## **George Enescu His Life Music:**

**George Enescu** Noel Malcolm, 1990 The Romanian composer George Enescu 1881-1955 is one of the neglected giants of the twentieth century. Prodigiously gifted, he became best known in America as a conductor where he was considered as a successor to Toscanini in New York and in Europe as one of the greatest violinists of the century. But he was first and foremost a composer, and tragically his mature works, works of extraordinary emotional depth and intricate beauty, remain almost unknown outside Romania. This is the first full-length study of Enescu and his music to be written in the West; it tells the story of his life and development as a composer. All of Enescu's published compositions and many unpublished works are discussed, and there is a detailed list of Enescu's compositions and a list of all his known recordings as conductor, violinist, and pianist. The book is intended for the non-specialist reader as well as the musicologist. NOEL MALCOLM, the historian, philosopher, and journalist, is the leading authority on Enescu. *The Harvard Biographical Dictionary of Music* Don Michael Randel, 1996 Biographical dictionary emphasizes classical and art music; also gives ample attention to the classics as well as Jazz, Blues, rock, and pop, and hymns and showtunes across the ages. On Music Robin Holloway, 2003-01-01 This collection of essays contains some of the most exciting and original analyses of the Wagner operas from music critic and composer Robin Holloway, who is known for his trenchant style and impassioned thinking. These essays provide sustained, meditative, and illuminating accounts both of the masterpieces of the romantic era and of the classical tradition from which they derive. Holloway persuades listeners that music matters; that there is a real difference between good and bad, great and trivial, and sincere and sentimental; and that one's enjoyment can only be enhanced by the habit of critical study. **Notes for Violists** David M. Bynog, 2021 *Notes for Violists: A Guide to the Repertoire* offers historical and analytical information about thirty-five of the best-known pieces for the instrument, making it an essential resource for professional, amateur, and student violists alike. With engaging prose supported by fact-filled analytical charts, the book offers rich biographical information and insightful analyses that help violists gain a more complete understanding of pieces like Bartók's Concerto for Viola and Orchestra, Rebecca Clarke's Sonata for Viola and Piano, Robert Schumann's Märchenbilder for Viola and Piano, op. 113, Carl Stamitz's Concerto for Viola and Orchestra in D Major, Igor Stravinsky's Lullaby for Viola or Violin Unaccompanied, and thirty other masterpieces. This comprehensive guide to key pieces from the viola repertoire from the eighteenth through the twentieth century covers concertos, chamber pieces, and works for solo viola by a wide range of composers, including Bach, Telemann, Mozart, Hoffmeister, Walton, and Hindemith. Author David M. Bynog not only offers clear structural analyses of these compositions but also situates them in their historical contexts, as he highlights crucial biographical information on composers and explores the circumstances of the development and performance of each work. By connecting performance studies with scholarship, this indispensable handbook for students and professionals allows readers to gain a more complete picture of each work and encourages them to approach other compositions in a similarly analytical manner. **Music in the**
