**German Calvinism in the Confessional Age** Lyle D. Bierma, 1996 Bierma has done a great service in revealing the importance of Olevianus's theological contributions especially on the doctrine of the covenant F Scott Peterson *German Calvinism in the Confessional Age* Lyle D. Bierma, 1994-01-01 **The Zurich Origins of Reformed Covenant Theology**

Pierrick Hildebrand, 2024 This book explores the origins and development of one of the most significant doctrines of Reformation theology The innovative ways in which the Zurich reformer Huldrych Zwingli and his successor Heinrich Bullinger thought about the relationship between the Old and New Testaments left an indelible mark on the Reformed tradition in the sixteenth and seventeenth centuries Distinctively Zwingli and Bullinger emphasized the continuity of both testaments and spoke of a single covenant between God and humanity This would become one of the defining teachings of Reformed Christianity This book follows the development of their covenant theology in the Reformation and argues for its adoption by John Calvin in Geneva and the German theologians of the post Reformation era **The Covenant Theology of Jonathan Edwards** Paul J. Hoehner, 2021-05-13 As a theologian in the Reformed tradition covenant theology was for Jonathan Edwards the internal scaffolding that gave shape to the biblical story of redemption The establishment of the eternal rule of righteousness as the basis of the believer's communion with God and eternal happiness is a central theme beginning with the Covenant of Works grounded in the eternal Covenant of Redemption and culminating in the Covenant of Grace It is the basis for the law gospel distinction in Edwards and the early architects of federal theology For the God intoxicated New England Puritan preacher this was no dry academic exercise Rather it was a joyous and affectionate discovery and embrace of what God had ordained in eternity what Christ accomplished in history on the cross and what the Holy Spirit is doing and will complete in the church This study grew out of current discussions in Reformed scholarship questioning aspects of traditional covenant theology As a key transitional figure in the history of Reformed theology Edwards's thinking is still relevant The richness and depth of Edwards's vision of redemptive history provides a clear and comprehensive understanding of his Reformed soteriology and the role of evangelical obedience in justification

**Covenant Theology in the Reformed Perspective** Mark W. Karlberg, 2000-07-31 **Covenant Theology** Guy Prentiss Waters, J. Nicholas Reid, John R. Muether, 2020-10-16 A Comprehensive Exploration of the Biblical Covenants This book forms an overview of the biblical teaching on covenant as well as the practical significance of covenant for the Christian life A host of 26 scholars shows how covenant is not only clearly taught from Scripture but also that it lays the foundation for other key doctrines of salvation The contributors who engage variously in biblical systematic and historical theology present covenant theology not as a theological abstract imposed on the Bible but as a doctrine that is organically presented throughout the biblical narrative As students pastors and church leaders come to see the centrality of covenant to the Christian faith the more the church will be strengthened with faith in the covenant keeping God and encouraged in their

understanding of the joy of covenant life      **A History of Christian Theology (Repack)** Gerald Bray, 2024-10-29 A Historical Examination of Christian Theology through a Trinitarian Framework Theology is important But so is the story behind the specific doctrines that have been debated defined and refined throughout church history In this book professor Gerald Bray introduces readers to the history of Christian theology the Trinity our doctrine of God and the Bible our knowledge of God Unlike other books on the topic Bray s volume is not organized primarily by time period or distinct doctrinal categories Rather it puts theology first and history second following a Trinitarian pattern that begins with God the Father moves on to God the Son and ends with God the Holy Spirit This unique approach offers readers a more holistic understanding of the development of theology paralleling the order in which the church wrestled through challenging theological issues and controversies related to God man and salvation Accessible Aimed at non specialists not just the academic community Unique Organization Uses a Trinitarian framework to provide a more holistic understanding of the development of theology Historical Explores the Jewish background behind the development of Christian theology Written by Gerald Bray An internationally renowned historian and theologian Replaces ISBN 978 1 4335 2694 7      The Supremacy of God in the Theology of Samuel Rutherford Guy M. Richard, 2009-02-17 This book presents the first modern in depth study of the theology of one of the most influential figures in post Reformation Scotland Samuel Rutherford c 1600 1661 Although much has been written over the years about Rutherford s political thought or about his nearly mystical piety very little actually has appeared in print about his theology Among those hwo have written Rutherford s theology in the past none have done so in a comprehensive systematic manner and none have devoted any attention at all to examining Rutherford s Latin treatises The current work seeks to fill both lacunae by presenting Rutherford s theology beginning with the doctrine of assurance and by drawing chiefly upon what is arguably his magnum opus theologiae the Examen Arminianismi The Examen which consists of lectures Rutherford delivered to his divinity students at St Andrews University is the closest thing he has to a proper systematic theology text But because it is also a polemical treatise aimed primarily against the Arminians the Examen provides a context for us to engage not only with the seventeenth century dispute over Arminianism but also with the more contemporary debate of Calvin vs the Calvinists      **Calvin and the Federal Vision** Jeong Koo Jeon, 2009-06-12 John Calvin 1509 64 was the pinnacle of the sixteenth century Protestant Reformation in Europe As we celebrate the five hundred year anniversary of his birth it is worthy to explore Calvin s covenant theology which may be one of the best windows to understand and evaluate his theology as a whole In recent years the Federal Vision has been surfaced in the American conservative Reformed and evangelical circles It has strong hermeneutical theological and practical attachment with Calvin Although Calvin was a covenant theologian he firmly maintained the evangelical distinction between law and gospel especially in his exposition of justification by faith alone sola fide and salvation by grace alone sola gratia with a balanced emphasis of believers covenantal obedience Moreover we will find out that Calvin not only applied the distinction

between law and gospel to soteriology but also in the depiction of redemptive history In Calvin the distinction between law and gospel was foundational for the depiction of biblical vision of eschatology in the Garden of Eden before the Fall and under the Old Covenant However the exponents of the Federal Vision deny any validity of the distinction between law and gospel in hermeneutics theology and practice while they identify themselves with those of Calvin In that sense we may identify the Federal Vision not with the Protestant Reformation and Calvin but as consistent monocovenantalism in which they deny the distinction between law and gospel and apply that monocovenantal principle consistently to their understandings of hermeneutics soteriology the doctrine of double predestination and sacramental theology

Fields, 2005-09-01 This work examines key aspects of the development of the Heidelberg Catechism including historical background socio political origins purpose authorship sources and theology The book includes the first ever English translations of two major sources of the Heidelberg Catechism Ursinus's Smaller and Larger Catechisms and a bibliography of research on the document since 1900 Students of the Reformed tradition and the Protestant Reformation will value this resource

[The Unaccommodated Calvin](#) Richard A. Muller, 2001-12-20 This book attempts to understand Calvin in his 16th century context with attention to continuities and discontinuities between his thought and that of his predecessors contemporaries and successors Muller pays particular attention to the interplay between theological and philosophical themes common to Calvin and the medieval doctors and to developments in rhetoric and method associated with humanism

*The Ashgate Research Companion to John Owen's Theology* Mr Mark Jones, Mr Kelly M Kapic, 2015-07-28 As a revival in Owen studies and reprints has taken place this much needed Companion by an international group of leading scholars helpfully explores key questions related to Owen's method theology and pastoral practice Examining his thought through such topics as his epic work on the Holy Spirit his developed view of faith and reason and his contribution to the place of toleration this book offers an authoritative exploration of Britain's greatest theologians

**Beyond Calvin** John V. Fesko, 2012-06-13 The investigation of union with Christ and justification has been dominated by the figure of John Calvin Calvin's influence however has been exaggerated in our own day Theologians within the Early Modern Reformed tradition contributed to the development of these doctrines and did not view Calvin as the normative theologian of the tradition John V Fesko therefore goes beyond Calvin and explores union with Christ and justification in the Reformation Early Orthodox and High Orthodox periods of the Reformed tradition and covers lesser known but equally important figures such as Juan de Valdes Peter Martyr Vermigli Girolamo Zanchi William Perkins John Owen Francis Turretin and Herman Witsius The study also covers theologians that either lie outside or transgress the Reformed tradition such as Martin Luther Philip Melancthon Faustus Socinus Jacob Arminius and Richard Baxter By treating this diverse body of figures the study reveals areas of agreement and diversity on these two doctrines The author demonstrates that among the diverse formulations all surveyed Reformed theologians accord

justification priority over sanctification within the broader rubric of union with Christ Fesko shows that Reformed theologians affirm both union with Christ and the golden chain of salvation ideas that moderns find incompatible In sum rather than reading an individual theologian isolated from his context this study provides a contextual reading of union with Christ and justification in the Early Modern Reformed context **The Theological Origins of Liberalism** Ismail Kurun,2016-07-26

This eye opening book offers a critical survey of the true origins of liberalism It challenges the widely held belief among social scientists that liberalism was developed in opposition to Christianity Beginning with the Protestant Reformation it illustrates how Christian thinkers reinterpreted Christianity and used a set of indemonstrable biblical presuppositions from their reinterpretations to develop the first liberal ideas starting a process that culminates in the birth of the first liberal political theory in the writings of a devout Christian philosopher John Locke It explains how the Protestant Reformation covenant theology anti trinitarianism and medieval Christian natural law theories formed the foundations of liberalism Thus the central claim of this book is that liberalism is better understood as a radical reinterpretation of Christianity that emerged in the post Reformation and early modern period As a logical consequence of revealing the hitherto generally neglected roots of liberalism it eventually proposes that a legally pluralist liberal political theory is the best way to maintain human dignity and peace in multi religious societies of today s globalized world **To You and Your Children** Benjamin K. Wikner,2004

Scripture promises that God s people shall not labor in vain nor bring forth children for trouble for they shall be the descendants of the blessed of the Lord and their offspring with them Is 65 22 23 and that Christ will turn the hearts of the children to their fathers Mal 4 6 Yet Christian parents today face a disturbing exodus of their children from the Church to the world Why is this What is the place of children within the faith What do the promises mean Recognizing that this subject is fraught with difficulty and grief the twelve contributors to this volume seek to address the hard questions and lay a biblical foundation of hope for our children Contributors include Timothy Bayly Joel Belz Randy Booth David Hagopian Douglas Jones Dr Nelson D Kloosterman Dr Charles Alan McIlhenny Dr Robert S Rayburn G Mark Sumpter Tom Trouwborst Benjamin K Wikner and Douglas Wilson *Scottish Federalism and Covenantalism in Transition* Stephen G Myers,2016-09-29 How freely can salvation be offered to people How do Law and Grace find balance What influence does federal theology have on the overall theological enterprise How does a confessional church interact with both the civil government and other religious communions These are the questions roiling the twenty first century church these were the questions threatening to splinter the Scottish church in the early eighteenth century In those earlier days of mounting theological confrontation within the Scottish church Ebenezer Erskine a parish minister renowned for his evangelistic zeal had a major role to play Through this examination of the theology and ministry of Erskine one therefore gains not only a deeper understanding of a man critically important within Presbyterian history but also insight into the pressing theological disputes of the day By analysing Erskine s contributions to ongoing theological discussion greater clarity is gained on the development of federal theology on the root

causes of the Marrow controversy and on the challenges involved as increasing religious diversity penetrated lands once dominated by national churches In these areas and more Erskine serves both to illuminate an obscure era and to refine modern understandings of still controversial theological issues     The Oxford Handbook of Calvin and Calvinism Bruce Gordon, Carl R. Trueman, 2021 John Calvin was a leader of the European Reformation of the sixteenth century and the influence of his thought remains crucial in our world This collection explores the origins of Calvin's thought and the theological, historical, and cultural circumstances in which they have evolved from Geneva to our times     **Calvin** Bruce Gordon, 2009-07-21 During the glory days of the French Renaissance young John Calvin 1509-1564 experienced a profound conversion to the faith of the Reformation For the rest of his days he lived out the implications of that transformation as exile, inspired reformer, and ultimately the dominant figure of the Protestant Reformation Calvin's vision of the Christian religion has inspired many volumes of analysis but this engaging biography examines a remarkable life Bruce Gordon presents Calvin as a human being, a man at once brilliant, arrogant, charismatic, unforgiving, generous, and shrewd The book explores with particular insight Calvin's self-conscious view of himself as prophet and apostle for his age and his struggle to tame a sense of his own superiority perceived by others as arrogance Gordon looks at Calvin's character, his maturing vision of God and humanity, his personal tragedies and failures, his extensive relationships with others, and the context within which he wrote and taught What emerges is a man who devoted himself to the Church, inspiring and transforming the lives of others, especially those who suffered persecution for their religious beliefs     **The Promise of the Trinity** B. Hoon Woo, 2018-09-10 The doctrine of the *pactum salutis* (covenant of redemption) offers the idea of a covenant between the very persons of the Trinity for the redemption of humanity The doctrine received most of its attention in seventeenth-century Reformed theology and has been criticized and almost totally forgotten in dogmatics since the eighteenth century Most recent Reformed dogmatics tend to ignore the doctrine or disparage it from biblical, trinitarian, christological, pneumatological, and soteriological perspectives namely the doctrine lacks scriptural basis, it is tritheistic, it leads to subordination of the Son, it omits the role of the Holy Spirit, and it applies a deterministic idea for the Christian life The theologies of Witsius, Owen, Dickson, Goodwin, and Cocceius portray a very robust form of the doctrine Witsius argues with the help of a peculiar methodology of cross-referencing and collation of related scriptural texts that the doctrine is firmly based on biblical exegesis that was passed on from the patristic era The doctrine formulated by Owen endorses the doctrines of inseparable operations and *terminus operationis* so as to give deep insight into the Trinity In Dickson's doctrine the Son's voluntary consent and obedience to the will of the Father are highly emphasized Likewise Goodwin's depiction of the Holy Spirit secures the divinity of the Spirit as well as his indispensable role for the transaction and accomplishment of the *pactum* The doctrine in the theology of Cocceius sheds much light on the vibrant dynamic of the Christian life in accordance with the *ordo salutis* The doctrine of the *pactum salutis* of the five Reformed theologians clearly shows that the doctrine is both promised and

promising for theology and the life of faith      *The Oxford Handbook of Reformed Theology* Michael Allen, Scott R. Swain, 2020 A comprehensive study of Reformed theology spanning historical contexts to contemporary discussions Contributors provide a range of theological essays to assess representative texts of the Reformed tradition Explores the intricate ties between patristic medieval and modern thought in Reformed theology Accessible authoritative and clearly organized Book jacket
