German Democratic Republic Politics Economics And Society:

German Democratic Republic Mike Dennis,1988 **Politics, Economics, and Society in the Two Germanies, 1945-75** Richard L. Merritt,Kathleen Kelly Rummel,1978 The Conscription Society Gregory James Kasza,1995-01-01 The ability to organize millions of people for political purposes is a potent and relatively recent weapon in the struggle for power Political scientists have studied two types of mass organization the political party and the interest group In this book Gregory Kasza examines a third type which he calls the administered mass organization AMOs are mass civilian bodies created by authoritarian regimes to implement public policy Officials use them to organize youths workers women or members of other social sectors into bodies resembling the mass conscript army A network of AMOs produces a conscription society a major force in twentieth century politics in over 45 countries Using comparative history and organization theory Kasza analyzes the politics of the conscription society in both military and single party regimes He discusses the origins of AMOs in Japan the Soviet Union and Fascist Italy and their subsequent spread to China Egypt Nazi Germany Peru Poland and Yugoslavia He focuses on the use of AMOs to curb political opposition to mobilize for war and to shift control over the means of production Kasza shows how in the hands of despotic rulers AMOs have contributed to the extremes of political barbarism characteristic of the twentieth century *Ibss: Political Science: 1988* British Library of Political and Economic Science,1992 This bibliography lists the most important works in political science published in 1988 *Social Transformation and the Family in Post-Communist Germany* E. Kolinsky,1998-04-02 The unification of Germany set in motion one of the most interesting and uncharted developments of our era the transformation of a whole society This book examines key areas of transformation with special reference to the place and future of the family **East European Fault Lines** Janusz Bugajski,2019-04-10 This book provides a comparative analysis of oppositionist trends in the Soviet satellite states of contemporary Eastern Europe It evaluates the extent and objectives of independent social activism in these countries and explores both the causes and effects of public dissent **Re-Assessing the Gdr: Papers from a Nottingham Conference** J H Reid,1994 How Socialist East Germany's Elite Turned Capitalist Gerhard Schnehen,2021-05-01 When East and West Germany re united the world was amazed but this great moment should have been foreseen East Germany the GDR was not transformed by a counterrevolution from the outside the leadership was always capitalist at heart The author shows how they were undermining the socialist foundations even in the 1950s as soon as Stalin died Gerhard Schnehen leads us through the historic events that led to the formation of the German Democratic Republic GDR He documents what others have left out of the story explaining the underlying causes why the supposedly Communist part of Germany collapsed in 1989 to be completely integrated into the capitalist Federal Republic of Germany The reunited and imperialist Germany today is the dominant force in the European Union and the main ally of US imperialism globalism and neoliberalism With the rise to power of the Khrushchev clique the GDR also changed colors Guided by Khrushchev and his group they introduced economic

reforms leading to the restoration of a type of capitalism in the country where the profit principle was reinstated as the main regulator of social production This in turn caused numerous and chronic crises in the country which in the West were then happily attributed to socialism or communism as a whole inviting attacks on a system that cannot work However such commentators completely ignore and do not want to discuss the fact that GDR s socialism was brought down very early in the early sixties by leading officials of the ruling party themselves who introduced a whole series of capitalist reforms in order to modernize socialism and to make it more effective as the Ulbricht reformers put it These so called reforms are analyzed here at length illustrating how they did away with socialist principles and restored capitalist principles into the economy in a way that made the country prone to the chronic crises typical of capitalism This then led to a substantial part of the dissatisfied population turning away from socialism the socialist state and the SED ruling party and looking toward West Germany for a better lifestyle In late 1989 the GDR imploded and within months it was swallowed up by West German banks and corporations

Parties And Politics In Modern Germany Gerard Braunthal,2019-06-18 This comprehensive text provides a detailed overview of the party system and politics of one of the most powerful states in the international arena Noted scholar Gerard Braunthal surveys the parties in the Federal Republic of Germany and in the German Democratic Republic after World War II and in united Germany since 1990 By illustrating the cent

A History of Modern Germany Martin Kitchen,Lauren Faulkner Rossi,2023-08-15 A HISTORY OF MODERN GERMANY A History of Modern Germany provides a comprehensive account of the social political and economic history of Germany from 1800 to the present Written in an engaging and accessible narrative style this popular textbook offers an expansive view of the nation s complex and fragmented past tracing the development of the German national consciousness through Napoleonic rule the unification of Germany the German Empire the Weimar Republic the Third Reich post war division the collapse of Communism reunification and the first two decades of the 21st century Throughout the text the authors discuss the tensions prompted by structural changes within Germany long term shifts in demographics social and economic reforms and more Now in its third edition A History of Modern Germany offers richer coverage of German cultural history the German Democratic Republic modernization class religion and gender Updated chapters explore continuity in imperial projects from Bismarck to Hitler memory and commemoration since 1945 the distinct but intertwined histories of the two Germanys between 1949 and 1989 and the experience of diversity after the Second World into the post unification era A History of Modern Germany 1800 to the Present Third Edition is an excellent textbook for undergraduate students taking courses in modern German history or modern European history as well as general readers with an interest in the subject German Unification and the Union of Europe Jeffrey J. Anderson,1999-06-10 This book explores the effects of Germany s unification in 1990 on its policies toward the European Union Cold War Ecology Arvid Nelson,2008-10-01 East Germany its economy and its society were in decline long before the country s political collapse in the late 1980s The clues were there in the natural landscape Arvid

Nelson argues in this groundbreaking book but policy analysts were blind to them Had they noted the record of the leadership s values and goals manifest in the landscape they wouldn t have hailed East Germany as a Marxist Leninist success story Nelson sets East German history within the context of the landscape history of two centuries to underscore how forest and ecosystem change offered a reliable barometer to the health and stability of the political system that governed them Cold War Ecology records how East German leaders indifference to human rights and their disregard for the landscape affected the rural economy forests and population This lesson from history suggests new ways of thinking about the health of ecosystems and landscapes Nelson shows and he proposes assessing the stability of modern political systems based on the environment s system qualities rather than on political leaders goals and beliefs *East Central Europe and the former Soviet Union* Michael Bradshaw, Alison Stenning, 2016-04-15 A comprehensive introduction to the important economic social and political processes and development issues in this increasingly popular area of study Employing a groundbreaking thematic approach the book centres its discussion on the interrelation between contemporary development theories and continuing transition issues in this huge and complex region *The Statesman's Yearbook 2006* B. Turner, 2017-02-07 For one hundred and forty two years The Statesman s Yearbook has been relied upon to provide accurate and comprehensive information on the current political economic and social status of every country in the world The 2006 edition is fully updated and contains more information than ever before A foldout colour section provides a political world map and flags for the one hundred and ninety two countries of the world In an endlessly changing world the annual publication of The Statesman s Yearbook gives you all of the information you need in one easily digestible single volume It will save hours of research and cross referencing between different sources and it is an essential annual purchase **A Guide to the Socialist Economies** Ian Jeffries, 2022-03-07 First published in 1990 A Guide to the Socialist Economies explores the evolution of a variety of economic systems in the socialist world and highlights major problems facing fourteen countries Albania Bulgaria China Cuba Czechoslovakia the GDR Hungary North Korea Mongolia Poland Romania the Soviet Union Vietnam and Yugoslavia against a background of continuous change characterized by such events as the Berlin blockade the Korean war the Hungarian revolution and the invasion of Czechoslovakia The traditional Soviet economic model is studied in detail as the basic system adopted by or imposed upon all of these countries A separate chapter is devoted to foreign trade in general and Comecon in particular while each of the country studies deals with the political and economic background economic reforms including industry agriculture the financial system and foreign trade and capital and the private sector The book provides information on the economic institutions of all the individual countries which is invaluable if the various courses of reform each country has engaged upon are to be understood Historical material supplements contemporary information in a work which is to be an essential reference for anyone engaged in a study of or trade with the socialist countries *The Theory and Practice of Communism in 1971* United States. Congress. House. Committee on Internal Security, 1971 Global

Society in Transition: An International Politics Reader Daniel N. Nelson, Laura Neack, 2002-05-13 International Politics A Journal of Transnational Issues and Global Problems has since 1997 published an extraordinary array of path breaking analyses about the world's political metamorphosis Featuring scholarship that transcends boundaries of states and disciplines International Politics editors and contributors have joined to assemble from the journal's last few volumes a far reaching portrait of new actors identities norms and institutions that populate a stage once confined to states power and national interests Further interventions to build states make or keep the peace impose sanctions or save currencies are examined as are the institutional enlargements at the forefront of policy in Europe This book offers a wealth of policy relevant scholarship about a world in making not yet detached from Cold War or even Westphalian roots but certainly in process towards a qualitatively different global system All published after rigorous peer review chapters in Global Society in Transition will provide comparative politics international relations and world affairs courses at undergraduate and graduate level with instant access to the best of new research and innovative thinking in these fields **State and Minorities in Communist East Germany** Mike Dennis, Norman LaPorte, 2011-08-01 Based on interviews and the voluminous materials in the archives of the SED the Stasi and central and regional authorities this volume focuses on several contrasting minorities Jehovah's Witnesses Jews guest workers from Vietnam and Mozambique football fans punks and skinheads and their interaction with state and party bodies during Erich Honecker's rule over the communist system It explores how they were able to resist persecution and surveillance by instruments of the state thus illustrating the limits on the power of the East German dictatorship and shedding light on the notion of authority as social practice *The Statesman's Yearbook 2023* Palgrave Macmillan, 2023-01-04 Now in its 159th edition The Statesman's Yearbook continues to be the reference work of choice for accurate and reliable information on every country in the world Covering political economic social and cultural aspects the Yearbook is also available online for subscribing institutions The Economy and Economics After Crisis Jüri Sepp, Dean Frear, 2011-01-01
