German Expressionists: the Blue Rider School Olga Neigemont, 1968 *The German Cabaret Legacy in American Popular Music* William Farina, 2013-01-28 The stylistic remnants of cabaret music from Weimar era Germany are all around us During the 20th century its most prominent American exponents were the Germans Marlene Dietrich and Lotte Lenya whose careers extended through the 1970s Because of them and others the words and music of such artists as Kurt Weill Bertolt Brecht Friedrich Hollaender and Marcellus Schiffer continue to be heard and exert widespread influence Major songwriters touched by cabaret include Lennon McCartney Bacharach David Kander Ebb Bob Dylan Randy Newman and Patti Smith among many others African American artists beginning with Louis Armstrong have been sympathetic interpreters of cabaret music Modern day Las Vegas appears to be the fulfillment of a prophecy made in the late 1920s by Weill Brecht in their Mahagonny stage works And today the German Kabarett tradition remains strong with such stars as Ute Lemper and Max Raabe packing international venues The Blaue Reiter Almanac Wassily Kandinsky, Franz Marc, Klaus Lankheit, 1974 Originally published in 1912 this provocative anthology is now one of our most crucially important works of literature on the art theory and culture of this century Edited by two young painters whose intention was to make modern artistic currents accessible to the European avant garde it gave a common spiritual basis to the Blaue Reiter search for synthesis of international culture back cover German Expressionist Woodcuts Shane Weller, 2012-05-11 Over 100 works by Beckmann Feininger Kirchner Kollwitz Nolde Marc and others Distorted stylized forms embody revolutionary mood of the early 20th century Introduction Captions Notes on artists **Bibliography of German Expressionism** Robert Gore Rifkind Center for German Expressionist Studies. 1991 Thus the concept of a short century is unduly influenced by a Cold War perspective In Europe s Long Century Spencer Di Scala presents an alternative view that will be more helpful to undergraduate history students in the twenty first century namely that twentieth century Europe was actually a long century lasting approximately from 1900 to 2000 with patterns and antecedents discernible before the century began and that continue to be elaborated today Comprehensive current and affordable Europe s Long Century integrates the histories of Eastern Europe Scandinavia and the Balkans that are often neglected in similar treatments It also thoroughly covers the role of science in shaping modern European life and the book s biographical sketches profile the lives of important though not always well known people who influenced Europe s long century

Trouble in Paradise David Weir, 2021-10-07 Ernst Lubitsch s *Trouble in Paradise* 1932 was released at a critical moment in cinema history just after the advent of synchronized sound technology and just before the full implementation of the production code By the time of its release Lubitsch had already directed more than 50 films but it was unlike anything he had done before Aside from being his first non musical talking picture the film introduced a level of sophistication and visual subtlety that established the benchmark for classic Hollywood cinema for years to come In his study of the film David Weir explores its significance within Lubitsch s career but also its larger cultural significance within the history of cinema and the social

context of its release during the Great Depression Paying careful attention to the film itself Weir discusses its source material its mise en scene and art deco production design and its inventive use of post synchronized sound Drawing on original archival research Weir traces *Trouble in Paradise*'s reception history including its critical reception and the effect of the Motion Picture Production Code which led to the film being denied approval for re release in 1935 **Boston Modern** Judith Arlene Bookbinder, 2005 A fresh incisive study of the expressionist approach to modern art in Boston Berlin Metropolis Emily D. Splinters in Your Eye Martin Jay, 2020-07-14 Although successive generations of the Frankfurt School have attempted to adapt Critical Theory to new circumstances, the work done by its founding members continues in the 21st century to unsettle conventional wisdom about culture, society and politics. Exploring unexamined episodes in the School's history and reading its work in unexpected ways, these essays provide ample evidence of the abiding relevance of Horkheimer, Adorno, Benjamin, Marcuse, Lwenthal and Kracauer in our troubled times. Without forcing a unified argument, they range over a wide variety of topics from the uncertain founding of the School to its mixed reception of psychoanalysis, from Benjamin's ruminations on stamp collecting to the ironies in the reception of Marcuse's *One Dimensional Man*, from Lwenthal's role in Weimar's Jewish Renaissance to Horkheimer's involvement in the writing of the first history of the Frankfurt School. Of special note are their responses to visual issues such as the emancipation of color in modern art, the Jewish prohibition on images, the relationship between cinema and the public sphere and the implications of a celebrated Family of Man photographic exhibition. The collection ends with two essays tracing the still metastasizing demonization of the Frankfurt School by the so-called Alt Right as the source of cultural Marxism and political correctness, which has gained alarming international resonance and led to violence by radical right wing fanatics. 2019 Günter Berghaus, Oleh S. Ilnytskyj, Gabriella Elina Imposti, Christina Lodder, 2019-12-16 The ninth volume of the International Yearbook of Futurism Studies is dedicated to Russian Futurism and gathers ten studies that investigate the impact of F.
