Funk and Wagnalls New Encyclopedia ,1978 The Burroughs Cyclopædia Clark A. Brady,2024-10-14 Edgar Rice

Burroughs was not satisfied with creating characters and events within the world that we know instead he created whole new worlds for histories and he filled them with peoples languages cities wars plants machines and monsters that were believable to the reader yet still alien and fantastic enough to thrill and delight From A Kor the keeper of the Towers of Jetan in Manator through Zytheb one of the priests of Brulor in Ashair this is a comprehensive reference to the fantastic worlds of Burroughs Each entry provides a complete definition along with a reference to the book in which the entry appeared For terms the language either actual e g Latin and French or Burroughs created e g The Tongue of the Great Ape or Pal ul don from which it was derived is given **Shaw and Other Matters** Stanley Weintraub,1998 Demonstrating the influence of scholar teacher Stanley Weintraub on his students Shaw and Other Matters reflects the scope of that influence in its concern with a variety of literary figures from Shaw to Joe Orton and of topics such as war memoirs and golem robots The variety is there as well in the approaches to the subjects Rodelle Weintraub s dream analysis of Arms and the Man Julie Sparks s comparison of Shaw with Bellamy Morris and Bulwer Lytton as world betterers Michael Pharand s evaluation of Shaw s changing views of Napoleon Kinley Roby s tracing of Shaw s exchanges of views on playwriting with Arnold Bennett and Kay Li s archetypal exploration of characters in Heartbreak House The Cold War Is Over--again Allen Lynch,2019-06-26 In this book Allen Lynch challenges the common wisdom that the revolutionary events in Eastern Europe in 1989 and in the Soviet Union in 1991 marked the end of the cold war Instead he argues that the cold war was actually resolved by the early 1970s as evidenced by the tacit acceptance of a divided Germany and Europe More recent events thus overthrew not the cold war but the post cold war order in East West and U S Soviet relations And often to their surprise and consternation leaders of the governments involved must now face formidable new forces created by German unity and nationalism in Eastern Europe and the former Soviet Union which were contained efficiently if at times brutally by the post cold war order In its three sections the book reviews historical contemporary and future oriented themes respectively Lynch begins by exploring the deeper logic of the cold war and how it was resolved by the 1970s He then presents an overview of recent Soviet domestic and foreign policy processes as they affect East West relations The concluding section considers the future with special emphasis on the implications of a disintegrating USSR for U S foreign policy **Best Reference Books, 1981-1985**
