The European Roman d'Analyse Adele Kudish, 2020-01-23 Through close readings of a selection of European novels and novellas written between 1340 and 1827 this study of analytical fiction examines how unconsummated love stories probe the frailty of self knowledge Tracing elements of what the French call the roman d'analyse in the works of Boccaccio Marguerite de Navarre Cervantes Marie de Lafayette Samuel Richardson Jane Austen and Stendhal Adele Kudish discusses how the metaphor of unconsummated love is deployed to represent a fundamental lack of insight into the self Rather than depicting the mind as transparent analytical fiction deals in the opacity of the mind Narrators and characters are faced with deception misprision doubt and confusion leading to self deception jealousy and crises of self *The European Roman d'Analyse* reads such epistemological failures as symptoms of a more fundamental preoccupation with the human psyche as un chartable and bizarre In this way the authors of romans d'analyse enact a larger philosophical project an anatomy of the psyche wherein we are unable or unwilling to know ourselves

The Case for Women in Medieval Culture Alcuin Blamires, 1998-08-27 Misogyny is of course not the whole story of medieval discourse on women medieval culture also envisaged a case for women But hitherto studies of profeminine attitudes in that

periods culture have tended to concentrate on courtly literature or on female visionary writings or on attempts to transcend misogyny by major authors such as Christine de Pizan and Chaucer This book sets out to demonstrate something different that there existed from early in the Middle Ages a corpus of substantial traditions in defence of women on which the more familiar authors drew and that this corpus itself consolidated strands of profeminine thought that had been present as far back as the patristic literature of the fourth century The Case for Women surveys extant writings formally defending women in the Middle Ages breaks new ground by identifying a source for profeminine argument in biblical apocrypha offers a series of explorations of the background and circulation of central arguments on behalf of women and seeks to situate relevant texts by Christine de Pizan Chaucer Abelard and Hrotsvitha in relation to these arguments Topics covered range from the privileges of women and pro Eve polemic to the social and moral strengths attributed to women and to the powerful models frequently disruptive of patriarchal complacency presented by Old and New Testament women The contribution made by these emphases which are not to be confused with feminism in a modern sense to medieval constructions of gender is throughout critically assessed and the book concludes by asking how far defenders were controlled by or able to query assumptions about what was natural and therefore imagined inflexible in gender theory Jacopo Caviceo's Peregrino Sherry Roush, 2023-02-27 Jacopo Caviceo's Peregrino 1508 was a popular Renaissance prose romance in Italy France and Spain Considered the first novel written for women Peregrino relates the courtship of two young lovers from hostile households who succeed in doing what Romeo and Juliet among others could not reconcile their families and marry without resorting to suicide Peregrino features cameos of historical celebrities who interact with fictitious characters during their many adventures which include a Mediterranean pilgrimage courtly celebrations funerals legal trials and a journey to the Other World The book presents female agency in psychologically developed characters and contexts and includes allusions to previous literary masterpieces such as Homer's epics Virgil's Aeneid and Dante's Divine Comedy This edition includes a detailed introduction and a biography of Jacopo Caviceo Drawing on critical and comparative studies in a broad range of literary interests the book sheds light on the emergence of the modern novel in the early modern period **The Author as Character** A. J. Hoenselaars, 1999 Many fictional works have real historical authors as characters Great national literary icons like Virgil and Shakespeare have been fictionalized in novels plays poems movies and operas This fashion might seem typically postmodern the reverse side of the contention that the Author is Dead but this collection of essays shows that the representation of historical authors as characters can boast of a considerable history and may well constitute a genre in its own right This volume brings together a collection of articles on appropriations of historical authors written by experts in a wide range of major Western literatures **BOOK JACKET A History of Women's Writing in Italy** Letizia Panizza, Sharon Wood, 2000 This volume offers a comprehensive account of writing by women in Italy
