Transitions-Earth, Death, the Afterlife Marianne Maynard, PhD,Marianne Maynard,2007-05 Humanity is well on its way in embracing the path of enlightenment We have rejected the doomsday prophecies for earth and have taken back our power to create a more loving world We have the choice to change what has not worked and to create a new reality on earth There is no predestination only our agreement to experience what we have manifested In the year 2012 we are told that humanity has the potential of shifting to higher dimensions of thought and to participate in the global ascension of the human race The questions are What can we expect during this time of planetary changes How can we create a heaven on earth Is it possible to expand our consciousness to higher dimensions and plans such as inter dimensional communication with those in afterlife beyond death These and many more questions are addressed in this book which focus on the next step in the human ascension and evolutionary cycle

Divinely Touched: Transform Your Life Dr. Dave DiSano,Mary DiSano,2011-08-29 Divinely Touched is a story of personal transformation It chronicles Marys spiritual awakening how she was divinely saved led and transformed From the depths of depression from battles with physical ailments for which the medical profession had no explanations from being led into worlds she never knew existed she survived being taken to the underworld She was guided and healed by light workers shamans and avatars from this world and the spirit dimension and led on a journey of personal physical mental and spiritual healing Marys experience like that of a caterpillar when transformed into a beautiful butterfly is one that will inspire enlighten and transform your life as well Dr Dave uses science research and knowledge of the ages to explain what Mary experienced and open worlds to the reader that they may never have imagined Divinely Touched Transform Your Life can in fact do just that With painstaking detail Mary describes her descent into darkness and her triumphant return Like Margaret Starbird in The

Goddess in the Gospels who also has a spiritual awakening that took her into the realms of psychosis Mary describes a similar personal descent into darkness before bursting forth into spiritual awareness Inside you will find a compelling story that may help you or someone you love Maureen St Germain author of Beyond the Flower of Life Finding the Rhythms of Health and Happiness Divinely Touched is a wonderful book that documents an impassioned and heartfelt account of the pitfalls and triumphs of personal awakening Dr Michael Sharp author of The Great Awakening The Book of Light The Book of Love The Dossier of Ascension

Frontiers of Knowledge: Scientific and Spiritual Sources for a New Era Douglas Kinney, 2014-06-06 Frontiers of Knowledge is the story of unfolding developments that are revolutionizing our understanding of ourselves and our place in the universe We are birthing a new era in which our ideas about the nature and source of reality are swiftly changing Insights from quantum physics suggest that the basis of our physical world is actually mental conscious thoughts Other discoveries are causing us to redefine our concepts of mind and the elusive thing we call consciousness All strongly hint that spirituality is the underlying source of everything Frontier scientists and scientifically trained researchers are providing us with a rich and expanding base of knowledge through systematic investigations of startling phenomena that have been observed in quantum physics cosmology biology psychology disease and healing death near death experiences reincarnation experiences and those occurring in spiritual hypnosis on the nature of the spiritual realm New concepts of reality are especially needed to explain the incredibly finetuned characteristics and the mysterious nature of our physical universe Ninety five percent of the universe's energy and mass are a mystery to scientists and for the moment we resort to naming them dark matter and dark energy The last time a comparable knowledge revolution occurred was in the late sixteenth century when astronomers determined that the planets revolved around the sun not the earth Historians call it the Copernican Revolution because it led to modern Western science From one perspective the new era predicted in this book a revolution in its own right can be considered the completion of the quantum revolution by defining and explaining the role of consciousness in our universe An underlying aspect of this new revolution is the sense that humanity is moving into a new era of rapidly expanding knowledge of the human spirit our soul aspect and non physical realities Until now this emerging knowledge has not been organized into a coherent and comprehensive structure Frontiers of Knowledge provides the first outline of this new structure of reality
