

WRITING THE TRAVEL ESSAY

by Dinty W. Moore

"Travel and change of place impart new vigor to the mind." —Seneca

One of the finest and most-satisfying adventures of my life so far was the time I canoed through whitewater rapids down the lower canyons of the Rio Grande River, just east of Big Bend National Park in southern Texas. Each day of that trip brought new sights and new adventures—as might be expected of such a grand landscape and precarious mode of travel—and it was in my attempt to put this river journey into words that I discovered what every other travel writer has probably discovered as well:

- Travel writing is easy, because travel has a natural story arc. We enter the canyon, we are surrounded by high canyon walls for days and days, facing fresh obstacles with each passing mile, and eventually we come out the other side. Think how many novels, short stories, and memoirs mimic that very structure. Have you heard of Homer's epic poem *The Odyssey*, for instance? Even if you are not on an "adventure" trip, you still have a natural beginning in your arrival, a natural middle with your stay, and a natural ending around your departure. Time and again, the journey structure seems to work.
- Travel writing is very, very hard. As writers, we usually come to understand our topics and our feelings toward them over the course of years, not days. We understand the culture we live in by growing up within that culture. We understand family love and family woes by being members of a family for decades. We write about our spiritual journeys after years of searching and seeking. By definition, however, a travel writer is often just passing through. The result is that a travel writer runs the risk of noticing only the slick, shallow surface of things, not the truth that lies beneath.

Essays Of Travel The Art Of Writing:

The Art of Travel Philip Dodds, 2013-08-21 First published in 1982 *The Art of Travel* is the first collection of critical essays to be devoted to British travel writing. It attempts to give a sense of the wealth of such writing, to map some of its forms and conventions, and implicitly to claim a place for travel writing in any revised definition of literature. For this collection, travel includes sea voyages, European tours, commissioned enquiries into social conditions, and urban writing. Travel writing ranges from works such as *Sea and Sardinia* by D H Lawrence, whose status as a novelist guarantees his travel books some attention through the essays, and books of Victorian middle class travellers, into working class London, to the work of V S Naipaul, a contemporary writer who has increasingly preferred the travel book to the novel. We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. 2. In books where there are images such as portraits, maps, sketches, etc., we have endeavoured to keep the quality of these images so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy. *The Art of Travel*, 1982 **Essays in the Art of Writing** Robert Louis Stevenson, 2022-09-04 In *Essays in the Art of Writing*, Robert Louis Stevenson delves into the intricacies of literary creation, exploring themes from the technical aspects of writing to the philosophical musings on the artistic process. Stevenson's prose, as always, is both engaging and enlightening, weaving together practical advice with personal reflections. Set against the broader literary context of the late 19th century, these essays offer a window into the mind of one of the period's literary masters, reflecting the Victorian fascination with the mechanics and the morality of the written word. His essays serve not only as a testament to his own craft but also as a guide for writers and thinkers who grapple with the perennial challenges of the artistic endeavor. Robert Louis Stevenson, best known for such classics as *Treasure Island* and *The Strange Case of Dr Jekyll and Mr Hyde*, was a prolific writer whose works spanned a variety of genres. *Essays in the Art of Writing* collects Stevenson's reflections on the techniques and trials of the craft, deeply informed by his own experiences as a writer. In penning these essays, Stevenson likely drew upon both the personal challenges he faced with his health, which often confined him to periods of rest, and his ceaseless pursuit of literary excellence. It is in these meditative moments that Stevenson's insights into the methodology and purpose of writing crystallize into the enduring essays that compose this collection. The collection *Essays in the Art of Writing* is recommended for readers interested in gaining a deeper understanding of literary craft from the perspective of an expert practitioner. Stevenson's essays not only offer valuable lessons for aspiring writers but also provide a nuanced exploration of the philosophical foundation of the art form. For those who appreciate the classics and

Thus I Lived with Words Annette R. Federico, 2017-11-15 Robert Louis Stevenson 1850-1894 loved more than anything to talk about the craft of writing and the pleasure of reading good books His dedication to the creative impulse manifests itself in the extraordinary amount of work he produced in virtually every literary genre fiction poetry travel writing and essays in a short and peripatetic life His letters especially confess his elation at the richness of words and the companionship of books often projected against ill health and the shadow of his own mortality Stevenson belonged to a newly commercial literary world an era of mass readership marketing and celebrity He had plenty of practical advice for writers who wanted to enter the profession study the best authors aim for simplicity strike a keynote work on your style He also held that a writer should adhere to the truth and utter only what seems sincere to his or her heart and experience of the world Writers have messages to deliver whether the work is a tale of Highland adventure a collection of children's verse or an essay on umbrellas Stevenson believed that an author could do no better than to find the appetite for joy the secret place of delight that is the hidden nucleus of most people's lives His remarks on how to write on style and method and on pleasure and moral purpose contain everything in literature and life that he cared most about adventuring persisting finding out who you are and learning to embrace the romance of destiny *Writings on Writing* Thomas H. Brennan, 2024-10-18 From medieval to contemporary classic authors to journalists the writers quoted in this reference work bring to life the triumphs the musings the frustrations the insights of the craft of writing The more than 1,200 quotations are arranged under broad categories such as autobiography and biography books journalism poets and poetry words writers and language Each entry gives the author source and date Sources include essays journals diaries letters interviews and in a few instances fictional works **The Book Buyer**, 1905 **Essays of Our Day** Bertha Evans Ward, 1929 **Book Buyer**, 1905 *The Saturday Review of Politics, Literature, Science, Art, and Finance*, 1911 *Lamp ...*, 1905 **A List of the Books in the Library of Hotel Statler, St. Louis** Hotel Statler (St. Louis, Mo.). Library, 1919 *The Cambridge Companion to Travel Writing* Peter Hulme, Tim Youngs, 2002-11-21 Table of contents *Philosophy and the Art of Writing* Richard Shusterman, 2022-05-10 Philosophy and literature enjoy a close complex relationship Elucidating the connections between these two fields this book examines the ways philosophy deploys literary means to advance its practice particularly as a way of life that extends beyond literary forms and words into physical deeds nonlinguistic expression and subjective moods and feelings Exploring thinkers from Socrates and Confucius to Foucault and Simone de Beauvoir Richard Shusterman probes the question of what roles literature could play in a vision of philosophy as something essentially lived rather than merely written To develop this vision of philosophy that incorporates literature but seeks to go beyond the verbal to realize the embodied fullness of life and

capture its inexpressible dimensions Shusterman gives particular attention to authors who straddle the literature philosophical divide from Augustine and Montaigne through Wordsworth and Kierkegaard to T S Eliot Georges Bataille Maurice Blanchot and Bertrand Russell The book concludes with a chapter on the Chinese art of writing with its mixture of poetry calligraphy and painting Philosophy and the Art of Writing should interest students and researchers in literary theory and philosophy It also opens the practice of philosophy to people who are not professionals in the writing of philosophy or literary theory
