Futaba Childrens:

Passages to Modernity Kathleen S. Uno, 1999-04-01 Contemporary Japanese women are often presented as devoted full time wives and mothers At the extreme they are stereotyped as education mothers kyoiku mama completely dedicated to the academic success of their children Children of working mothers are pitied day care users both children and mothers are faintly disparaged for their inadequate home lives hired babysitters are virtually unknown Yet historical evidence reveals a strikingly different picture of Japanese motherhood and childcare at the beginning of the twentieth century In contrast to today child tending by non maternal caregivers was widely accepted at all levels of Japanese society Day care centers flourished and there was virtually no expectation of exclusive maternal care of children even infants The patterns of the formation of modern Japanese attitudes toward motherhood childhood child rearing and home life become visible as this study traces the early twentieth century rise of Japanese day care centers institutions established by middle class philanthropists and reformers to provide for the physical well being and mental and moral development of urban lower class preschool children Day care gained broad support in turn of the century Japan for several reasons For one day care did not clash with widely accepted norms of child care A second factor was the perception of public and private policymakers that day care held the promise of social and national progress through economic and moral betterment of the urban lower classes Finally day care offered working mothers the opportunity to earn a better livelihood with fewer worries about their children In spite of emerging notions that total devotion to child rearing was a woman s highest calling Japanese nationalism a signal force in the genesis of the modern Japanese state economy and middle class culture fed a deep wellspring of support for day care and fostered significant reshaping of motherhood childhood home life and view of the urban lower classes *Passages to Modernity* is an important and original contribution to our understanding of the institutional and ideological reach of the early twentieth century state and the contested emergence of a striking new discourse about woman as domestic caregiver and homemaker **The Japan Magazine** ,1923 *Japan Magazine* ,1921 [Earthquake Children](#) Janet

Borland, 2022-03-07 Japan as recent history has powerfully illustrated is one of the world s most earthquake prone countries Today it is also one of the best prepared to face such seismic risk This was not always the case *Earthquake Children* is the first book to examine the origins of modern Japan s infrastructure of resilience Drawing from a rich collection of previously unexplored sources Janet Borland vividly illustrates that Japan s contemporary culture of disaster preparedness and its people s ability to respond calmly in a time of emergency are the result of learned and practiced behaviors She traces their roots to the 1923 Great Kant Earthquake which killed over 100 000 people when it struck the Tokyo region Beyond providing new perspectives on Japan s seismic past the history of childhood and everyday life in interwar Japan Borland challenges the popular idea that Japanese people owe their resilience to some innate sense of calm under pressure Tokyo s traumatic experiences in 1923 convinced government officials seismologists teachers physicians and architects that Japan must better

prepare for future disasters Earthquake Children documents how children schools and education became the primary tools through which experts sought to build a disaster prepared society and nation that would withstand nature's furies

PlanetInform's GLOBAL Directory for Major Women's, Children's, and Infants' Apparel Wholesalers, **Inclusion and Diversity** Santoshi Halder, Garry Squires, 2023-03-24 This volume presents a comprehensive overview of inclusion and diversity in education across the globe. It examines how more inclusive education systems can be built and covers areas and topics such as disability studies, sexual minorities, and indigenous communities, marginalized communities, among others. The book presents perspectives of experienced and cutting-edge researchers on inclusive practices that facilitate participation, equity, and access from across countries such as India, the USA, Australia, the UK, Canada, South Africa, Japan, Pakistan, Rome, Hungary, Sweden, and others. It discusses how spoken language, race, gender, and religion contribute to inclusion and marginalization. The volume also explores ideas on how schools and educational systems can respond to diversity-related issues and the lessons learned about how to improve capacities for further inclusion. Additionally, it provides a holistic understanding of the classroom practices and interventions adopted to handle the problems of students with diverse needs. The book volume facilitates understanding of the broader spectrum of various diversities existing in our society and also the strategic pathways for their inclusion. This incisive and comprehensive volume will be of interest to students, teachers, and researchers of education, inclusion, and diversity, equity, and access, disability studies, educational psychology, social work, sociology, and anthropology. It will also be useful for teacher training courses and anyone who is associated with or working in the field of diversity and inclusion. **Pacific Exposures** Melissa Miles, Robin Gerster, 2018-12-19 Photography has been a key means by which Australians have sought to define their relationships with Japan. From the fascination with all things Japanese in the late nineteenth century through the era of White Australia, the bitter enmity of the Pacific War, the path to reconciliation in the post-war period, and the culturally complicated bilateralism of today, Australians have used their cameras to express a divided sense of conflict and kinship with a country that has by turns fascinated and infuriated. The remarkable photographs collected and discussed here for the first time shed new light on the history of Australia's engagement with its most important regional partner. *Pacific Exposures* argues that photographs tell an important story of cultural production, response, and reaction, not only about how Australians have pictured Japan over the decades but how they see their own place in the Asia-Pacific. *Pacific Exposures* presents the first study of the photographic exchanges between Australia and Japan, its photographers, personalities, motivations, anxieties, and tensions, based on a diverse range of archival materials, interviews, and well-chosen photographs. Dr. Luke Gartlan, University of St. Andrews, *Pacific Exposures* will become a key text on Australia's interactions with Japan and the way that photographs can inform cross-cultural relations through their production, consumption, and circulation. Prof. Kate Darian-Smith, University of Tasmania *Dragon Palace* Hiromi Kawakami, 2023-09-19 Included in *The New Yorker's* Best Books of 2023. Stories from a Japanese master of transformative fiction where reality, myth,

and human foibles meet shifting dimensions of gender biology and destiny From the bestselling author of *Strange Weather* in Tokyo comes this otherworldly collection of eight stories each a masterpiece of transformation infused with humor sex and the universal search for love and beauty in a world where the laws of time and space and even species boundaries don't apply Meet a shape shifting con man a goddess who uses sex to control her followers an elderly man possessed by a fox spirit a woman who falls in love with her 400 year old ancestor a kitchen god with three faces in a weasel infested apartment block moles who provide underground sanctuary for humans who have lost the will to live a man nurtured through life by his seven extraordinary sisters and a woman who is handed from husband to husband until she is finally able to return to the sea

Civil Affairs Handbook United States. Army Service Forces, 1944 *Down and Out in Late Meiji Japan* James L. Huffman, 2018-04-30 A sweeping work of original scholarship *Down and Out in Late Meiji Japan* examines the daily lives of Japan's hinmin poor people particularly urban slum dwellers in the late 1800s and early 1900s James Huffman draws on newspaper articles official surveys and reminiscences to recreate for readers life as experienced by the poor themselves something not attempted before in scholarship on this era He begins by explaining the causes behind the fast increasing numbers of poor neighborhoods in major cities after the late 1880s and goes on to describe in fascinating detail what those neighborhoods looked like and what their inhabitants did for a living collecting night soil weaving textiles making match boxes and other piecework pulling rickshaws building the structures that made Japan modern and supplying much of the era's entertainment including sex He also explores what hinmin did outside of work what they ate where they did their wash how they stretched their meager budgets by using pawn brokers and how they dealt with illness and other disasters and grappled with the painful necessity of sending children to work rather than to school Huffman argues that despite the tremendous challenge of day to day living hinmin confronted life as energetic agents embracing it as avidly as members of the more affluent classes Reading sources carefully and often against the grain he reveals that many of the poor found meaning in their work took an active and even influential part in their cities politics and nursed ambitions for a better life And nearly all took part in the pleasures and festivities that urban neighborhoods offered Later chapters examine poverty outside the cities and the large scale emigration of indigent farmers to Hawaii's sugar plantations beginning in 1885 In his conclusion Huffman looks at late Meiji hardship in light of twenty first century poverty and the global income disparity that has captured the public's attention in recent years Representations of Children and Success in Asia Shih-Wen Sue Chen, Sin Wen Lau, 2022-09-28 This edited volume explores how success is conceptualized and represented in texts for young people in Asia The essays in this collection examine how success for children relates to education family gender race class community and the nation It answers the following questions How is success for children represented in literature cinema and popular media In what ways are these images grounded in the historical political and cultural contexts in which they are produced and consumed How does childhood agency influence ideas about success in Asia Highlighting the similarities and differences in

how success is defined for children and young adults in Japan South Korea People s Republic of China Singapore Taiwan Indonesia Vietnam and India this volume argues that success is an important keyword in the literary and cultural study of childhood in Asia

The Strange Child Andrea Gevurtz Arai,2016-03-23 The Strange Child examines how the Japanese financial crisis of the 1990s gave rise to the child problem a powerful discourse of social anxiety that refocused concerns about precarious economic futures and shifting ideologies of national identity onto the young Andrea Gevurtz Arai s ethnography details the different forms of social and cultural dislocation that erupted in Japan starting in the late 1990s Arai reveals the effects of shifting educational practices increased privatization of social services recessionary vocabulary of self development and independence and the neoliberalization of patriotism Arai argues that the child problem and the social unease out of which it emerged provided a rationale for reimagining governance in education liberalizing the job market and a new role for psychology in the overturning of national cultural ideologies The Strange Child uncovers the state of

nationalism in contemporary Japan the politics of distraction around the child and the altered life conditions of and alternatives created by the recessionary generation Japanese Women Working Janet Hunter,2003-10-04 Japanese Women Working provides a wide range of perspectives on the study of working women in Japan over the last century Contributors address issues of state policy towards and management of women workers and also provide accounts of the experiences of particular groups of workers domestic servants hospital care assistants textile workers miners homeworkers and professional housewives The book highlights many of the issues and decisions that have faced working women in Japan and calls into question the accuracy of the prevailing domestic stereotype of Japanese women Essays included span a period rapid economic change and look at Japan as an industrializing country indicating the importance of the overall economic environment as well as taking into account cultural factors in determining women s position in the labour market Bringing together contributions by historians economists anthropologists and management specialists from Europe Japan and the United States the book underlines the importance of a multidisciplinary approach to the study of women working It is a major addition to the existing English language literature on Japanese Women and will make life easier for non specialists to inform themselves about a critical area of Japanese social and economic development **Early Childhood Education in Three Cultures** Liyan HUO,Susan B. NEUMAN,Atsushi NANAKIDA,2014-12-01 This book written by an international team of experienced researchers investigates unique and dynamic approaches to key issues in policy transformation curriculum reforms and teacher training in three cultures China Japan and the United States in a globalized world By examining their respective policy choices and evidence based practices the authors show how best to provide for young children based on their needs and interests and the three countries strategies for doing so This book provides the latest information on the rapid developments already underway and further changes to be expected in these diverse cultures What You Are Looking For Is in the Library Michiko Aoyama,2023-09-05 For fans of Before the Coffee Gets Cold a charming internationally bestselling Japanese novel about how the perfect book recommendation can change a readers life What are you looking for So asks Tokyo s most enigmatic librarian For Sayuri Komachi is able to sense exactly what each visitor to her library is searching for and provide just the book recommendation to help them find it A restless retail assistant looks to gain new skills a mother tries to overcome demotion at work after maternity leave a conscientious accountant yearns to open an antique store a recently retired salaryman searches for newfound purpose In Komachi s unique book recommendations they will find just what they need to achieve their dreams What You Are Looking For Is in the Library is about the magic of libraries and the discovery of connection This inspirational tale shows how by listening to our hearts seizing opportunity and reaching out we too can fulfill our lifelong dreams Which book will you recommend **Day Care and Family Life in Industrializing Japan, 1868-1926** Kathleen Sue Uno,1987 Fragile Kinships Kathryn E. Goldfarb,2025-01-15 In Fragile Kinships Kathryn E Goldfarb shows how child welfare systems do not always generate well being This is true across the

world as it is in Japan Policymakers caregivers and people with experience in state care endeavor to imagine and implement child welfare systems that are genuinely supportive Yet despite these efforts social welfare systems too often produce people who are alone By centering relationality in theorizing social forms of care *Fragile Kinships* offers key insights into embodied and socioemotional well being Goldfarb analyzes both the feelings and effects of lacking kin and the transformative energy people invest in creating new forms of kinship and relatedness *Fragile Kinships* demonstrates why welfare systems must support relational well being In her contributions to anthropological theories of kinship embodiment and the field of Japanese studies Goldfarb also speaks to academics practitioners and policymakers in Japan and globally with ethnographically grounded perspectives suggesting ways that child welfare systems might truly achieve wellbeing
