Elements of English Grammar Alfred Slater West, 1895 **The Elements of English Grammar** Alfred Slater West, 2015-06-02 Excerpt from The Elements of English Grammar This book contains the Elements of English Grammar but it does not profess to be a complete manual of the English language Boys and girls from thirteen to seventeen years of age are the readers whose wants it has been written to supply For a treatise intended to meet the requirements of older students a different choice of materials would often have been made and the materials chosen would have been treated in a different fashion Hence it will be found that in the following pages no mention is made of some of the questions which are discussed in larger works that other questions are touched upon but not probed to the bottom that here and there a definition lacks completeness logical accuracy being sacrificed to intelligibility and that the details of early English accidence have been inserted only when modern forms would be inexplicable without them There are elementary books which furnish information so copious that young readers cannot see the wood for the trees About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original

format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Elements of Grammar
