*Catholic Hermeneutics Today* Benedict Thomas Viviano, 2014-11-11 Biblical hermeneutics the art of interpreting Scripture is a controversial subject in the best of times Lately the debates have been quite intense in the Roman Catholic Church The debates deal with issues such as the role of the historical critical method in relation to devotional use and practice the dangers of relativism the right relation between tradition and Scripture the presence of women even in texts where their presence is not immediately obvious the possibility of women magi and the trend of theological aesthetics Can there still be prophets The Bible and world religions the Bible and a theology of history the Bible and the administration of justice trends in biblical studies in the United States France and Germany before during and after the world wars are other topics treated here

**Sex and the Single Savior** Dale B. Martin, 2006-01-01 Probing into numerous questions about gender and sexuality Dale Martin delves into the biblical texts anew and unearths surprising findings Avoiding preconceptions about ancient sexuality he explores the ethics of desire and marriage and pays careful attention to the original meanings of words especially those used as evidence of Paul s opposition to homosexuality For example after a remarkably faithful reading of the scriptural texts Martin concludes that our contemporary obsession with marriage and the whole search for the right sexual relationships is antithetical to the message of the gospel In all of these essays however Martin argues for engaging Scripture in a way that goes beyond the standard historical critical questions and the assumptions of textual agency in order to find a faith that has no foundations other than Jesus Christ "In the Beginning . . ." Eduardo J. Echeverria, 2011-01-01 One of the most significant contributions of Pope John Paul II to the church and arguably to the culture was his development of a theology of the body This theology explores the rich meaning and vocation of human embodiment of the body person in light of the fundamental truths of creation fall into sin and redemption in Jesus Christ In this book Eduardo J Echeverria inquires into the biblical theological and philosophical foundations of the Pope s theology of the body In a wide ranging discussion of a Catholic theology of revelation biblical hermeneutics and a biblical perspective on the Christ centered dynamics of the moral life Echeverria clearly establishes the fundamental principles needed for a full understanding of John Paul II s thought He probes the philosophical foundations of the Pope s thought in the context of a Catholic theology of nature sin and grace The book concludes with an analysis of the normative implications of the Pope s theology for sexual ethics and provides a novel and provocative application of the theology of the body to the morality of

homosexuality Echeverria's study of John Paul II's theology of the body helps us to make sense of how the pope's theology deepens our understanding of the Catholic teaching that the human body shares in the dignity of the image of God Catechism of the Catholic Church no 364

*Narrative, Piety and Polemic in Medieval Spain* Alun Williams, 2024-03-21 This book presents an original perspective on the variety and intensity of biblical narrative and rhetoric in the evolution of history writing in Le n Castile during the twelfth and thirteenth centuries It focuses on six Hispano Latin chronicles two of which make unusually overt and emphatic use of biblical texts Of particular importance is the part played by the influence of exegesis that became integral to scriptural and liturgical influence both in and beyond monastic institutions Alun Williams provides close analysis of the text and comparisons with biblical typology to demonstrate how these historians from the north of Iberia were variously dependent on a growing corpus of patristic and early medieval interpretation to understand and define their world and their sense of place

*Narrative Piety and Polemic in Medieval Spain* sees Williams examine this material as part of a comparative exploration of language and religious allusion showing how the authors used these biblical liturgical elements to convey historical context purpose and interpretation

**The Gospel of John** Francis Moloney,2005-06-01 Recognized as an innovative interpreter of the Gospel of John for decades Francis J Moloney has approached the sacred literature in a way that attends both to the details of the text and to the several contexts that gave life to the original story This text and context approach continues to enrich the reading and interpretation of the Gospel in today s world Gospel of John Text and Context gathers Francis Moloney s key studies on John s Gospel written over the course of his career The three sections of the work comprise studies of Johannine history theology and research exegetical studies ranging across all parts of the Johannine narrative and an exploration of how the Fourth Gospel came to be understood as sacred Scripture The Church's Book Brad East,2022-04-26 What role do varied understandings of the church play in the doctrine and interpretation of Scripture In The Church s Book Brad East explores recent accounts of the Bible and its exegesis in modern theology and traces the differences made by divergent and sometimes opposed theological accounts of the church Surveying first the work of Karl Barth then that of John Webster Robert Jenson and John Howard Yoder following an excursus on interpreting Yoder s work in light of his abuse East delineates the distinct understandings of Scripture embedded in the different traditions that these notable scholars represent In doing so he offers new insight into the current impasse between Christians in their understandings of Scripture one determined far less by hermeneutical approaches than by ecclesiological disagreements East s study is especially significant amid the current prominence of the theological interpretation of Scripture which broadly assumes that the Bible ought to be read in a way that foregrounds confessional convictions and interests As East discusses in the introduction to his book that approach to Scripture cannot be separated from questions of ecclesiology in other words how we interpret the Bible theologically is dependent upon the context in which we interpret it The Oxford Handbook of Early Christian Biblical Interpretation Paul M. Blowers,Peter William Martens,2019 The Bible was the lifeblood of virtually every aspect of the life of the early churches This Handbook explores a wide array of themes related to the reception canonization interpretation uses and legacies of the Bible in early Christianity *A Poetic Christ* Olivier-Thomas Venard,2019-02-21 Olivier Thomas Venard s Thomas d Aquin po te th ologien trilogy an in depth analysis of the scripture of St Thomas Aquinas is translated for a new audience in this streamlined anthology Featuring selections from all three books in the trilogy chosen in accordance with Venard s direction and discernment it introduces not only arguments pertinent to the theme of this volume but an invitation

*Rhetoric and Theology* William M. Wright, 2009 This monograph on John 9 makes extensive use of premodern Christian exegesis as a resource for New Testament studies The study reframes the existing critique of the two level reading of John 9 as allegory in terms of premodern exegetical practices It offers a hermeneutical critique of the two level reading strategy as a kind of figural exegesis rather than historical reconstruction through an extensive comparison with Augustine s interpretation of John 9 A review of several premodern Christian readings of John 9 suggests an alternative way of understanding this account in terms of Greco Roman rhetoric John 9 resembles the rhetorical argumentation associated with chreia elaboration and the complete argument to display Jesus identity as the Light of the World This analysis illustrates the inseparability of form and content rhetoric and theology in the Fourth Gospel
