Everson, 1944 *The Mind of the Master Class* Elizabeth Fox-Genovese, Eugene D. Genovese, 2005-10-17 The Mind of the Master Class tells of America's greatest historical tragedy A great many of the slaveholding men and women were intelligent honorable and pious yet these very people admirable in so many ways presided over a social system that proved itself an enormity and inflicted horrors on their slaves Even now there is much to be learned from their moral and political reflections on their times and ours **George Henry Calvert, American Literary Pioneer** Ida Gertrude Everson, 1944 [The Sweetness of Life](#) Eugene D. Genovese, 2017-10-05 This book examines the home and leisure life of planters in the antebellum American South Based on a lifetime of research by the late Eugene Genovese 1930 2012 with an introduction and epilogue by Douglas Ambrose The Sweetness of Life presents a penetrating study of slaveholders and their families in both intimate and

domestic settings at home attending the theatre going on vacations to spas and springs throwing parties hunting gambling drinking and entertaining guests completing a comprehensive portrait of the slaveholders and the world that they built with slaves Genovese subtly but powerfully demonstrates how much politics economics and religion shaped informed and made possible these leisure activities A fascinating investigation of a little studied aspect of planter life *The Sweetness of Life* broadens our understanding of the world that the slaveholders and their slaves made a tragic world of both sweetness and slavery

The Papers of Henry Clay Henry Clay, 2015-02-05 This supplement to *The Papers of Henry Clay* contains documents discovered too late to be included in the proper chronological sequence in earlier volumes Spanning the years from 1793 to 1852 the items shed important light on Clay's early years in Kentucky his legal career and his work for the Bank of the United States Material dealing with the Corrupt Bargain charge is particularly rich and many of the letters that appear in this volume fill gaps in exchanges already published Clay's correspondence with Benjamin Watkins Lee of Virginia and Mary Bayard wife of Delaware senator Richard Henry Bayard is especially interesting An essay on Clay portraits by Clifford Amyx professor emeritus of art at the University of Kentucky provides a detailed discussion of the paintings statues busts engravings and daguerreotypes that featured Clay as the subject Appended to the essay is a calendar listing each major work the artist date of completion and present location A comprehensive bibliography of works cited in the entire series will benefit researchers seeking information in addition to that provided in the annotations This supplement is an essential addition to the earlier volumes in the series

The Emerson Brothers Ronald A. Bosco, Joel Myerson, 2006 *The Emerson Brothers A Fraternal Biography in Letters* is a narrative and epistolary biography drawn from the unpublished lifelong correspondence exchanged among four brothers Charles Chauncy Edward Bliss Ralph Waldo and William Emerson This is an extensive correspondence for not counting Waldo's previously published letters there are 768 letters exchanged among the brothers and an additional 483 unpublished letters from the brothers to their aunt Mary Moody Emerson mother Ruth Haskins Emerson and Charles fiancée Elizabeth Hoar among others While lesser figures might have faltered under the burden of having been born an Emerson with social political and ecclesiastic roots extending back to the first century of New England settlement the brothers letters reveal that all were invigorated by a shared sense of origin and aspired to make a significant reputation for themselves Across six richly developed chapters the signal events and friendships that shaped the Emerson brothers lives are strung together to reveal a remarkable family culture For the first time *The Emerson Brothers* treats the illustrious history of the Emerson family in

America as a foreshadowing of expectations the brothers inherited defines the extent of Waldo's debt to William for his encounter with German Biblical Criticism develops Charles and Edward's incredibly promising but ultimately tragic lives examines the profound emotional and intellectual impact of Aunt Mary on the younger Emersons considers the three year courtship between Charles and Elizabeth Hoar in the context of Waldo's own marriages and studies the brothers preoccupation with financial security for the family revealing too that finances were at least as powerful a motivation behind Waldo's 1832 resignation from Boston's Second Church as were the death of his first wife and his religious doubts This biography approaches Waldo's inner life in a way that makes him a figure to imagine personally by portraying him in relation to his brothers who are his intellectual equals It offers an imaginative social and cultural history of one of our oldest and most gifted families unique players in a period often considered to be the American Renaissance **Accessions List**
