David McCullough

George Washington And The American Military Tradition:

George Washington and the American Military Tradition Don Higginbotham, 1987-10-01 In George Washington and the American Military Tradition Don Higginbotham investigates the interplay of militiaman and professional soldier of soldier and legislator that shaped George Washington's military career and ultimately fostered the victory that brought independence to our nation Higginbotham then explores the legacy of Washington's success revealing that the crucial blending of civil and military concerns characteristic of the Revolution has been variously regarded and only seldom repeated by later generations of American soldiers Washington's training between 1753 and 1755 included frontier command in the Virginia militia adjunct service to the British regulars during the French and Indian War and increasing civil service in the Virginia House of Burgesses and Continental Congress The result of this combination of pursuits was Washington's concern for the citizen behind the soldier his appreciation of both frontier tactics and professional discipline and his sensitivity to political conflict and consensus in thirteen colonies in forming a new united nation When in 1775 Washington accepted command of the Continental Army from the Continental Congress he possessed political and military experience that enabled him by 1783 to translate the Declaration of Independence into victory over the British Yet Higginbotham notes the legacy of Washington's success has sometimes been overlooked by generals concerned with professional training and a permanent military establishment and therefore apt to revere foreign heroes such as Jomini Napoleon and Bismarck more than Washington Other leaders most notably the World War II chief of staff George Marshall have recognized and implemented Washington's unique understanding of civil and military coordination In times almost wholly dominated by a military agenda Washington's and Marshall's steady subordination of soldier to citizen of strategy to legislation recalls the careful consensus of thirteen colonies in 1776 George Washington and George Marshall Don Higginbotham, 1984 **The American**

Military Tradition John M. Carroll, Colin F. Baxter, 2007 In this completely revised and updated second edition historians John M Carroll and Colin F Baxter have gathered an esteemed group of military historians to explore the pivotal issues and themes in American warfare from the Colonial era to the present conflict in Iraq **General George Washington;**

Exemplar-in-Chief: Major A. J. Straley, 2014-08-15 George Washington was an Exemplar in Chief who had an indelible influence on the nature and character of the early Continental Army an influence that set the precedence and affected how the United States military would interact with civil authority under the new institution of a democratic republic Through an analysis of the historical record there are multiple examples of George Washington's early influence in shaping the nature and character of the United States military Today's American military is a direct descendant of the early Continental Army which fought the War for Independence and was shaped by Washington's influence In analyzing Washington's motives actions to include correspondence and court martial rulings this study will attempt to open a window into understanding Washington's influence on the Continental Army and therefore the American military tradition among the officer corps to the

present day Washington was not just a Command in Chief but an Exemplar in Chief who left a lasting impression on the American military structure that has held strong for over two hundred years Through his actions during the creation of the army and leading that army during the Revolution he forever set the framework for the civil military tradition which has never seen a credible or serious military coup The character and nature of today s military will not permit an environment that would allow a military coup to begin This character and nature is a direct result of the profound significance of George Washington s motives in joining the cause and his actions during the struggle Washington s influence is not only significant it cemented the military subordination to civilian authority which has lasted till today *George Washington and George Marshall* Don Higginbotham,1984 **George Washington Reconsidered** Don Higginbotham,2001 George Washington heroic general of the Revolution master of Mount Vernon and first president of the United States remains the most enigmatic figure of the founding generation with historians and the public at large still arguing over the strengths of his character and the nature of his intellectual and political contributions to the early republic Representing the finest recent scholarship on Washington these thirteen essays by the leading scholars in the field strike a balance in their focus between Washington s personal life and character and his public life as a soldier and political figure Editor Don Higginbotham provides an introduction about Washington and his treatment by historians and an afterword devoted to how the American people have viewed Washington including the 1999 commemorations of the bicentennial of his death With three essays written specifically for this volume *George Washington Reconsidered* is the first collection of its kind to be published in over thirty years **A Handbook of American Military History** Jerry K. Sweeney,Kevin B. Byrne,2006-01-01 The second edition of *A Handbook of American Military History* delineates the military history of the United States from the Revolutionary War into the opening stages of the twenty first century war on terrorism Comprehensive and easy to use it supplies essential information on the social technological political tactical and strategic developments that have affected the evolution of the U S armed forces New to the second edition is a chapter on U S military history from 1995 through 2004 and an index *A Handbook of American Military History* is the perfect reader s guide for the military history buff or anyone interested in a brief overview of American military history **The Air National Guard and the American Military Tradition** Charles Joseph Gross,1995 Recounts the Air National Guard s service and heritage as part of the nation s military forces Traces the militia tradition and connects this story with the rising influence of air power Outlines the Air National Guard s three primary missions to reinforce active duty forces in wartime to assist State governments responding to natural disasters and public emergencies and to provide various community service functions L C card 94 067989 *A Handbook Of American Military History* Jerry Sweeney,2019-09-25 This unique reference work covers the military history of the United States from the Revolution to the Gulf War The *Handbook of American Military History* is comprehensive easy to use and supplies essential information on the social technological political tactical and strategic developments that have affected the evolution of the U

S *Interpreting American Military History at Museums and Historic Sites* Marc K. Blackburn, 2016-04-08 Across the country museums and historic sites welcome visitors into a world long gone but fundamental to America today Military history in particular is etched into our country's culture and the public's imagination The trouble though for museums and historical sites lies in continuing to make it both accessible and relevant to today's audiences Through *Interpreting American Military History at Museums and Historic Sites* Marc K Blackburn tackles the difficult task of helping those institutions charged with the care of sites collections and stories that relate to our past relatable while still maintaining the dignity and reverence of their rich history Looking at the various components of American military history such as battles and famous figures Blackburn provides alternatives to the traditional museum experience The 21st century is a culmination of the past and it is more important than ever to remember and learn from the triumphs and failures and this guide provides and explains those strategies for making our stories and collections relevant to modern audiences This book acts as a primer for those unfamiliar with academic trends of the last forty years Historiography of American military history like that of other sub fields shifts as new information surfaces or as perspectives change Blackburn modernizes this area through new interpretative methods as well as through case studies of museums and historic sites that have created programs interpretive media outreach strategies and mission goals updated to meet the needs of today's patrons Armed with these strategies historic institutions will have the foundation to provide compelling relevant and engaging experiences for the 21st century audience

General George Washington ; Exemplar-in-Chief: A Historical Analysis of George Washington's Influence on the Early Continental Army and Civil Military Relations ,2009 George Washington was an Exemplar in Chief who had an indelible influence on the nature and character of the early Continental Army an influence that set the precedent for how the United States military would interact with civil authorities under the new institution of a democratic republic An analysis of the historical record shows multiple examples of George Washington's early influence in shaping the nature and character of the United States military Today's American military is a direct descendant of the early Continental Army which fought the War for Independence and was shaped by Washington's influence In analyzing Washington's motives and actions to include correspondence and court martial rulings this study will attempt to open a window of understanding into Washington's influence on the Continental Army and on the American military tradition among the officer corps to the present day Washington left a lasting impression on the American military structure that has held strong for over 200 years Through his actions in creating the Continental Army and leading that Army during the Revolution he forever set the framework for the civil military tradition in this nation a nation that has never seen a military coup Washington's influence is not only significant it cemented the military subordination to civilian authority which has lasted to this day

Professional Journal of the United States Army ,1992 **The Oxford Companion to American Military History** , **The Harmon Memorial Lectures in Military History, 1959-1987: A Collection of the First Thirty Harmon Lectures Given at the United**

States Air Force Academy United States. Air Force. Office of Air Force History,1989 *Almanac of American Military History* Spencer C. Tucker,2012-11-21 This almanac provides a comprehensive chronological overview of all American military history serving as the standard reference work of its type *Almanac of American Military History* is yet another reference work from acclaimed historian Dr Spencer C Tucker and ABC CLIO offering an unprecedented resource for a wide range of students and researchers A comprehensive four volume title this almanac traces all of American military history from the European voyages of discovery through 2011 chronicling the pivotal moments that have shaped the United States into the country it is today In addition to documenting key events this title presents biographies of more than 250 key individuals and provides information on more than 250 historically significant technologies and weapons systems A detailed glossary is included as are discussions of ranks and military awards and decorations Divided into conflict periods each chapter includes a detailed chronology reference entry sidebars statistical information primary source documents and a bibliography

Presidents and Their Generals Matthew Moten,2014-11-05 A military historian traces the long struggle of American presidents to assert their power over uncooperative generals Since World War II the United States has been engaged in near constant military conflict abroad often with ill defined objectives ineffectual strategy and uncertain benefits In this era of limited congressional oversight and wars of choice the executive and the armed services have shared the primary responsibility for making war The negotiations between presidents and their generals thus grow ever more significant and understanding them becomes essential Matthew Moten traces a sweeping history of the evolving roles of civilian and military leaders in conducting war demonstrating how war strategy and national security policy shifted as political and military institutions developed and how they were shaped by leaders personalities Early presidents established the principle of military subordination to civil government and from the Civil War to World War II the president s role as commander in chief solidified with an increasingly professionalized military offering its counsel But General Douglas MacArthur s insubordination to President Harry Truman during the Korean War put political military tensions on public view Subsequent presidents selected generals who would ally themselves with administration priorities Military commanders in Vietnam Iraq and Afghanistan did just that and the results were poorly conceived policy and badly executed strategy The most effective historical collaborations between presidents and their generals were built on mutual respect for military expertise and civilian authority and a willingness to negotiate with candor and competence Upon these foundations future soldiers and statesmen can ensure effective decision making in the event of war and bring us closer to the possibility of peace Praise for *Presidents and Their Generals* This highly readable book impressive in scope is a major contribution to understanding the important yet often shifting dynamics of civil military relations in the U S past present and future W A Taylor Choice The author s opinions are precise and witty and based on comprehensive knowledge of his subject as he clearly demonstrates how wars are lost by the arrogant and or incompetent A brilliant fascinating picture of how wars badly begun

and poorly run can affect an entire country usually at the hands of just a few men Kirkus Reviews starred review *David McCullough Great Moments in History E-book Box Set* David McCullough, 2011-05-24 From New York Times bestselling author David McCullough a special ebook boxed set features books that study key points of American history The David McCullough Great Moments in History ebook box set includes the following McCullough classics 1776 is the riveting story of George Washington the men who marched with him and their British foes in the momentous year of American independence The Johnstown Flood is the classic history of an American tragedy that became a scandal in the age of the Robber Barons the preventable flood that destroyed a town and killed 2 000 people Path Between the Seas is the epic National Book Award winning history of the heroic successes tragic failures and astonishing engineering and medical feats that made the Panama Canal possible The Great Bridge is the remarkable enthralling story of the planning and construction of the Brooklyn Bridge which linked two great cities and epitomized American optimism skill and determination A special bonus is included The Course of Human Events In this Jefferson Lecture in the Humanities David McCullough draws on his personal experience as a historian to acknowledge the crucial importance of writing in history s enduring impact and influence and he affirms the significance of history in teaching us about human nature through the ages *George Washington Reconsidered* Don Higginbotham, 2001 George Washington heroic general of the Revolution master of Mount Vernon and first president of the United States remains the most enigmatic figure of the founding generation with historians and the public at large still arguing over the strengths of his character and the nature of his intellectual and political contributions to the early republic Representing the finest recent scholarship on Washington these thirteen essays by the leading scholars in the field strike a balance between Washington s personal life and character and his public life as a soldier and political figure Editor Don Higginbotham provides an introduction about Washington and his treatment by historians and an afterword devoted to how the American people have viewed Washington including the 1999 commemorations of the bicentennial of his death With three essays written specifically for this volume *George Washington Reconsidered* is the first collection of its kind to be published in over thirty years **Daily Life of U.S. Soldiers** Christopher R. Mortenson, Paul J. Springer, 2019-06-14 This ground breaking work explores the lives of average soldiers from the American Revolution through the 21st century conflicts in Afghanistan and Iraq What was life really like for U S soldiers during America s wars Were they conscripted or did they volunteer What did they eat wear believe think and do for fun Most important how did they deal with the rigors of combat and coming home This comprehensive book will answer all of those questions and much more with separate chapters on the American Revolution the War of 1812 the Mexican American War the Civil War the Indian Wars the Spanish American War World War I World War II in Europe World War II in the Pacific the Cold War the Korean War the Vietnam War the Persian Gulf War the Afghanistan War and War on Terror and the Iraq War Each chapter includes such topical sections as Conscription and Volunteers Training Religion Pop Culture Weaponry Combat Special Forces Prisoners of War Homefront

and Veteran Issues This work also examines the role of minorities and women in each conflict as well as delves into the disciplinary problems in the military including alcoholism drugs crimes and desertion Selected primary sources bibliographies and timelines complement the topical sections of each chapter

The First Inauguration Stephen Howard Browne, 2020-11-13 Among the vicissitudes incident to life no event could have filled me with greater anxieties than that of which the notification was transmitted by your order and received on the fourteenth day of the present month With these words to the assembled members of the Senate and House of Representatives on April 30 1789 George Washington inaugurated the American experiment It was a momentous occasion and an immensely important moment for the nation Never before had a people dared to invent a system of government quite like the one that Washington was preparing to lead and the tensions between hope and skepticism ran high In this book distinguished scholar of early America Stephen Howard Browne chronicles the efforts of the first president of the United States of America to unite the nation through ceremony celebrations and oratory The story follows Washington on his journey from Mount Vernon to the site of the inauguration in Manhattan recounting the festivities speeches parades dances music food and flag waving that greeted the president elect along the way Considering the persuasive power of this procession Browne captures in detail the pageantry anxiety and spirit of the nation to arrive at a more nuanced and richly textured perspective on what it took to launch the modern republican state Compellingly written and artfully argued *The First Inauguration* tells the story of the early republic and of a president who by his words and comportment provides a model of leadership and democratic governance for today

Decoding **George Washington And The American Military Tradition**: Revealing the Captivating Potential of Verbal Expression
