in the United States Problem Solving Courts and the Criminal Justice System is appropriate for professionals researchers and students in the fields of mental health criminal justice and law

Caring for Families in Court Barbara A. Babb, Judith D. Moran, 2019-01-15 In many US courts and internationally family law cases constitute almost half of the trial caseload These matters include child abuse and neglect and juvenile delinquency as well as divorce custody paternity and other traditional family law issues In this book the authors argue that reforms to the family justice system are necessary to enable it to assist families and children effectively The authors propose an approach that envisions the family court as a care center by blending existing theories surrounding court

reform in family law with an ethic of care and narrative practice Building on conceptual procedural and structural reforms of the past several decades the authors define the concept of a unified family court created along interdisciplinary lines a paradigm that is particularly well suited to inform the work of family courts These prior reforms have contributed to enhancing the family justice system as courts now can shape comprehensive outcomes designed to improve the lives of families and children by taking into account both their legal and non legal needs In doing so courts can utilize each family s story as a foundation to fashion a resolution of their unique issues In the book the authors aim to strengthen a court s problem solving capabilities by discussing how incorporating an ethic of care and appreciating the family narrative can add to the court s effectiveness in responding to families and children Creating the court as a care center the authors conclude should lie at the heart of how a family justice system operates The authors are well known figures in the area and have been involved in family court reform on both a US national and an international scale for many years **Encyclopedia of**

Community Corrections Shannon M. Barton-Bellessa,2012-04-17 In response to recognition in the late 1960s and early 1970s that traditional incarceration was not working alternatives to standard prison settings were sought and developed One of those alternatives community based corrections had been conceived in the 1950s as a system that might prove more progressive humane and effective particularly with people who had committed less serious criminal offenses and for whom incarceration with constant exposure to serious offenders and career criminals might prove more damaging than rehabilitative The alternative of community corrections has evolved to become a substantial part of the criminal justice and correctional system spurred in recent years not so much by a progressive humane philosophy as by dramatically increasing prison populations court orders to fix overextended prison settings and an economic search for cost savings Although community correction programs have been in place for some 40 years now to date no comprehensive reference resource has tackled this topic Accessible and jargon free and available in both print and electronic formats the one volume Encyclopedia of Community Corrections will explore all aspects of community corrections from its philosophical foundation to its current inception Features Benefits 150 signed entries each with Cross References and Further Readings are organized in A to Z fashion to give students easy access to the full range of topics in community corrections A thematic Reader s Guide in the front matter groups entries by broad topical or thematic areas to make it easy for users to find related entries at a glance In the electronic version the Reader s Guide combines with a detailed Index and the Cross References to provide users with convenient search and browse capacities A Chronology in the back matter helps students put individual events into broader historical context A Glossary provides students with concise definitions to key terms in the field A Resource Guide to classic books journals and web sites along with the Further Readings accompanying each entry guides students to further resources in their research journeys An Appendix offers statistics from the Bureau of Justice *Healthcare Decision-Making and the Law* Mary Donnelly,2010-11-18 This analysis of the law s approach to healthcare decision making critiques its liberal

foundations in respect of three categories of people adults with capacity adults without capacity and adults who are subject to mental health legislation Focusing primarily on the law in England and Wales the analysis also draws on the law in the United States legal positions in Australia Canada Ireland New Zealand and Scotland and on the human rights protections provided by the ECHR and the Convention on the Rights of Persons with Disabilities Having identified the limitations of a legal view of autonomy as primarily a principle of non interference Mary Donnelly questions the effectiveness of capacity as a gatekeeper for the right of autonomy and advocates both an increased role for human rights in developing the conceptual basis for the law and the grounding of future legal developments in a close empirical interrogation of the law in practice

Gadamer and Law FrancisJ.Mootz Iii,2017-07-05 Hans Georg Gadamer s philosophical hermeneutics is especially relevant for law which is grounded in the interpretation of authoritative texts from the past to resolve present day disputes In this collection leading scholars consider the importance of Gadamer s philosophy for ongoing disputes in legal theory The work of prominent philosophers including Fred Dallmayr P Christopher Smith and David Hoy is joined with the work of leading legal theorists such as William Eskridge Lawrence Solum and Dennis Patterson to provide an overview of the connections between law and Gadamer s hermeneutical philosophy Part I considers the relevance of Gadamer s philosophy to longstanding disputes in legal theory such as the debate over originalism the rule of law and proper modes of statutory and constitutional exegesis Part II demonstrates Gadamer s significance for legal theory by comparing his approach to the work of Nietzsche Habermas and Dworkin

Resolving Family Conflicts Jane Murphy,2017-03-02 Over the past two decades virtually all areas of family law have undergone major doctrinal and theoretical changes from the definition of marriage to the financial and parenting consequences of divorce to the legal construction of parenthood An equally important set of changes has transformed the resolution of family disputes This paradigm shift in family conflict resolution has reshaped the practice of family law and has fundamentally altered the way in which disputing families interact with the legal system Moreover the changes have important implications for the way that family law is understood and taught This volume examines the contours of this paradigm shift in family conflict resolution and explores its implications for family law scholarship and practice The interdisciplinary compilation includes contributions from lawyers legal academics social scientists and mental health professionals As the articles in the volume demonstrate the transformation in family conflict resolution holds considerable promise for disputing families but it also raises a number of challenges These challenges include concerns about the institutional competence of courts the surrender of fact finding and decision making to individuals without legal training the loss of autonomy and privacy for family members subject to continuing court oversight and the disjunction between problem solving justice and authoritative legal norms By exploring both the promise of the new paradigm and its potential pitfalls this volume engages family law scholars and offers insights to judges practitioners and policy makers responsible for serving families in conflict

Competency to be Tried, Imprisoned, and

Executed Jane Moriarty, 2013-12-19 Whether the accused is competent to stand trial whether the plaintiff is competent to accuse or whether a witness is competent to testify has had a long legal history Such questions draw legal reasoning into areas of ethical reflection and scientific debate deeply rooted in the moral history of the United States Mental competence has come to play a central and controversial role in proving guilt and in evaluating the severity of a crime and its corresponding punishment This compendium brings together the major legal precedents and legal commentaries that have defined the role of mental illness in criminal trials throughout U S history The reprint collection considers among other issues the evolution of the Supreme Court s position on the insanity defense and mental retardation how these affect one s competency to stand trial or be executed and how these affect culpability and punishment Each volume begins with an introductory essay and includes both cases and commentary Scholars as well as students will find these volumes a useful research tool

Psychology and Law in a Changing World Lara Bagnoli, Giovanni B. Traverso, 2013-01-11 Criminal psychology and its relationship to the practice of law has become a topic of major significance over the last three decades Psychologists play a key role in modern criminal investigation and are central to crime reduction measures such as offender profiling delinquency prevention and tackling fear of crime Contributors from North America Europe and Australia examine this link both adding to and drawing upon the pool of recent theory construction and empirical work in the following areas causes and prevention of offending studies of crime and offenders the victim s perspective witnesses and testimony studies of legal processes These issues are studied from a local perspective that recognises not only the need for cross national comparative research but also the generation of a corpus of scientific knowledge more representative of the complexity of criminal and legal investigation today
