John Thomas Gillespie, Corinne J. Naden, 1990 **Dinosaur Lake VIII: For Love of Oscar** Kathryn Meyer

Griffith, 2024-02-11 Chief Ranger Henry Shore once fought the lethal infestation of prehistoric dinosaurs in his beloved Crater Lake National Park The first monster which he called Godzilla then the flying nightmares the Gargoyles then the small evil dinosaurs and finally One Eye and its twin With his wife Ann his rangers and his friends he eliminated the blood thirsty beasts not only in his park but over time in many other places From the beginning of the dinosaur wars he was befriended by a small intelligent telepathic dinosaur he affectionately named Oscar Oscar was a benevolent creature who believed humans the sticks as he thought of them were his friends too Oscar saved Henry's life and others many times Truth be told Oscar actually saved the world when sinister aliens unexpectedly arrived and wanted to annihilate mankind because of our murderous warlike tendencies how humanity had never been able to live in peace Oscar telepathically communicated to the aliens in our defense and humanity was given one final chance an ominous warning to learn to live together Live together in peace or die Or the aliens would return and end our species forever Now Oscar and his expanding family need Henry's help They'd been living happily deep in the backwoods of Crater Lake Park hidden from human eyes and malicious human interference when the out of control wildfire flushes them from their safe haven and they end up in Crater Lake Of course they can't remain there They'd be seen discovered Exploited or hunted to extinction because people still feared and loathed dinosaurs because of how many humans they'd slaughtered during their bloody reign But aside from Henry's love of Oscar the Oscars survival is crucial if the aliens ever return so Henry and his paleontologist son in law Justin must lead the horde away from the lake to a new safe home in another isolated section of the park They must protect the Oscars But one infant dinosaur has been left behind and in saving that little dinosaur returning it to Oscar and its family Henry almost pays the ultimate price but Henry would do anything for Oscar After all Oscar would and had many times saved Henry's life he saved the planet as well So Henry and Earth are undeniably and forever indebted to the small dinosaur **Dinosaur Lake**

**II: Dinosaurs Arising** Kathryn Meyer Griffith, Prehistoric creatures have again invaded Crater Lake National Park and this time there's more than one Henry Shore has been Chief Park Ranger at Crater Lake National Park for thirteen years now and thought the days when he'd had to fight a rogue dinosaur that lived in the caves below the lake were long over Until one of his park rangers to save a visitor's life is in a deadly struggle out in the woods with a new breed of dinosaur worse than the last one It's as big as a man but this one is a young one And growing Then more of the creatures begin to show up everywhere threatening people and destroying the tranquility and safety of his beloved park A tourist trolley filled with fifteen people is snatched up off the crater's rim by another version of the younger one but this one has grown into a giant with fangs claws and a deadly tail And this one has wings Ugly Gargoyles Henry calls them For this one isn't alone They're flying beyond the park's boundaries into the neighboring towns So Henry with the help of his son in law a paleontologist

named Justin and a band of brave park rangers and a few good soldiers must not only protect his park and his people from monsters once more but find their lair and destroy it and them before the creatures kill again Dinosaur Crater Lake Klamath Falls thriller suspense horror SF romance paleontologist mystery paleontology dig Kathryn Meyer Griffith Jurassic Park
