it **Taking Care of Your Gerbils** Helen Piers,1993 Sound pet care advice written specifically for children This new title presents information on the right kind of cage the proper food how to keep gerbils healthy and many other things that gerbil owning children need to know Full color photographs **Boys' Life** ,1973-08 Boys Life is the official youth magazine for the Boy Scouts of America Published since 1911 it contains a proven mix of news nature sports history fiction science comics and Scouting Gerbil: The star of the rodents Thorsten Hawk,2022-02-08 Gerbil The star of the rodents Compact guidebook about the Mongolian gerbil Keeping care and feeding to keep species appropriate gerbils A new pet is always a reason for joy and brings a lot of fun but also excitement To ensure that your gerbils are already doing well on the first day in their new home there are some things that you should consider when keeping feeding as well as caring for them This guide will take you through the entire process from buying the mouse to keeping it to taming it and show you exactly what to look for You should always keep in mind that it is not easy for any animal to immediately feel comfortable in a new environment You need enough patience so that the animal trusts you You can see this guide as a signpost that will help you make friends with your new pet and roommate Gerbils Engelbert Kötter,1999 A guide to caring for gerbils that provides information on the animal s behavior eating habits and health **The Simple Guide: Small Animal Care** Dennis Nuzzo, Have you been thinking of bringing a new pet into your family If you have do you realize that it does not have to be something big like a dog You can also have the option of going with a smaller mammal A few examples would be a gerbil or a hamster or maybe even a rabbit or a rat One common reason people choose smaller mammals as a pet is if they are restricted with the amount of space they have for a pet A prime example would be something living in a small apartment in the inner city Chances are that there would not be enough room in the apartment for a dog to be comfortable and have room to play On top of that it can be a real hassle walking a dog up and down stairs to take them outside and some dogs will require training to be able to walk in the city without problems Training can be costly and the entire experience of having a dog in a small apartment can be full of hassles so in this situation it is probably better to go with a smaller pet If your children have been begging you for a pet you might want to start out with a smaller animal Fish can be boring and children can lose their interest and forget about them in no time At the same time a dog can be way too much responsibility for a child especially if they are young and it is there first pet The perfect option for a child as their first pet would be an animal such as a hamster or gerbil Let Us Know What You Think **Enjoy your gerbils** Earl Schneider,1970* **4-H Gerbil, Hamster & Guinea Pig** David P.
