beyond its narrow academic confines **The German Influence in Danish Literature in the 18. Century** J. W. Eaton, 1929 **The Life of August Wilhelm Schlegel, Cosmopolitan of Art and Poetry** Roger Paulin, 2016-02-01 This is the first full scale biography in any language of a towering figure in German and European Romanticism August Wilhelm Schlegel whose life 1767 to 1845 coincided with its inexorable rise As poet translator critic and oriental scholar Schlegel s extraordinarily diverse interests and writings left a vast intellectual legacy making him a foundational figure in several branches of knowledge He was one of the last thinkers in Europe able to practise as well as to theorise and to attempt to comprehend the nature of culture without being forced to be a narrow specialist With his brother Friedrich for example Schlegel edited the avant garde Romantic periodical Athenaeum and he produced with his wife Caroline a translation of Shakespeare the first metrical version into any foreign language Schlegel s Lectures on Dramatic Art and Literature were a defining force for Coleridge and for the French Romantics But his interests extended to French Italian Spanish and Portuguese literature as well to the Greek and Latin classics and to Sanskrit August Wilhelm Schlegel is the first attempt to engage with this totality to combine an account of Schlegel s life and times with a critical evaluation of his work and its influence Through the study of one man s rich life incorporating the most recent scholarship theoretical approaches and archival resources while remaining easily accessible to all readers Paulin has recovered the intellectual climate of Romanticism in Germany and traced its development into a still potent international movement The extraordinarily wide scope and variety of Schlegel s activities have hitherto acted as a barrier to literary scholars even in Germany In Roger Paulin whose career has given him the knowledge and the experience to grapple with such an ambitious project Schlegel has at last found a worthy exponent The Cambridge Modern History Sir Adolphus William Ward, George Walter Prothero, Stanley Mordaunt Leathes, 1909 *Enlightened Preaching* Merethe Roos, 2013-03-27 Balthasar M nter 1735 1793 is known primarily for being the spiritual advisor for Johann Friedrich Struensee in 1772 M nter is however generally interesting as a contributor to the theological development in Denmark Norway in the eighteenth century not least because he left a great number of theological texts to posterity These texts are written in a public and political environment offering shifting conditions for the church This present book analyses M nter s texts and sheds light on the extent to which he changes his preaching and teaching in accordance with the varying contextual conditions the church was given this period The result is a textually oriented research work highlighting important theological texts which have not previously been the subject of scholarly investigation *Notes and Queries* , 1929 Coleridge Notebooks V1 Notes Kathleen Coburn, 2019-09-25 First published in 2002 Volume 1 of the notes on the Notebooks of Samuel Taylor Coleridge spanning from 1794 to 1804 The volume is in two parts text and notes During his adult life until his death in 1834 Coleridge made entries in more than sixty notebooks Neither commonplace books nor diaries but something of both they contain notes on literary theological philosophical scientific social and psychological matters plans for and fragments of works and many other
