Essays On Christianity And Political Philosophy

Justin D. Garrison

Essays On Christianity And Political Philosophy:

Essays on christianity and political philosophy, 1984 **Piety and Humanity** Douglas Kries, 1997 The nature of the relationship between early modern political philosophy and revealed religion has been much debated The contributors to *Piety and Humanity* argue that this relationship is one of dissonance rather than concord They claim that the early modern political philosophers found revealed religion especially Christianity to be a threat to the modern political project and that these philosophers therefore attempted to transform revealed religion so that it would be less of a threat and possibly even an aid Each essay is devoted to a particular work by a single political philosopher the thinkers and works discussed include Machiavelli's *Exhortation to Penitence* Francis Bacon's *New Atlantis* Spinoza's *Theologico Political Treatise* and Locke's *Reasonableness of Christianity* Each essay is followed by a brief selected bibliography This book will be of great importance to philosophers political theorists and scholars of religion and early modern European history **Essays on Christianity and Political Philosophy** George W. Carey, James V. Schall, 1984-09-24 This collection of eight essays by leading scholars addresses the various aspects of the intricate and manifold relationship between Christianity and the political thought and movements of our time Co published with the Intercollegiate Studies Institute *The Mind That Is Catholic* James V. Schall, 2008 James V Schall is a treasure of the Catholic intellectual tradition A prolific author and essayist Schall readily connects with his readers on sundry topics from war to friendship philosophy politics and to ordinary everyday living In his newest work *The Mind That Is Catholic* he presents a retrospective collection of his academic and literary essays written in the past fifty years In each essay he exemplifies the Catholic mind at its best seeing the whole leaving nothing out The Catholic mind seeks to recognize a consistent and coherent relation between the solid things of reason and the definite facts of revelation Its thought aims to understand how they belong together in a fruitful manner each profiting from the other each being what it is The Catholic mind is not a confusion of disparate sources It respects and makes distinctions It sees where things separate It is in fact delighted by what is This delightful book is not polemical but contemplative in mood Schall shares with readers a mind that is constantly struck by how things fit together when seen in full light He brings to his work a lifetime of study in political philosophy a wide ranging discipline that in many ways is the most immediate context in which reason and revelation meet *The Mind That Is Catholic* respects what can be known by faith alone But it also considers what is known by faith to be itself intelligible to a mind actively thinking on political and philosophical things The whole at the risk of its own contradiction does not exclude the intelligibility of what is revealed Father James V Schall is one of the few renaissance men still among us His knowledge of various areas of reality and human endeavor is encyclopedic Dealing with important abstract ideas he is able to put flesh on them so that the ordinary reader can grasp easily what he is getting at Schall is the apostle of truth and reality since he is always reminding the reader to consult that which is Kenneth Baker S J Editor *Homiletic Pastoral Review* James V Schall is professor of political philosophy at Georgetown University He is the

author of hundreds of essays on political theological literary and philosophical issues and numerous books including Schall on Chesterton Timely Essays on Timeless Paradoxes At the Limits of Political Philosophy From Brilliant Errors to Things of Uncommon Importance On the Unseriousness of Human Affairs and Another Sort of Learning PRAISE FOR THE BOOK In each essay he exemplifies the Catholic mind at its best seeing the whole leaving nothing out He brings to his work a lifetime of study in political philosophy a wide ranging discipline that in many ways is the most immediate context in which reason and revelation meet National Jesuit News While sudoku might keep your mind limber and fit Fr James V Schall s The Mind That Is Catholic Philosophical and Political Essays will challenge you to a higher level Fr Schall covers a myriad of timely topics In a world of instant messaging and immediate gratification The Mind That Is Catholic calls us to a greater understanding of what matters most Elizabeth Yank Lay Witness The Mind That Is Catholic is a learned insightful and stimulating collection Schall does a fine job of showing how faith and reason when working together deepen and illuminate our understanding of reality not least political reality The Mind That Is Catholic will be of interest to scholars graduate and undergraduate students and to the intellectually adventurous general reader William Gould America For decades Fr Schall has enlightened and entertained readers as one of America s most prolific Catholic authors Now an octogenarian

Christian Politics; an essay on the text [of "The Principles of Political Philosophy"] of Paley, etc Henry Christmas,1855 Leo Strauss and the Problem of Political Philosophy Michael P. Zuckert,Catherine H. Zuckert,2014-06-30 This critical study of the influential political theorist dispels popular myths and reveals the inner logic of his varied and notoriously complex writings Political theorist Leo Strauss was unexpectedly thrust into the media spotlight for his alleged influence on neoconservative politics With The Truth about Leo Strauss Michael and Catherine Zuckert challenged the many claims and speculations about this complex thinker Now with Leo Strauss and the Problem of Political Philosophy they offer a more comprehensive interpretation of Strauss s thought using the many manifestations of the problem of political philosophy as their touchstone Strauss they argue sought to restore political philosophy to its original Socratic form This is demonstrated through his critique of positivism and historicism two intellectual currents that undermined his Socratic project The authors also explore Strauss s interpretation of both ancient and modern political philosophers including Plato Aristotle Machiavelli and Locke Finally they examine Strauss s thought in the context of the twentieth century when his chief interlocutors were Schmitt Husserl Heidegger and Nietzsche Leo Strauss and the Problem of Political Philosophy is the most in depth treatment of this often misunderstood thinker examining his ideas across his long career It reveals Strauss s overall intellectual project to decode how ancient and modern theory attempted to solve the problem of political philosophy And it shows why Strauss considered the ancient solution both philosophically and politically superior *Civil Religion in Modern Political Philosophy* Steven Frankel,Martin D. Yaffe,2020-07-15 Inspired by Machiavelli modern philosophers held that the tension between the goals of biblical piety and the goals of political life needed to be resolved in favor of the political and

they attempted to recast and delimit traditional Christian teaching to serve and stabilize political life accordingly This volume examines the arguments of those thinkers who worked to remake Christianity into a civil religion in the early modern and modern periods Beginning with Machiavelli and continuing through to Alexis de Tocqueville the essays in this collection explain in detail the ways in which these philosophers used religious and secular writing to build a civil religion in the West Early chapters examine topics such as Machiavelli's comparisons of Christianity with Roman religion Francis Bacon's cherry picking of Christian doctrines in the service of scientific innovation and Spinoza's attempt to replace long held superstitions with newer progressive ones Other essays probe the scripture based anti Christian argument that religion must be subordinate to politics espoused by Jean Jacques Rousseau and David Hume both of whom championed reason over divine authority Crucially the book also includes a study of civil religion in America with chapters on John Locke Montesquieu and the American Founders illuminating the relationships among religious and civil history acts and authority The last chapter is an examination of Tocqueville's account of civil religion and the American regime Detailed thought provoking and based on the careful study of original texts this survey of religion and politics in the West will appeal to scholars in the history of political philosophy political theory and American political thought

Essays on Christianity and Political Philosophy George Wescott Carey, James V. Schall, 1984

An Empire of Ideals Justin D. Garrison, 2013-03-05 Justin D Garrison provides an original and groundbreaking analysis of Ronald Reagan's imagination as it was expressed mainly in his presidential speeches He argues that the predominant strain of Reagan's imagination is chimeric that is imbued with a high degree of optimism romantic dreaminess naiveté and illusion Reagan spoke often about religion democracy freedom conservatism progress America's role in the world the American people the American Founding and peace These are for him important symbols which together express his general vision of politics and human existence These symbols have to be analyzed in depth in order to understand who Reagan really was and what he represented to his admirers The book concludes that Reagan's vision contains many dubious elements that present dangers for practical politics and claims that the popularity of Reagan's imagination among Americans suggests a problematic self understanding Surpassing existing works on Reagan's ideas and speeches this book systematically explains the general quality and major components of Reagan's vision and it draws upon political theory aesthetics and American political thought to analyze his imagination

The Political Crisis and Christian Ethics Ronald H. Stone, 2023-09-26 The Political Crisis and Christian Ethics addresses themes in political philosophy in the context of a crisis in democracy after the denial of the 2020 election by the Republican candidate for president The refusal to accept the results of the election divided the electorate and drove the president's followers to fail in their attempted coup attempt in January of 2020 Democracy is defended in Reinhold Niebuhr's writing on politics and in Barack Obama's use of the theologian's thought It is developed further in the political theory of Paul Tillich The themes of just peacemaking are reviewed in Paul Tillich's critique of John Foster Dulles work and in the author's critique of just peacemaking in the work of

Glen Stassen Domestically the issues of race inequality ecology and healthcare are addressed from the perspective of prophetic realism The book concludes in terms of Alfred North Whitehead s philosophy of education and religion and a vision of the good president In summary The Political Crisis and Christian Ethics is a volume of American Christian political theory in a period of overcoming the trauma of 2016 with Christian ethics and political philosophy *Christianity, Politics, and the Predicament of Evil* Bradley B. Burroughs, 2019-06-04 Christianity Politics and the Predicament of Evil overcomes a defining divide in contemporary Protestant political ethics created by two contrasting conceptions of politics The first exemplified in the work of Reinhold Niebuhr construes politics as a matter of statecraft that utilizes the power of government to secure the greatest possible order and justice for society as a whole The second most prominently articulated by Stanley Hauerwas maintains that politics concerns itself with the cultivation of virtue consequently it finds not the well ordered state but the church to be the exemplar of politics Not only illuminating the divide between politics as statecraft and politics as soulcraft but also redeveloping the conceptual space between them this book reconceives politics within a theological framework in which the eschatological City of God rather than the well ordered state or the faithful church functions as the paradigm of political life At the same time it simultaneously recognizes that the existence of evil which corrupts individual wills and social structures inhibits human beings from building the City of God in this world Analyzing criticizing and drawing resources from Niebuhr and Hauerwas as well as looking beyond to Augustine Martin Luther King Jr and others this book specifies the respective roles of soulcraft and statecraft in a political ethic capable of guiding Christians as they witness to God s eschatological intention to establish the City of God in a world currently mired in the predicament of evil **The Political Science Review** , 1987 The Oxford Handbook of Reinhold Niebuhr Robin Lovin, Joshua Mauldin, 2021 This authoritative Handbook features 38 chapters placing Reinhold Niebuhr 1892 1971 in his historical context to offer readers an appreciation of his insights and how he was received by his contemporaries **Locke: Political Essays** John Locke, 1997 We know more about the development of John Locke s ideas than we do about almost any other philosopher s before modern times This book brings together a comprehensive collection of the writings on politics and society that stand outside the canonical works which Locke published during his lifetime In the aftermath of the Revolution of 1688 the three works by which he is chiefly known appeared the Two Treatises of Government An Essay Concerning Human Understanding and A Letter Concerning Toleration and the themes raised in these works had been reflected upon over many years Mark Goldie s edition makes possible the fullest exploration of the evolution of Locke s ideas concerning the philosophical foundations of morality and sociability the boundary of church and state the shaping of constitutions and the conduct of government and public policy **Readings in Political Philosophy** Francis William Coker, 1914 Selections from Plato Aristotle Polybius St Thomas Aquinas Dante Marsiglio Machiavelli Calvin the Vindiciae contra tyrannos Bodin Hooker Grotius Milton Hobbes Harrington Locke Montesquieu Rousseau Paine and Bentham **The Political Problem of Religious Pluralism** Thaddeus J.

Kozinski,2012-07-10 In contemporary political philosophy there is much debate over how to maintain a public order in pluralistic democracies in which citizens hold radically different religious views The Political Problem of Religious Pluralism deals with this theoretically and practically difficult issue by examining three of the most influential figures of religious pluralism theory John Rawls Jacques Maritain and Alasdair MacIntyre Drawing on a diverse number of sources Kozinski addresses the flaws in each philosopher s views and shows that the only philosophically defensible end of any overlapping consensus political order must be the eradication of the ideological pluralism that makes it necessary In other words a pluralistic society should have as its primary political aim to create the political conditions for the communal discovery and political establishment of that unifying tradition within which political justice can most effectively be obtained Kozinski s analysis though exhaustive and rigorous still remains accessible and engaging even for a reader unversed in the works of Rawls Maritain and MacIntyre Interdisciplinary and multi thematic in nature it will appeal to anyone interested in the intersection of religion politics and culture *Essays in Paradox* John Hutton Balfour Browne,1901 **Reaig in political**

philosophy Francis William Coker,1914 **The Culture of the Incarnation: Essays in Catholic Theology** Tracey Rowland,2017-08-01 In this collection of essays distinguished Australian theologian Tracey Rowland takes up the relationship of Christ and culture broadly understood She contrasts the principles undergirding what St John Paul II called a culture of death with those required for the flourishing of a humanism that flows from the grace of the Incarnation Rowland returns frequently to the theological insights of Joseph Ratzinger Pope Benedict XVI to whose thought she is deeply indebted Drawing upon the Augustinian and Thomist traditions of political theology she offers a trenchant theological critique of liberalism in all its forms with attention to our modern attraction to false utopias and accommodationist impulses The nine essays in this volume engage such perennial topics as the place of natural law the theological status of the world and the nature of true humanism along with timely topics such as the retrieval of the sources of Catholic resistance to Communism and what is now commonly called cultural Marxism Rowland s inimitable voice keen wit and penetrating insight into the distinctiveness of Catholic truth make this book a landmark volume as the Church today revisits anew its relationship to the world **Leo Strauss and His Legacy** John Albert Murley,2005-01-01 With over 10 000 entries identifying work of hundreds of Strauss s students and their students students this bibliography is the most indeed the only comprehensive guide to published writing in the tradition of Leo Strauss Murley includes Strauss s own complete bibliography and that of one of his most revered students George Anastaplo

Yeah, reviewing a book **Essays On Christianity And Political Philosophy** could amass your close friends listings. This is just one of the solutions for you to be successful. As understood, completion does not recommend that you have fantastic points.

Comprehending as capably as treaty even more than new will offer each success. bordering to, the message as skillfully as keenness of this Essays On Christianity And Political Philosophy can be taken as without difficulty as picked to act.
