There She Goes Again Aviva Dove-Viebahn, 2023-12-15 *There She Goes Again* interrogates the representation of ostensibly powerful women in transmedia franchises examining how presumed feminine traits love empathy altruism diplomacy are alternately lauded and repudiated as possibilities for effecting long lasting social change By asking under what terms women protagonists are imagined envisioned embodied and replicated in media this book challenges how we should define and whether we need feminine forms of knowledge and power

Gender, Justice, and the Problem of Culture Dorothy L. Hodgson, 2017-03-27 An analysis of the relationships between law custom gender marriage and justice among northern Tanzania's Maasai communities When where why and by whom is law used to force desired social change in the name of justice Why has culture come to be seen as inherently oppressive to women In this finely crafted book Dorothy L Hodgson examines the history of legal ideas and institutions in Tanzania from customary law to human rights as specific forms of justice that often reflect elite ideas about gender culture and social change Drawing on evidence from Maasai communities she explores how the legacies of colonial law making continue to influence contemporary efforts to create laws codify marriage criminalize FGM and contest land grabs by state officials Despite the easy dismissal by elites of the priorities and perspectives of grassroots women she shows how Maasai women have always had powerful ways to confront and challenge injustice express their priorities and reveal the limits of rights based legal ideals This is a book that

only Dorothy Hodgson could have written with her decades of work in Tanzania vast networks in Maasailand and deep ethnographic knowledge combined with her deftness in working through more theoretical work on gender and human rights. Closely argued conceptually sharp and engagingly written Brett Shadle author of *Girl Cases Marriage and Colonialism in Gusiiland Kenya 1890 1970* Dorothy Hodgson asks a number of important and clearly articulated questions and provides thoughtful answers to them using a hybrid of historical and anthropological methodologies that combine in depth case studies with more empirically informed macro level reflection. A concise and useful resource in the undergraduate as well as the graduate classroom Priya Lal author of *African Socialism in Postcolonial Tanzania Between the Village and the World* Gender Justice and the Problem of Culture makes a significant contribution to the study of law in East Africa and elsewhere among colonized peoples and it should be required reading not only for academics interested in such matters but for activists and policymakers. American Anthropologist Hodgson's book is both rich in detail and broad in its implications for understanding struggles for justice for marginalised groups. It deserves the attention of students and scholars of African studies anthropology history political science and women's and gender studies. *Journal of Modern African Studies*
