German Romanticism and Philipp Otto Runge Rudolf Mathias Bisanz, 1970 German Romanticism and Philipp Otto Runge Rudolf M. Bisanz, 1970 German Romanticism and Philipp Otto Runge. Aesthetic Vision and German Romanticism Brad Prager, 2007 Crosses disciplinary boundaries to explore German Romantic writing about visual experience and the interplay of text and image in Romantic epistemology The work of the groundbreaking writers and artists of German Romanticism including the writers Tieck Brentano and Eichendorff and the artists Caspar David Friedrich and Philipp Otto Runge followed from the philosophical arguments of the German Idealists who placed emphasis on exploring the subjective space of the imagination The Romantic perspective was a form of engagement with Idealist discourses especially Kant's Critique of Pure Reason and Fichte's Science of Knowledge Through an aggressive speculative reading of Kant the Romantics abandoned the binary distinction between the palpable outer world and the ungraspable space of the mind's eye and were therefore compelled to develop new terms for understanding the distinction between internal and external In this light Brad Prager urges a reassessment of some of Romanticism's major oppositional tropes contending that binaries such as self and other symbol and allegory and light and dark should be understood as alternatives to Lessing's distinction between interior and exterior worlds Prager thus crosses the boundaries between philosophy literature and art history to explore German Romantic writing about visual experience examining the interplay of text and image in the formulation of Romantic epistemology Brad Prager is Associate Professor of German at the University of Missouri Columbia **The Literature of German Romanticism** Dennis F. Mahoney, 2004 Sharply focused essays on the most significant aspects of German Romanticism This volume of sharply focused essays by an international team of scholars deals not only with the most significant literary philosophical and cultural aspects of German Romanticism one of the most influential albeit highly controversial movements in the history of German literature but also with the history and status of scholarship on the literature of the period The introduction and first section establish an overall framework by placing German Romanticism within a European context that includes its English counterpart Goethe and Schiller are considered as are the Jena Romantics The second section is organized according to the traditional distinctions between epic dramatic and lyric modes of writing while realizing that particularly in the Romantic novel there was an attempt to blend these three A final group of essays focuses on German literary Romanticism's relation to other aspects of German culture folklore studies politics psychology natural science gender presentation and representation music and visual art Contributors Gerhard Schulz Arnd Böhm Richard Littlejohns Gerhart Hoffmeister Ulrich Scheck Claudia Stockinger Bernadette Malinowski Fabian Lampart Klaus Peter Gabriele Rommel Martha B.
