Meilinger, 2001 This part of the book reviews the state of American airpower biography and autobiography I have set certain parameters to define the boundaries of my discussion I discuss biographies and autobiographies anthologies and oral histories of military officers who served in senior positions Thus although the stories of great aviators like Eddie Rickenbacker Charles Lindbergh and Chuck Yeager are important those men did not command large forces either in combat or in peace they had only a temporary effect on the development of strategy and doctrine Similarly excluded are civilian political leaders and industrialists like Stuart Symington and Donald Douglas even though they played key roles In their own spheres What follows are the stories some published some not of America's greatest military airmen some told by themselves others by biographers The order of presentation is roughly chronological according to the time during which these men served The fact that a surprising number of air luminaries do not appear here means that much work remains to be done **History of the Office of the Secretary of Defense** Alfred Goldberg, Steven L. Rearden, 1984

Boyne,2025-06-25 Walter J Boyne s The Two O Clock War is a spellbinding chronicle of the international chess game that was played out in October 1973 It is a story of diplomacy and military might that accounts for many of the dilemmas faced in the present day Middle East It s usually called the Yom Kippur War Or sometimes the October War The players that surround it are familiar Sadat and Mubarak Meir and Sharon Nixon and Kissinger Brezhnev and Dobyrnin It was a war that brought Arab and Jew into vicious conflict A war in which Israel almost unleashed her nuclear arsenal and set two superpowers on a treacherous course of nuclear escalation And a war that eventually brought peace But a peace fraught with delicate tensions disputed borders and a legacy of further bloodshed This is a war that Israel never thought was possible Surprised by the fury and excellent execution of the Arab onslaught and perhaps more than a little complacent Israel suddenly found itself on the point of losing a war because of a lack of ammunition planes and tanks The United States after much vacillation finally elected to help Israel beginning a tremendous airlift code name Operation Nickel Grass which incurred the wrath of the Arab states and their sponsor the Soviet Union Fortunately the airlift came just in time for Israeli ground forces to stabilize their positions and eventually turn the tide in the Sinai and Golan Heights And it was all made possible by an operation that dwarfed the Berlin Airlift and the Soviets simultaneous efforts in Egypt and Syria The Two O Clock War is bound to become the definitive history of a war that quite literally approached Armageddon
