The Rhetoric of Vision Charles Adolph Huttar, Peter J. Schakel, 1996 About half the

essays consider Williams's fiction. They explore the theological roots of his theory of imagery, the rhetorical implications of his belief that language is inherently meaningful, his methods of creating subjective correlatives for heightened states of consciousness, and in individual works of fiction his revisionary use of time travel and ghost story conventions, his rhetorical application of Blakean contraries, aspects of his diction and syntax, and his call to pursue integrity of speech as an ideal.

Charles Williams and C. S. Lewis Paul S. Fiddes, 2021 This study of the literary relationship

between Charles Williams and C. S. Lewis during the years 1936-1945 focuses on the theme of co-inherence at the centre of their friendship. The idea of co-inherence has long been recognized as an important contribution of Williams to theology and had significant influence on the thought of Lewis. This account of the two writers' conviction that human persons inhere or dwell both in each other and in the triune God reveals many inter-relationships between their writings that would otherwise be missed. It also shows up profound differences between their world-views and a gradual though incomplete convergence onto common ground. Exploring the idea of co-inherence throws light on the fictional worlds they created as well as on their treatment, whether together or separately, of a wide range of theological and literary subjects: the Arthurian tradition, the poetry of William Blake and Thomas Traherne, the theology of Karl Barth, the nature of human and divine love, and the doctrine of the Trinity. This study draws for the first time on transcriptions of Williams' lectures from 1932 to 1939, tracing more clearly the development and use of the idea of co-inherence in his thought than has been possible before. Finally, an account of the use of the word co-inherence in English-speaking theology suggests that the differences that existed between Lewis and Williams, especially on the place of analogy and participation in human experience of God, might be resolved by a theology of co-inherence in the Trinity.

Charles Williams Grevel Lindop, 2015-10-29 This is the first full biography of Charles Williams 1886-1945, an extraordinary and controversial figure who was a central member of the Inklings, the group of Oxford writers that included C. S. Lewis and J. R. R. Tolkien. Charles Williams, novelist, poet, theologian, magician, and guru, was the strangest, most multi-talented and most controversial member of the group. He was a pioneering fantasy writer who still has a cult following. C. S. Lewis thought his poems on King Arthur and the Holy Grail were among the best poetry of the twentieth century for the soaring and gorgeous novelty of their technique and their profound wisdom. But Williams was full of

contradictions An influential theologian Williams was also deeply involved in the occult experimenting extensively with magic practising erotically tinged rituals and acquiring a following of devoted disciples Membership of the Inklings whom he joined at the outbreak of the Second World War was only the final phase in a remarkable career From a poor background in working class London Charles Williams rose to become an influential publisher a successful dramatist and an innovative literary critic His friends and admirers included T S Eliot W H Auden Dylan Thomas and the young Philip Larkin A charismatic personality he held left wing political views and believed that the Christian churches had dangerously undervalued sexuality To redress the balance he developed a Romantic Theology aiming at an approach to God through sexual love He became the most admired lecturer in wartime Oxford influencing a generation of young writers before dying suddenly at the height of his powers This biography draws on a wealth of documents letters and private papers many never before opened to researchers and on more than twenty interviews with people who knew Williams It vividly recreates the bizarre and dramatic life of this strange uneasy genius of whom Eliot wrote For him there was no frontier between the material and the spiritual world *Charles Williams and his Contemporaries* Richard Sturch, 2009-10-02 Charles Williams 1886 1945 poet novelist critic biographer lay theologian and Inkling exercised a great influence both as a personality and through his writings on English letters in his own day and now after a period of relative neglect interest in him has grown once more This international symposium a product of this revival is presented as a contribution to the serious study of Williams and his work Its contents reflect not only the extraordinarily wide range of his writing but also the many contacts he made both personally and through his work at the Oxford University Press Contributors look at his literary background and context describe the part he played in introducing Kierkegaard to the English speaking public discuss his theology of love and compare his work with that of friends disciples and associates Two papers concentrate specifically on one of his remarkable novels *The Place of the Lion* Between them they give a glimpse or a series of glimpses of an unusual man and a fascinating writer whose influence and importance are being recognized more and more Charles Williams Charles Williams, 1991 In this edition the author collects together twenty four of William s earlier poems on Arthurian themes

Steve Park,2017-03-14 Clives Staples Lewis 1898 1963 called his theological writings as that of a layman and an amateur who merely attempted to restate ancient and orthodox doctrines However S Steve Park argues that Lewis s theological reflections are well informed thoughtful and weighty For instance Lewis s notion of mere Christianity consistently shows his commitment to supernaturalism vs naturalism and eucatastrophic salvationism vs ethical developmentalism in sharp contrast to many prevailing theologians of his time In this book the author expounded Lewis s theological writings rather comprehensively and organized the results according to Lewis s signature literary motif of the journey towards home in four stages Away from Home Homeward Turning Home Away from Home and The Final Home Under these headings Lewis s major theological and literary themes find illuminating treatments with rich contents and penetrating analyses In so doing the author presents to the readers probably for the first time a systematic theology of C S Lewis It turns out that Lewis more than just a storyteller was a significant participant in the world of theological reflections demonstrating himself to be a rather formidable theological mind to be reckoned with *Arthurian Literature V* Richard Barber,1985-11 Published by Boydell Brewer Inc
