Georgia Studies, Selected Writings Robert Preston Brooks, 1952 *Georgia Studies* Robert Preston Brooks, 2011-10-01 Bibliography of Georgia Authors, 1949-1965 John W. Bonner, Jr., 2010-03-01 Starting in 1949 John W. Bonner Jr compiled an annual annotated bibliography of books by Georgia writers for the Georgia Review Published in 1966 this volume contains sixteen years of publications by native born Georgian authors and authors who had lived in the state for at least five years Books are listed by author title publisher date and price of the work The annotations are descriptive rather than critical intended to outline what type of material is contained in the books A complete index by author is included

The American Experiment James MacGregor Burns, 2013-05-21 The Pulitzer Prize winning author's stunning trilogy of American history spanning the birth of the Constitution to the final days of the Cold War In these three volumes Pulitzer Prize and National Book Award winner James MacGregor Burns chronicles with depth and narrative panache the most significant cultural economic and political events of American history In *The Vineyard of Liberty* he combines the color and texture of early American life with meticulous scholarship Focusing on the tensions leading up to the Civil War Burns brilliantly shows how Americans became divided over the meaning of Liberty In *The Workshop of Democracy* Burns explores more than a half century of dramatic growth and transformation of the American landscape through the addition of dozens of new states the shattering tragedy of the First World War the explosion of industry and in the end the emergence of the United States as a new global power And in *The Crosswinds of Freedom* Burns offers an articulate and incisive examination of the US during its rise to become the world's sole superpower through the Great Depression the Second World War the Cold War and the rapid pace of technological change that gave rise to the American Century *De Renne* William Harris Bragg, 1999 Much of what is known today of Georgia history was preserved through the diligent efforts of a single family From Wormsloe their ancestral plantation near Savannah the De Rennes built an extraordinary collection of books and manuscripts on the history of the state and the Confederacy much of which is now housed at the University of Georgia and the Museum of the Confederacy This book focuses on their efforts in the years 1827 through 1970 conveying the passion and purpose with which they pursued their avocation William Harris Bragg has mined a vast array of archival sources to present this engaging narrative of the De Renne family He tells how wealthy bibliophile and philanthropist G W J De Renne and his wife Mary set the precedent for the family's accumulation of historic material how their son established the Wymberley Jones De Renne Georgia Library that bears his name and how his children in turn expanded upon that tradition The De Rennes also printed limited editions of primary historical materials beginning with the series known as the Wormsloe Quartos Bragg's account of three generations of the De Renne family vividly records their achievements as it reconstructs their life at Wormsloe and follows them in their travels around the world It provides glimpses into the dynamics and behavior of one of Georgia's oldest and most prominent families and the evolution of the southern aristocracy The book draws on newly available material to expand significantly on

Ellis Merton Coulter's 1955 work *Wormsloe* and provides the most complete account to date of the De Rennes. Beyond the story of the De Renne family, Bragg also reveals much about the history of collecting and of the antiquarian book trade as well as of the evolution of Georgia historical documentation. Appendix material includes genealogical tables and lists of collections and publications making *De Renne Three Generations of a Georgia Family* an invaluable source for all scholars and aficionados of southern history.

The Fruits of Their Labor Cindy Hahamovitch, 2010-06-23 In 1933 Congress granted American laborers the right of collective bargaining but farmworkers got no New Deal. Cindy Hahamovitch's pathbreaking account of migrant farmworkers along the Atlantic Coast shows how growers enlisted the aid of the state in an unprecedented effort to keep their fields well stocked with labor. This is the story of the farmworkers: Italian immigrants from northeastern tenements, African American laborers from the South, and imported workers from the Caribbean who came to work in the fields of New Jersey, Georgia, and Florida in the decades after 1870. These farmworkers were not powerless; the author argues for growers became increasingly open to negotiation as their crops ripened in the fields. But farmers fought back with padrone or labor contracting schemes and work or fight forced labor campaigns. Hahamovitch describes how growers' efforts became more effective as federal officials assumed the role of padroni, supplying farmers with foreign workers on demand. Today's migrants are as desperate as ever, the author concludes, not because poverty is an inevitable feature of modern agricultural work but because the federal government has intervened on behalf of growers, preventing farmworkers from enjoying the fruits of their labor.

Downhome Gospel Jerrilyn McGregory, 2010-10-05 Jerrilyn McGregory explores sacred music and spiritual activism in a little-known region of the South, the Wiregrass Country of Georgia, Alabama, and North Florida. She examines African American sacred music outside of Sunday church-related activities, showing that singing conventions and anniversary programs fortify spiritual as well as social needs. In this region, African Americans maintain a social world of their own creation. Their cultural performances embrace some of the most pervasive forms of African American sacred music: spirituals, common meter, Sacred Harp, shape-note, traditional, and contemporary gospel. Moreover, the contexts in which they sing include present-day observations such as the Twentieth of May, Emancipation Day, Burial League Turnouts, and Fifth Sunday. Rather than tracing the evolution of African American sacred music, this ethnographic study focuses on contemporary cultural performances, almost all by women, which embrace all forms. These women promote a female-centered theology to ensure the survival of their communities and personal networks. They function in leadership roles that withstand the test of time. Their spiritual activism presents itself as a way of life. In Wiregrass Country, "You don't have to sing like an angel" is a frequently expressed sentiment. To these women, good music is God's music, regardless of the manner delivered. Therefore, *Downhome Gospel* presents gospel music as being more than a transcendent sound. It is local spiritual activism that is writ large. Gospel means joy, hope, expectation, and the good news that makes the soul glad.

Internment Refugee Camps Gabriele Anderl, Linda Erker, Christoph Reinprecht, 2022-11-07 How did and does

the fate of refugees unfold in internment camps The contributors to this book facilitate an extensive engagement with the organized state led and forced placement of refugees in the past and present They show the parallels and differences between the practices and types of internment in different countries while considering the specific historical contexts Moreover they highlight the nexus of relationships and agencies which constitute the camps in question as transitory spaces The contributions consist of analyses of local phenomena or case studies as well as comparative engagements from an international and or historical perspective

The Civil War and Reconstruction [Second Edition] Prof. J. G. Randall, Prof. David Donald, 2016-08-09 This is a revised edition by David Herbert Donald of his former professor J G Randall s book *The Civil War and Reconstruction* which was originally published in 1937 and had long been regarded as the standard work in its field serving as a useful basic Civil War reference tool for general readers and textbook for college classes This Second Edition retains many of the original chapters such as those treating border state problems non military developments during the war intellectual tendencies anti war efforts religious and educational movements and propaganda methods bearing evidence of Mr Randall s thoroughgoing exploration of the manuscripts and archives whilst it expands considerably on other original chapters such as those relating to the Confederacy Still other portions have been entirely recast or rewritten such as the pre war period chapters and Reconstruction chapters reflecting factual updates since Randall s original publication A must read for all Civil War students and scholars

The Workshop of Democracy, 1863-1932 James MacGregor Burns, 2012-04-10 DIVDIV The second volume of Burns s acclaimed history of America from the end of the Civil War to the beginning of the Great Depression divDIV divDIV Abraham Lincoln s Gettysburg Address pointed to a new way to preserve an old hope that democracy might prove a vibrant and lasting form of government for people of different races religions and aspirations The scars of the Civil War would not soon heal but with that one short speech the president held out the possibility that such a nation might not simply survive but flourish The Workshop of Democracy explores more than a half century of dramatic growth and transformation of the American landscape through the addition of dozens of new states the shattering tragedy of the First World War the explosion of industry and in the end the emergence of the United States as a new global power divDIV divDIV divDIV div div

Lynching and Vigilantism in the United States Norton Moses, 1997-02-25 Beginning with the 1760s when lynching and vigilantism came into existence in what is now the United States this bibliography fills a void in the history of American collective violence It covers over 4 200 works dealing with vigilante movements and lynchings including books articles government documents and unpublished theses and dissertations Following a chapter listing general works the book is arranged into four chronological chapters a chapter on the frontier West a chapter on anti lynching and chapters on literature and art The book opens with a chapter devoted to general works It then includes chapters on the period from the Colonial era to the Civil War the Civil War through 1881 and the periods from

1882 to 1916 and 1917 to 1996 The work then turns to the frontier West and to anti lynching bills laws organizations and leaders Finally the book includes chapters on vigilantism in literature and art Behind the Mask of Chivalry Nancy K. MacLean, 1995-07-13 On Thanksgiving night 1915 a small band of hooded men gathered atop Stone Mountain an imposing granite butte just outside Atlanta With a flag fluttering in the wind beside them a Bible open to the twelfth chapter of Romans and a flaming cross to light the night sky above William Joseph Simmons and his disciples proclaimed themselves the new Knights of the Ku Klux Klan named for the infamous secret order in which many of their fathers had served after the Civil War Unsure of their footing in the New South and longing for the provincial patriarchal world of the past the men of the second Klan saw themselves as an army in training for a war between the races They boasted that they had bonded into an invisible phalanx to stand as impregnable as a tower against every encroachment upon the white man s liberty in the white man s country under the white man s flag Behind the Mask of Chivalry brings the invisible phalanx into broad daylight culling from history the names the life stories and the driving passions of the anonymous Klansmen beneath the white hoods and robes Using an unusual and rich cache of internal Klan records from Athens Georgia to anchor her observations author Nancy MacLean combines a fine grained portrait of a local Klan world with a penetrating analysis of the second Klan s ideas and politics nationwide No other right wing movement has ever achieved as much power as the Ku Klux Klan of the 1920s and this book shows how and why it did MacLean reveals that the movement mobilized its millions of American followers largely through campaigns waged over issues that today would be called family values Prohibition violation premarital sex lewd movies anxieties about women s changing roles and worries over waning parental authority Neither elites nor poor white trash most of the Klan rank and file were married middle aged and middle class Local meetings or klonklaves featured readings of the minutes plans for recruitment campaigns and Klan barbecues and distribution of educational materials Christ and Other Klansmen was one popular tome Nonetheless as mundane as proceedings often were at the local level crusades over morals always operated in the service of the Klan s larger agenda of virulent racial hatred and middle class revanchism The men who deplored sex among young people and sought to restore the power of husbands and fathers were also sworn to reclaim the white man s country striving to take the vote from blacks and bar immigrants Comparing the Klan to the European fascist movements that grew out of the crucible of the first World War MacLean maintains that the remarkable scope and frenzy of the movement reflected less on members power within their communities than on the challenges to that power posed by African Americans Jews Catholics immigrants and white women and youth who did not obey the Klan s canon of appropriate conduct In vigilante terror the Klan s night riders acted out their movement s brutal determination to maintain inherited hierarchies of race class and gender Compellingly readable and impeccably researched The Mask of Chivalry is an unforgettable investigation of a crucial era in American history and the social conditions cultural currents and ordinary men that built this archetypal American reactionary movement *Iron Confederacies* Scott Reynolds Nelson, 1999 During

Reconstruction an alliance of southern planters and northern capitalists rebuilt the southern railway system using remnants of the Confederate railroads that had been built and destroyed during the Civil War In the process of linking Virginia th
