**The Catholicism of literature in the age of the Book of Common Prayer** Thomas Rist, 2025-03-11 Offering a complete reading of English Literature throughout 1558-1689 this book demonstrates the continuity of Roman Catholicism in English Literature from the accession of Elizabeth I to the deposing of James II. Rist shows that poetry and plays promoted Roman Catholic ideas in a Biblicist age which established the Church of England through the Book of Common Prayer. From the very idea of literary works to chapters on the Eucharist, Purgatory, Christian worship and the Virgin Mary, Rist joins together major and minor authors of the era to present English Literature afresh. Important literary figures include William Shakespeare, Ben Jonson, Thomas Middleton, Queen Henrietta Maria, John Donne, John Dryden, Robert Herrick, Margaret Cavendish and Aphra Behn. *Choice*, 2008. *The Afterlife of Shakespeare's Sonnets* Jane Kingsley-Smith, 2019-08-29 An original account of the reception and influence of Shakespeare's Sonnets in his own time and in later literary history.

**Picturing Religious Experience** Daniel W. Doerksen, 2011-11-16 Little has been said about the relationship of Herbert's writings to those of John Calvin yet the latter were abundant and influential in Herbert's Church of England. Accordingly, *Picturing Religious Experience* studies Herbert's poetry in relation to those writings particularly regarding spiritual conflicts which the poet himself said would be found depicted in his book of poems. Much more than is generally realized, Calvin wrote about the experience of living the Christian life also. Herbert's subject in many of his poems. Altogether this study maintains that Herbert owes to his religious orientation not just themes or details but an impulse to observe and depict the inner life and scriptural patterns which significantly contribute to the substance and literary excellence of *The Temple*. **The Oxford Handbook of Early Modern English Literature and Religion** Andrew Hiscock, Helen Wilcox, 2017 This handbook scrutinises the links between English literature and religion specifically in the early modern period; the interactions between the two fields are explored through an examination of the literary impact the British church had on published work in the sixteenth and seventeenth centuries. **Glory, Laud and Honour** Graham Parry, 2008 Graham Parry offers an accessible survey of the achievements of Laudian culture so much of which was destroyed in the Civil Wars, taking into account every area and medium which it influenced. **The Retrospective Review (1820-1828) and the Revival of Seventeenth Century Poetry** Jane Campbell, 2006-01-01 This essay had its beginning in an investigation of changing attitudes to seventeenth-century Pre-Restoration poetry during the English Romantic period. In the course of that research, Jane Campbell discovered that a relatively little-known periodical, the *Retrospective Review*, which was published in London from 1820 to 1828, appeared to have played an interesting part in the rehabilitation of the poets of the earlier period. This book then is an attempt to outline the history of this review, to place it against its literary background and to assess its role in the critical re-evaluation of the poets of the earlier seventeenth century, an age to which the *Retrospective's* contributors and their contemporaries looked with fascination as well as with an affectionate feeling of kinship.
