**Castlereagh** John Bew, 2012 Hardly is a figure more maligned in British history than Robert Stewart Viscount Castlereagh One of the central figures of the Napoleonic Era and the man primarily responsible for fashioning Britain's strategy at the Congress of Vienna Castlereagh was widely respected by the great powers of Europe and America yet despised by his countrymen and those he sought to serve A shrewd diplomat he is credited with being one of the first great practitioners of Realpolitik and its cold eyed and calculating view of the relations between nations Over the course of his career he crushed an Irish rebellion and abolished the Irish parliament imprisoned his former friends created the largest British army in history and redrew the map of Europe Today Castlereagh is largely forgotten except as a tyrant who denied the freedoms won by the French and American revolutions John Bew's fascinating biography restores the statesman to his place in history offering a nuanced picture of a shy often inarticulate figure whose mind captured the complexity of the European Enlightenment unlike any other Bew tells a gripping story beginning with the Year of the French when Napoleon sent troops in support of a revolution in Ireland and traces Castlereagh's evolution across the Napoleonic Wars the diplomatic power struggles of 1814-15 and eventually the mental breakdown that ended his life Skillfully balancing the dimensions of Castlereagh's intellectual life with his Irish heritage Bew's definitive work brings Castlereagh alive in all his complexity variety and depth
