Official Reports of the Supreme Court United States. Supreme Court,1979 **Amsterdam's People of the Book** Benjamin E. Fisher,2020-03-30 The Spanish and Portuguese Jews of seventeenth century Amsterdam cultivated a remarkable culture centered on the Bible School children studied the Bible systematically while rabbinic literature was pushed to levels reached by few students adults met in confraternities to study Scripture and families listened to Scripture based sermons in synagogue and to help pass the long cold winter nights of northwest Europe The community s rabbis produced creative and often unprecedented scholarship on the Jewish Bible as well as the New Testament Amsterdam s People of the Book shows that this unique Bible centered culture resulted from the confluence of the Jewish community s Catholic and converso past with the Protestant world in which they came to live Studying Amsterdam s Jews offers an early window into the prioritization of the Bible over rabbinic literature a trend that continues through modernity in western Europe It allows us to see how Amsterdam s rabbis experimented with new historical methods for understanding the Bible and how they grappled with doubts about the authority and truth of the Bible that were growing in the world around them Amsterdam s People of the Book allows us to appreciate how Benedict Spinoza s ideas were in fact shaped by the approaches to reading the Bible in the community where he was born raised and educated After all as Spinoza himself remarked before becoming Amsterdam s most famous heretic and one of Europe s leading philosophers and biblical critics he was steeped in the common beliefs about the Bible from childhood on **Be the Architect of Your Inclusive Classroom** Celia Oyler,Erika Hughes

A Conflicted View of Telehomecare After a 20 Year Journey Anthony P. Glascock,2012

Telehomecare systems have been in existence in one form or another for at least a decade At the outset the concept seemed to promise both a solution to controlling rising healthcare costs and a means of delivering the improved care which would enable the elderly to stay in their own homes for longer but although it received enthusiastic support from governments and care professionals as well as the commercial sector adoption within a given community has not yet been achieved and overall success has been limited at best This book addresses the question of why despite the investment of so much time money and effort telehomecare is
