Georg Lukacs An Autobiographical Sketch

Tijen Tunalı, Brian Winkenweder

Georg Lukacs An Autobiographical Sketch:

Record of a Life Georg Lukacs, 1985-07-17 This revealing autobiography of the Hungarian Marxist philosopher Georg Lukacs is centered on a series of interviews that he gave in 1969 and 1971 shortly before his death on 4 June 1971 Stimulated by the sympathetic yet incisive questioning of the interviewer the Hungarian essayist Istvan E. Risi Lukacs discusses at length the course of his life his years of political struggle and his formation and role as a Marxist intellectual From a highly evocative account of his childhood and school years Lukacs proceeds to discuss his political awakening the debates within the socialist movement over the First World War form the prelude to an assessment of Tactics and Ethics written in 1919 from there the discussion turns to Lukacs's early major contribution to Marxist philosophy History and Class Consciousness After considering at length the years of emigration in Vienna and the Soviet Union Lukacs finally recalls his return to Hungary after the Second World War and his new position as a revolutionary left critic of actually existing socialism By socialist democracy he wrote in 1970 I understand democracy in ordinary life as it appears in the Workers Soviets of 1871 1905 and 1917 as it once existed in the socialist countries and in which form it must be re animated This Record of a Life which includes an introduction by Istvan E. Risi furnishes a compelling tribute to a remarkable man

Georg Lukács and His Generation, 1900-1918 Mary Gluck, 1991 Here is Lukacs among friends lovers and peers in those important years before 1918 when he converted to Communism and Marxism at the age of 39 Lukacs emerges as dramatic and psychologically complex but also as a figure whose dilemmas were echoed in the lives of other radical intellectuals who came of age during the fin de siècle period

Recovering the Later Georg Lukács Matthew J. Smetona, 2023-04-25 New resources for the critique of capitalism in culture from the late writings of Georg Lukacs one of the first authors in the tradition of Western Marxism The Hungarian literary critic philosopher and Marxist social theorist Georg Lukacs is best known for his 1923 History and Class Consciousness in which he offered an influential critique of reification from the standpoint of a dialectical conception of totality While Lukacs's early works have been central to the study of Marxist thought his later works have often been dismissed as political accommodations to Stalinism In this new study Matthew Smetona argues for a revisionist interpretation of Lukacs's later writings on topics as diverse as aesthetics politics and ontology Smetona demonstrates that these writings reveal a methodological unity that follows directly from History and Class Consciousness in which realism in both literary and extraliterary senses becomes the basis for the critique of reification As Lukacs had demonstrated reification is that process by which the social relations between persons seem to take on the character of a thing Rooted in Marx's concept of commodity fetishism the critique of reification proved in Lukacs's hands to be a flexible tool capable of clarifying all manner of obfuscations that arise within the social relations that capitalism produces To recover the later work of Lukacs is to open up new horizons for Marxist cultural criticism

Georg Lukács and the Possibility of Critical Social Ontology Michael J. Thompson, 2019-12-16 Georg Lukacs was one of the most important intellectuals and philosophers of the

20th century His last great work was an systematic social ontology that was an attempt to ground an ethical and critical form of Marxism This work has only now begun to attract the interest of critical theorists and philosophers intent on reconstructing a critical theory of society as well as a more sophisticated framework for Marxian philosophy This collection of essays explores the concept of critical social ontology as it was outlined by Georg Lukacs and the ways that his ideas can help us construct a more grounded and socially relevant form of social critique This work will of special interest to social moral and political philosophers as well as those who study critical theory social theory and Marxism It is also of interest to those working within the area of social ontology Contributors include Mario Duayer Andreas Giesbert Christoph Henning Antonino Infranca Reha Kadakal Endre Kiss Michael Morris Michalis Skomvoulis Matthew J Smetona Titus Stahl Thomas Telios Michael J Thompson Murillo van der Laan Miguel Vedda Claudius Vellay **Georg Lukacs** Michael Löwy, 2023-11-21 On the 100th anniversary of the publication of *History and Class Consciousness* a new edition of this indispensable guide to Lukacs's thought and politics The philosophical and political development that converted Georg Lukacs from a distinguished representative of Central European aesthetic vitalism into a major Marxist theorist and Communist militant has long remained an enigma In this this now classic study Michael Löwy for the first time traced and explained the extraordinary mutation that occurred in Lukacs's thought between 1909 and 1929 Utilizing many as yet unpublished sources Löwy meticulously reconstructed the complex itinerary of Lukacs's thinking as he gradually moved towards his decisive encounter with Bolshevism The religious convictions of the early Lukacs the peculiar spell exercised on him and on Max Weber by Dostoyevskyan images of pre revolutionary Russia the nature of his friendships with Ernst Bloch and Thomas Mann were amongst the discoveries of the book Then in a fascinating case study in the sociology of ideas Löwy showed how the same philosophical problematic of *Lebensphilosophie* dominated the intelligentsias of both Germany and Hungary in the pre war period yet how the different configurations of social forces in each country bent its political destiny into opposite directions The famous works produced by Lukacs during and after the Hungarian Commune *Tactics and Ethics* *History and Class Consciousness* and *Lenin* were analysed and assessed A concluding chapter discussed Lukacs's eventual ambiguous settlement with Stalinism in the thirties and its coda of renewed radicalism in the final years of his life In this new edition Löwy has added a substantial new introduction which reassess the nature of Lukacs's thought in the light of newly published texts and debates [The Routledge Companion to Marxisms in Art History](#) Tijen Tunali, Brian Winkenweder, 2025-03-31 This companion is an essential contribution to the study of historical materialism in general and the social history of art in particular Each chapter in the collection focuses on a key figure concept or historical epoch Increasingly scholars adopt an array of Marxist methods intertwined with a host of other theoretical practices particularly the historiography of key issues regarding hegemony ideology and identity Ideological issues of connoisseurship patronage and analyses of the artwork as a form of labor and leisure are essential to the practice of Marxisms in art history This collection spotlights a plurality of

Marxian theories in which the ideas of such figures as Walter Benjamin Guy Debord and T J Clark are debated and developed through analyses of the socio historical conditions that impact how art is produced circulated and received This ultimately underscores that the historical contextualization of artworks and their markets within a class based society is crucial for writing socially engaged art history This book will be of interest to scholars working in art history visual studies visual sociology communication studies and the sociology of art *The Philosopher's Autobiography* Shlomit C.

Schuster,2003-01-30 Throughout the ages philosophers have examined their own lives in an attempt both to find some meaning and to explain the roots of their philosophical perspectives This volume is an introduction to philosophical autobiography a rich but hitherto ignored literary genre that questions the self its social context and existence in general The author analyzes representative narratives from antiquity to postmodernity focusing in particular on three case studies the autobiographies of St Augustine Rousseau and Sartre Through the study of these exemplary texts philosophical reflection on the self emerges as a valid alternative to Freudian psychoanalysis and as a way of promoting self renewal and change

Lukács Reads Goethe Nicholas Vazsonyi,1997 Long recognized as one of the foremost literary critics of the twentieth century the Hungarian born Georg Lukacs 1885 1971 shocked many by turning to Marxism in 1918 Using his formidable knowledge of European cultural history he revitalized Marxist theory with his book *History and Class Consciousness* 1923 and continued to write extensively about literature The ultimate question posed by this book is how Lukacs in the 1930s was able to write enthusiastically about Goethe citing him as an ideal exponent of humanism while simultaneously accepting and even condoning Stalinism **Georg Lukács** Judith Marcus,Zoltán Tarr,1989-01-01 The Hungarian social philosopher and literary critic Georg Lukcs 1885 1971 is one of the seminal intellectual figures of the twentieth century With the possible exception of Leon Trotsky he is also widely recognized as the outstanding Marxist thinker aside from Marx himself Yet as Lewis Coser has observed Lukcs has remained the most enigmatic figure of the modern communist movement Why were his theories so important to modern political and social thought How did he come to have such influence on so many distinguished Western Intellectuals and for such a long time And why despite this did so many of his writings infuriate contemporary readers and critics The centenary of Lukcs birth was celebrated in 1985 with symposia in a number of countries on several continents Hundreds of Lukcs scholars and students attended along with others who were interested in his time and his ideas as well as the man and his work In the process new understanding of some of his most controversial concepts ideas and theses emerged Newly discovered information and writings as well as previously unknown preoccupations in his seventy year intellectual career were shared This volume brings together some of the best and most original of the essays of participants in New York Paris Budapest and Mexico City Some of the contributions in this volume are sharply critical of Lukcs others are clearly admiring A great many take an objective but severe look at diverse aspects of his work Together they constitute a close examination of the life work of the man Thomas Mann once called The most important

literary critic of today Jean Paul Sartre hailed as a significant modern philosopher and Irving Howe declared a major force in European intellectual life Collectively this volume shows why Georg Lukcs remains one of the remarkable intellectual figures of the twentieth century whose work is of enduring significance for us today Judith Marcus is on the faculty of Kenyon College She is the author of Thomas Mann and Lukcs Zoltn Tarrwas visiting Fulbright Scholar to Budapest Hungary and has taught sociology and history at the City College of CUNY New School for Social Research and Rutgers University He is author of The Frankfurt School The Critical Theories of Max Horkheimer and Theodor W Adorno Stalinism and the Dialectics of Saturn Douglas Greene,2023-03-20 This study examines the complicated legacy of Stalinism in the twentieth century The descent of the Russian Revolution into Stalinism has given rise to an oft accepted truism that revolutions are like Saturn and will devour their own children For anticommunists Stalinism is condemned as a bolt from blue whether an insidious contagion Big Brother or totalitarian reason that socialism cannot escape from On the other end Communists and their fellow travelers have seen Stalinism as a force of historical necessity and the only way for the working class to reach a communist society Both these twin camps accept a Dialectic of Saturn where Stalinism whether for evil or good is the preordained fate of all socialist revolutions However there is another position that views Stalinism as the product of material circumstance and class struggle This position was represented by Leon Trotsky in his seminal work The Revolution Betrayed In contrast to those who accept a mystical dialectic of Saturn Trotsky argued that Stalinism can be rationally explained and was not inevitable outcome of socialism **The Politics of the Soul** John Dickson,2022-12-16 This book takes the form of intellectual histories of eight major representative figures of the twentieth century who inherited and responded to the spiritual problematic left by Nietzsche With each figure offering very different ethical and spiritual positions all shed light on what we mean when we talk confusedly around the topics of politics and religion With portraits of Max Weber Georg Luk cs T S Eliot W H Auden Sigmund Freud Carl Jung George Orwell and Hannah Arendt the author explores the latent content of their worldview the moral or immoral intention of their intellectual project In each of the case studies the aim is to move toward an understanding of their ultimate values to get at their particular picture of the soul as well as the implications of this vision for religion and politics As such The Politics of the Soul will appeal to scholars of sociology and social theory religion philosophy political theory and cultural studies **Utopia** David Ayers,Benedikt Hjartarson,Tomi Huttunen,Harri Veivo,2015-12-14 Utopian hope and dystopian despair are characteristic features of modernism and the avant garde Readings of the avant garde have frequently sought to identify utopian moments coded in its works and activities as optimistic signs of a possible future social life or as the attempt to preserve hope against the closure of an emergent dystopian present The fourth volume of the EAM series European Avant Garde and Modernism Studies casts light on the history theory and actuality of the utopian and dystopian strands which run through European modernism and the avant garde from the late 19th to the 21st century The book s varied and carefully selected contributions written by experts from

around 20 countries seek to answer such questions as how have modernism and the avant garde responded to historical circumstance in mapping the form of possible futures for humanity how have avant garde and modernist works presented ideals of living as alternatives to the present how have avant gardists acted with or against the state to remodel human life or to resist the instrumental reduction of life by administration and industrialisation *The SAGE Handbook of Frankfurt School Critical Theory* Beverley Best, Werner Bonefeld, Chris O'Kane, 2018-06-04 The SAGE Handbook of Frankfurt School Critical Theory expounds the development of critical theory from its founding thinkers to its contemporary formulations in an interdisciplinary setting It maps the terrain of a critical social theory expounding its distinctive character vis a vis alternative theoretical perspectives exploring its theoretical foundations and developments conceptualising its subject matters both past and present and signalling its possible future in a time of great uncertainty Taking a distinctively theoretical interdisciplinary international and contemporary perspective on the topic this wide ranging collection of chapters is arranged thematically over three volumes Volume I Key Texts and Contributions to a Critical Theory of Society Volume II Themes Volume III Contexts This Handbook is essential reading for scholars and students in the field showcasing the scholarly rigor intellectual acuteness and negative force of critical social theory past and present **Contemporary Marxist Literary Criticism** Francis Mulhern, 2014-05-12 Marxism has had an enormous impact on literary and cultural studies and all those interested in the field need to be aware of its achievements This collection presents the very best of recent Marxist literary criticism in one single volume An international group of contributors provide an introduction to the development current trends and evolution of the subject They include such notable Marxist critics as Tony Bennett Terry Eagleton Edward W Said Raymond Williams and Fredric Jameson A diverse range of subjects are analysed such as James Bond Brecht Jane Austen and the modern history of the aesthetic **Marxism in Dark Times** Sobhanlal Datta Gupta, 2013-10-15 Offering an alternative exploration of the subject Marxism in Dark Times anchors its investigation of Marxism in the conceptual spheres of humanism democracy and pluralism Its essays question the stereotyped positivist notion of the theory as practised by the exponents of official Marxism highlight the legacy of the suppressed voices in the Marxist tradition and provide new insights into reading Marxism in the twenty first century affording new perspectives on Antonio Gramsci Rosa Luxemburg Nikolai Bukharin David Ryazanov and the Frankfurt School They seek to review the phenomenon of Perestroika explore the new historiography on Comintern and examine the relation between Marxism and postmodernism With its wide ranging provision of materials some translated here into English from German and Russian for the first time this collection offers a pioneering English assessment of some of the most debatable issues in contemporary Marxism Imre Nagy János M. Rainer, 2009-08-30 After nearly three decades of dutiful service to the Communist Party Imre Nagy led the popular uprising against the Soviet authorities during the 1956 Hungarian Revolution Two years later he was disgraced and executed How did the formerly loyal Party servant become one of its most ardent critics How did he reconcile his own beliefs with the demands of the Party for so

long and what finally drove him to take a stand And how should we understand his legacy for the modern democracy of Hungary This definitive biography of the Communist leader traces his life from his conventional petty bourgeois childhood in south west Hungary through his tremendous political achievements and ultimate dramatic failure The first complete portrait of this complex and contradictory figure Imre Nagy is vividly brought to life as an enigmatic figure whose actions shaped Hungary s destiny in 1956 and ever since

Marx and Engels on Imperialism Spencer A. Leonard,2023-03-14 For a little over a decade after the ignominious collapse of the Revolution of 1848 Karl Marx worked as a professional journalist Writing from London for newspapers in America and eventually on the Continent he continued while living in exile the analysis of the crisis of revolution that he first began in direct engagement with revolutionary events most notably in The Class Struggles in France of 1850 and The Eighteenth Brumaire of Louis Bonaparte of 1852 In what became a vast body of material through this journalistic work Marx elaborated the critical concept of bonapartism first abumbrated in the latter book Continuing his effort to learn the lesson of 1848 Marx concentrated on the crisis of modern society and the new mass democratic state that emerged in the absence of the dictatorship of the proletariat to meet that crisis Together with Marx and Engels on Imperialism this is the first book to select and bring together Marx s journalism around a conceptual theme rather than a mere topic Whatever the subject the emergence of a new capitalist politics or the new unionism in Britain post 1848 Chartism the East India Company European nationalisms or the Taiping Rebellion in China Marx and Engels journalism is shown to constellate around bonapartism a concept that Marx critically appropriated from liberals distressed at the post 1848 order

Ernst Bloch Vincent Geoghegan,2008-02-20 Ernst Bloch is perhaps best known for his subtle and imaginative investigation of utopias and utopianism but his work also provides a comprehensive and insightful analysis of western culture politics and society Yet because he has not been one of easiest of writers to read his full contribution has not been widely acknowledged Block developed a complex conceptual framework and presented this in a prose style which many have found to verge on the impenetrable In this critical and accessible introduction to one of the most fascinating thinkers of the twentieth century Vincent Geoghegan unravels much of the mystery of the man and his ideas

Criticism of Religion Roland Boer,2009-06-24 Criticism of Religion offers a spirited critical commentary on the engagements with religion and theology by a range of leading Marxist philosophers and critics Lucien Goldmann Fredric Jameson Rosa Luxemburg Karl Kautsky Julia Kristeva Alain Badiou Giorgio Agamben Georg Luk cs and Raymond Williams Apart from offering sustained critique the aim is to gather key insights from these critics in order to develop a comprehensive theory of religion The book follows on the heels of the acclaimed Criticism of Heaven being the second volume of a five volume series called Criticism of Heaven and Earth

Geography of Hope Pierre Birnbaum,2008 In Geography of Hope French sociologist and historian Pierre Birnbaum examines the work of the some of the prominent Jewish social scientists of the past two centuries in order to analyze their range of responses to the tensions between the Enlightenment call for universalism and the reality of Jewish

particularism

Georg Lukacs An Autobiographical Sketch Introduction

Georg Lukacs An Autobiographical Sketch Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Georg Lukacs An Autobiographical Sketch Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Georg Lukacs An Autobiographical Sketch : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Georg Lukacs An Autobiographical Sketch : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Georg Lukacs An Autobiographical Sketch Offers a diverse range of free eBooks across various genres. Georg Lukacs An Autobiographical Sketch Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Georg Lukacs An Autobiographical Sketch Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Georg Lukacs An Autobiographical Sketch, especially related to Georg Lukacs An Autobiographical Sketch, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Georg Lukacs An Autobiographical Sketch, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Georg Lukacs An Autobiographical Sketch books or magazines might include. Look for these in online stores or libraries. Remember that while Georg Lukacs An Autobiographical Sketch, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Georg Lukacs An Autobiographical Sketch eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Georg Lukacs An Autobiographical Sketch full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Georg Lukacs An Autobiographical Sketch eBooks, including some popular titles.

FAQs About Georg Lukacs An Autobiographical Sketch Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Georg Lukacs An Autobiographical Sketch is one of the best book in our library for free trial. We provide copy of Georg Lukacs An Autobiographical Sketch in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Georg Lukacs An Autobiographical Sketch. Where to download Georg Lukacs An Autobiographical Sketch online for free? Are you looking for Georg Lukacs An Autobiographical Sketch PDF? This is definitely going to save you time and cash in something you should think about.
