Georges De La Tour And His World:

Georges de La Tour and His World Philip Conisbee, 1996 This book offers a complete overview of the life and art of La Tour Drawing on new historical research it discusses his career possible travels the context in which he worked and such issues as the contemporary replication and dissemination of his art It examines the relationship of La Tour's art to the Counter Reformation and to the work of other artists in Nancy Paris Rome and Utrecht The book also includes the results of recent scientific research into La Tour's materials and working methods

Georges de La Tour and His World Philip Conisbee, 1996 Georges de La Tour 1593-1652 was one of the greatest French painters of the seventeenth century but his art was rapidly forgotten after his death and has been rediscovered only in our own century Since the major retrospective exhibition held in Paris in 1972 previously unknown paintings have continued to come to light such as Saint John the Baptist in the Wilderness a moving late work discovered in 1994 The exhibition celebrated by this beautiful book presents this and other new additions to La Tour's oeuvre and locates his art in the wider European context of his time

The Matter of Violence in Baroque Painting Bogdan Cornea, 2025-10-01 Baroque depictions of violence are often dismissed as over the top and excessive Their material richness and exciting visual complexity together with the visceral engagement they demand from beholders are usually explained in literature as reflecting the presumed violence of early modern society This book explores the intersection between materiality excess and violence in seventeenth century paintings through a close analysis of some of the most iconic works of the period Baroque paintings expose or reference their materiality by insisting on various physical changes wrought through violence This study approaches violence as the work of materiality which has the potential to analogously stage pictorial surfaces as corporeal surfaces where paint becomes flayed flesh canvas threads ruptured skin and red paint spilt blood

Money Matters in European Artworks and Literature, c. 1400-1750 Natasha Seaman, Joanna Woodall, 2025-10-01 Money Matters in European Artworks and Literature c 1400-1750 focuses on coins as material artefacts and agents of meaning in early modern arts The precious metals double sided form and emblematic character of coins had deep resonance in European culture and cultural encounters Coins embodied Europe's power and the labour increasingly located in colonised regions of extracting gold and silver Their efficacy depended on faith in their inherent value and the authority perceived to be imprinted into them guaranteed through the institution of the Mint Yet they could speak eloquently of illusion debasement and counterfeiting A substantial introduction precedes essays by interdisciplinary scholars on five themes power and authority in the Mint currency and the anxieties of global trade coins and persons coins in and out of circulation credit and risk An Afterword on a contemporary artist demonstrates the continuing expressive and symbolic power of numismatic forms

Dynamics and Performativity of Imagination Bernd Huppauf, Christoph Wulf, 2013-05-13 In this interdisciplinary anthology essays study the relationship between the imagination and images both material and mental Through case studies on a diverse array of topics including photography film sports theater and anthropology contributors

focus on the role of the creative imagination in seeing and producing images and the imaginary **Personal Viewpoints** J.

Paul Getty Museum, Getty Conservation Institute, Getty Research Institute, 2003 In this volume conservators curators and conservation scientists candidly reflect on the challenges and sometimes controversial choices involved in treating works of art *Caravaggio* David M. Stone, 2017-07-05 As this collection of essays makes clear the paths to grasping the complexity of

Caravaggio's art are multiple and variable Art historians from the UK and North America offer new or recently updated interpretations of the works of seventeenth century Italian painter Michelangelo Merisi da Caravaggio and of his many followers known as the Caravaggisti The volume deals with all the major aspects of Caravaggio's paintings technique creative process religious context innovations in pictorial genre and narrative market strategies biography patronage reception and new hermeneutical trends The concluding section tackles the essential question of Caravaggio's legacy and the production of his followers not only in terms of style but from some highly innovative strategies concettismo art marketing and the price of pictures self fashioning and biography and the concept of emulation *Lotharingia* Simon Winder, 2019-04-23 Following

Germania and Danubia the third installment in Simon Winder's personal history of Europe In 843 AD the three surviving grandsons of the great emperor Charlemagne met at Verdun After years of bitter squabbles over who would inherit the family land they finally decided to divide the territory and go their separate ways In a moment of staggering significance one grandson inherited the area we now know as France another Germany and the third received the piece in between

Lotharingia Lotharingia is a history of in between Europe It is the story of a place between places In this beguiling hilarious and compelling book Simon Winder retraces the various powers that have tried to overtake the land that stretches from the mouth of the Rhine to the Alps and the might of the peoples who have lived there for centuries **Echoes and Inscriptions**

Barbara Simerka, Christopher B. Weimer, 2000 Essays compare early modern Spanish writers to their contemporaries in other countries and to modern Spanish and Latin American literature **New Perspectives on Marc-Antoine Charpentier**

Shirley Thompson, 2017-07-05 The tercentenary of Marc Antoine Charpentier's death in 2004 stimulated a surge of activity on the part of performers and scholars confirming the modern assessment of Charpentier 1643-1704 as one of the most important and inventive composers of the French Baroque The present book provides a snapshot of Charpentier scholarship in the early years of the new century Its 13 chapters illustrate not only the sheer variety of strands currently pursued but also the way in which these strands frequently intertwine and generate the potential for future research Between them they examine facets of the composer's compositional language and process aspects of his performance practice and notation the contexts within which he worked and the nature of his legacy The appendix contains a transcription of the inventory of Charpentier's manuscripts prepared when their sale to the Royal Library was negotiated in 1726 an invaluable research tool as numerous chapters in the book demonstrate The wide variety of topics covered here will appeal both to readers interested in Charpentier's music and to those with a broader interest in the music and culture of the French Baroque including aspects

of patronage church and theatre Far from treating his output in isolation this book places it in the wider context alongside such composers as Lully Lalande Marais Fran s Couperin and Rameau it also views the composer in relation to his Italian training In the process the under examined question of influence who influenced Charpentier whom did he influence repeatedly comes to the fore The book s Foreword was written by H Wiley Hitchcock shortly before he died Hitchcock s own part in raising the profile of Charpentier and his music to the level of recognition which it now enjoys cannot be emphasized enough Appropriately the volume is dedicated to his memory
