**Who's who in America** ,1924 **Plain Words from America: A Letter to a German Professor (1917)** Douglas Wilson Johnson, 2019-12-16 In Plain Words from America A Letter to a German Professor Douglas Wilson Johnson articulates a nuanced exploration of transatlantic tensions amidst World War I Written as a direct correspondence to a German academic the text offers a candid reflection on American democratic ideals contrasting them with the realities of militarism and nationalism pervasive in Europe at the time Johnson s literary style is marked by clarity and eloquence embodying a straightforwardness that not only serves his argumentation but also reflects the urgency of the moment in which he wrote The work positions itself within the larger discourse of American identity and foreign policy during a period of escalating conflict and uncertainty Douglas Wilson Johnson an esteemed scholar and public intellectual was deeply engaged with the cultural and political currents of his era His experiences and education rooted in both American and European traditions provided him with unique insights into the ideologies at play Johnson s academic background in history and literature informs his approach fostering a critical dialogue that speaks not just to scholars but to a broader audience grappling with the complexities of war and national identity This book is highly recommended for readers interested in the intersection of literature and politics particularly in the context of World War I Johnson s incisive commentary and heartfelt plea for understanding between nations make this letter a vital read for anyone seeking to grasp the intricate dynamics of early 20th century global relations

**Ethnic Diasporas and the Canada-United States Security Community** David G. Haglund, 2015-03-25 Ethnic Diasporas and the Canada United States Security Community focuses on three diasporas and their impact on North American security relations the Irish and Germans which were mainly in the US and the Muslim diaspora which is based in both countries The book begins by examining the evolution of North America from a zone of war to a zone of peace i e a security community starting with the debate over the nature and meaning of the Canada US border It then assesses the role of ethnic diasporas in North American security looking as to whether ethnic interest groups have been gaining influence over the shaping of the US foreign policy This debate is also valid in

Canada especially given the practice of federal political parties of catering to blocs of ethnic voters The second section of the book focuses on three case studies The first examines the impact of the Irish Americans on the quality of security relations between the US and the UK and therefore between the former and Canada The second looks at an even larger diaspora the German Americans whose political agenda by the start of twentieth century attempted to discourage Anglo American entente and eventual alliance The final case concentrates on the debates around the North American Muslim diaspora in the past two decades a time when policy attention turned toward the greater Middle East which in many ways constitute the kin community of this politically active diaspora This comparative assessment of the three cases provides contextualization for today's discussion of homegrown terrorism and its implication for bilateral security cooperation in North America
