German Military Forces Of The Nineteenth Century:

The Nineteenth Century ,1915 **The Nineteenth Century and After** ,1915 *The Myth and Reality of German Warfare* Gerhard P. Gross,2016-09-16 Surrounded by potential adversaries nineteenth century Prussia and twentieth century Germany faced the formidable prospect of multifront wars and wars of attrition To counteract these threats generations of general staff officers were educated in operational thinking the main tenets of which were extremely influential on military planning across the globe and were adopted by American and Soviet armies In the twentieth century Germany's art of warfare dominated military theory and practice creating a myth of German operational brilliance that lingers today despite the nation's crushing defeats in two world wars In this seminal study Gerhard P Gross provides a comprehensive examination of the development and failure of German operational thinking over a period of more than a century He analyzes the strengths and weaknesses of five different armies from the mid nineteenth century through the early days of NATO He also offers fresh interpretations of towering figures of German military history including Moltke the Elder Alfred von Schlieffen and Erich Ludendorff Essential reading for military historians and strategists this innovative work dismantles cherished myths and offers new insights into Germany's failed attempts to become a global power through military means **German Soldiers in Colonial India** Chen Tzoref-Ashkenazi,2015-10-06 Tzoref Ashkenazi presents a detailed study of two German regiments which served in India under the British between 1782 and 1791 He asks if the Germans identified with the goals of the British colonial power how they felt about local people and whether they adopted the colonial ideologies of their British employers **International Encyclopedia of Military History** James C. Bradford,2004-12-01 With its impressive breadth of coverage both geographically and chronologically the International Encyclopedia of Military History is the most up to date and inclusive A Z resource on military history From uniforms and military insignia worn by combatants to the brilliant military leaders and tacticians who commanded them the campaigns and wars to the weapons and equipment used in them this international and multi cultural two volume set is an accessible resource combining the latest scholarship in the field with a world perspective on military history **Quarterly Review of Military Literature** ,1973 *Armed Forces in Law Enforcement Operations? - The German and European Perspective* Kim Eduard Lioe,2010-11-25 At the center of this study lies the allocation of responsibilities and the division of labor between the armed forces and the mission of the police as well as other security forces in Europe The mission of these forces defines the demarcation line between the spheres of internal and external security by assigning the former to the police and the latter to the armed forces The focal idea is the evaluation of the feasibility of a strict separation as maintained in Germany in a European context practical difficulties in its application and potential ways to overcome such difficulties This comprises in particular a comparison of the German Way with other European states and the corresponding methods chosen against the background of joint operations abroad *The Family Tree Historical Atlas of Germany* James M. Beidler,2019-06-18 Delve into your German heritage This carefully curated

collection of beautiful historical maps of Germany will help you sort out the mess that is German history With these 100 plus full color maps you can view German border changes throughout the centuries allowing you to find your German hometown and records of your ancestors Inside you ll find Beautiful maps of German states from medieval times to present each selected specifically for the genealogist Extensive histories of Germanic regions that will walk you through the country s long and complex past from the Holy Roman Empire to the Berlin Wall Beautiful full color maps bound in a hardcover format that makes a great gift for historians and genealogists Detailed captions that put each map in context Timelines of the events in each era of German history that affected boundary changes A special village index that will help you pinpoint your ancestor s hometown

Harper's Pictorial Library of the World War Albert Bushnell Hart, 1920 **Army History**, 1989 **Politics of Democratic Breakdown** Gangsheng Bao, 2022-05-30 Democratic breakdown as a political and historic event can impact the fate of millions if not hundreds of millions of people by changing the political complexion of a country This book attempts to systematically explain why democracies collapse The author's main theoretical argument is based on the examination of two factors One is political cleavages among voters These can cause serious political conflicts and may lead to fierce political confrontation and major upheaval at the society level The other revolves around the types of political and institutional arrangements under democratic regimes Centrifugal democratic regimes are likely to weaken government capacity or state capacity rendering governments incapable of effectively resolving political conflicts and when these two factors come together political conflicts are less likely to be controlled effectively These situations can evolve into serious political crises and eventually lead to the collapse of democratic regimes The empirical research of this book is based on a comparative historical analysis of Germany Nigeria Chile and India Examining democratic collapses from both theoretical and empirical perspectives this book will be of interest to those engaged in the study of democracy Political Science Comparative Politics and Political Theory **The German War Machine in World War II** David T. Zabecki, 2019-12-02 This invaluable resource offers students a comprehensive overview of the German war machine that overran much of Europe during World War II with close to 300 entries on a variety of topics and a number of key primary source documents This book provides everything the reader needs to know about the German war machine that developed into the potent armed force under Adolf Hitler This expansive encyclopedia covers the period of the German Third Reich from January 1933 to the end of World War II in Europe in May 1945 Dozens of entries on key battles and military campaigns military and political leaders military and intelligence organizations and social and political topics that shaped German military conduct during World War II are followed by an illuminating epilogue that outlines why Germany lost World War II A documents section includes more than a dozen fascinating primary sources on such significant events as the Tripartite Pact among Germany Italy and Japan the Battle of Stalingrad the Normandy Invasion the Ardennes Offensive and Germany's surrender In addition six appendices provide detailed information on a variety of topics such as German aces military commanders and military medals and decorations The book ends with a chronology and a bibliography of print resources
