Essays On Biblical Law:

Essays on biblical law Anthony Phillips, 2004 **Essays on Biblical Law** Anthony Phillips, 2002-12-15 These studies by an academic who is also a former practising lawyer seek to establish the principles of biblical law as represented in the Sinai traditions Specific topics covered include adultery family law slavery animals and wealth respect for life and the general biblical moral tradition are also discussed The collection also deals with wider issues of prophecy and law the relationship of torah and mishpat especially in relation to Second Isaiah and laws in the book of Ruth and includes a discussion of the place of biblical law in contemporary society Reconciliation, Law, & Righteousness Peter Stuhlmacher, 1986 *The ^AOxford Handbook of Biblical Law* Pamela Barmash, 2019-10-10 The Oxford Handbook of Biblical Law provides a state of the art analysis of the major questions principles and texts pertinent to biblical law The thirty three chapters written by an international team of experts deal with the concepts significant texts institutions and procedures of biblical law the intersection of law with religion socio economic circumstances and politics and the reinterpretation of biblical law in the emerging Jewish and Christian communities The volume is intended to introduce non specialists to the field as well as to stimulate new thinking among scholars working in biblical law **Inventing God's Law** David P. Wright, 2009-09-03 Most scholars believe that the numerous similarities between the Covenant Code Exodus 20 23 23 19 and Mesopotamian law collections especially the Laws of Hammurabi which date to around 1750 BCE are due to oral tradition that extended from the second to the first millennium This book offers a fundamentally new understanding of the Covenant Code arguing that it depends directly and primarily upon the Laws of Hammurabi and that the use of this source text occurred during the Neo Assyrian period sometime between 740 640 BCE when Mesopotamia exerted strong and continuous political and cultural influence over the kingdoms of Israel and Judah and a time when the Laws of Hammurabi were actively copied in Mesopotamia as a literary canonical text The study offers significant new evidence demonstrating that a model of literary dependence is the only viable explanation for the work It further examines the compositional logic used in transforming the source text to produce the Covenant Code thus providing a commentary to the biblical composition from the new theoretical perspective This analysis shows that the Covenant Code is primarily a creative academic work rather than a repository of laws practiced by Israelites or Judeans over the course of their history The Covenant Code too is an ideological work which transformed a paradigmatic and prestigious legal text of Israel s and Judah s imperial overlords into a statement symbolically countering foreign hegemony The study goes further to study the relationship of the Covenant Code to the narrative of the book of Exodus and explores how this may relate to the development of the Pentateuch as a whole **Essays in Jewish and comparative legal history** Bernard S. Jackson, 2023-08-21 **The Law in Holy Scripture** Charles A. Gieschen, 2004 These symposium papers delivered at the 16th Annual Symposium on Exegetical Theology at Concordia Theological Seminary Fort Wayne Indiana address some of the serious questions that exist within the church and biblical scholarship on the matter of

the Law Biblical scholars with expertise in the Old Testament Jesus and the Gospels and the Pauline Epistles offer a wide and representative portrait of the Law in Holy Scripture A concluding essay evaluates and synthesizes the common issues raised by the essays to present a biblical theology of the Law for the church as it faithfully faces the challenges of the 21st century

The Understanding of Adultery in the Hebrew Bible Alexander Izuchukwu Abasili,2016-06-09 Adultery though not an umbrella concept for all the sexual prohibitions in the Hebrew Bible enjoys a certain pride of place Remarkably it is the one sexual prohibition attested in all biblical genres which makes it very representative in the Hebrew Bible It is the only Hebrew biblical sexual prohibition explicitly mentioned in the Decalogue A solid understanding of Hebrew biblical adultery therefore is an important step towards grasping the vital role of human sexuality in the Hebrew Bible both in terms of inter human relationships and the relationship between the human and the divine Without prejudice to the contents of the Hebrew biblical lexicons and theological dictionaries this work aims at providing a comprehensive understanding of adultery in the Hebrew Bible its meaning punishments and the implications thereof Among others it corrects some wrong assumptions about the concept of adultery in the Hebrew Bible and provides a balanced and unbiased Hebrew biblical conception of adultery and the implications thereof for todays couples Everyday Law in Biblical Israel Raymond Westbrook,Bruce Wells,2009-01-01 Introduction Sources Litigation Status and family Crimes and delicts Property and inheritance Contracts Conclusion

Hate and Enmity in Biblical Law Klaus-Peter Adam,2022-05-19 Enmity between individuals was an ubiquitous phenomenon in the ancient world Using the method of legal anthropology this book examines patterns of hate driven feuding in kinship based and segmentary societies and applies these insights to biblical law It defines the fundamental categories of enmity love revenge honor and shame in the context of feuding and it illustrates certain legal actions such giving false witness and shows how they are expressions of hateful relationships Adam proposes that we should understand hate between individuals as a legal construct that becomes visible when lived out as private enmity a social status that exhibits distinct hallmarks In kinship based societies private hate enmity was publicly declared and consequently was publicly known in one s

own kin and beyond Private enmity was acted out in feud like patterns with a flexibility that allowed opponents to choose between various measures to hurt their opponent Acting out hate was reciprocal and it typically escalated and swiftly expanded into one party's attempt to kill the other and to trigger a blood feud Finally private enmity was transitive in the sense that opponents at enmity naturally expected solidarity from kin and friends Adam uses textual analysis to illustrate how the legal construct of hate informs biblical law from the Covenant Code to Deuteronomic and Priestly Legislation including the Holiness Code He also demonstrates how hate forms the backdrop of conflict settlement Ultimately by ways of tracing back through the category of private hate and enmity this book unpacks the meaning of the quintessential command to Love your neighbor

Synopse des lois du Pentateuque Guy Lasserre, 2014-09-03 *Synopse des lois du Pentateuque* contains synopses in Hebrew of the different laws of the Pentateuch arranged thematically The main collections and lists are followed in succession and in their entirety The main part of the work consists of the synopses The laws figure in them according to the collections and lists to which they belong Secondary parallels indicate allusions to or quotations from the Old Testament The introduction gives the methodological principles of the work and explains how to use it Tables enable the student to visualise all the parallels quickly Notes explain the choices that have been made In order to study the laws it is essential to compare them This book facilitates research into the pentateuchal collections and lists as it does into special prescriptions rites or institutes

Continuity and Discontinuity (Essays in Honor of S. Lewis Johnson, Jr.) John S. Feinberg, 1988-05-01 Evangelicals agree that the Bible is God's inerrant word But we sometimes differ on how to relate the messages of the Old and New Testaments Without a basic understanding of this crucial matter it is difficult to know how to use the Testaments to formulate either doctrine or practice For example Was Israel the OT Church are OT promises to God's national people fulfilled in the church today Or is Mosaic Law binding on believers now are twentieth century Christians to obey the Ten Commandments including sabbath observance In this book thirteen noted evangelical theologians discuss fairly but clearly the continuity discontinuity debate in regard to six basic categories theological systems hermeneutics salvation the Law of God the people of God and kingdom promises Covering much more than the differences between Covenant Theology and Dispensationalism this work of distinguished evangelical scholarship will fuel much profitable study and discussion
