George Eliot Her Mind Her Heart:

Fictional Minds and Interpersonal Relationships in George Eliot's The Mill on the Floss Karam Nayeypour, 2018-10-01

George Eliot 1819 1880 is known for her psychoanalysis of the majority of her characters in her literary works. In her second novel *The Mill on the Floss* 1860 she focuses on the fictional minds, subjective first thoughts and intentions. She shows how their unsympathetic workings cause private and collective tragedy by the end of narrative. The novel has frequently been acclaimed by critics and readers alike. However, this book presents a re-evaluation of the text with the help of terminologies borrowed from cognitive narratology in order to shed new light on the significance of one-track minds in this narrative. The book explores the mental functioning of the individual fictional minds and examines how different modes of mental activities influence the interpersonal relationships between and among the characters. Accordingly, the study argues that the main cause of tragedy in *The Mill on the Floss* stems from at least two factors. First, the central fictional minds primarily function on the basis of their self-centered thoughts and emotions over which they usually do not have control. Second, the tragedy is an effect of the social minds or public opinions, unforgetting, unforgiving and unsympathetic perspectives of any unconventional behavior.

Charlotte Brontë, George Eliot, Jane Austen Henry Houston Bonnell, 1902. **Charlotte Brontë, George Eliot and Jane Austen** Henry Houston Bonnell, 2010. In his detailed study Henry Bonnell analyses the works of three of the greatest literary women in 19th-century England. He examines aspects of realism, the attitude towards nature and the role of passion in the writings of Brontë. Eliot's work is investigated with respect to religion, philosophy, art and sympathy. In his study of Austen, Bonnell shows how place and charm have influenced her texts. His book will be of interest to the social historian as much as to the students of literature. Literature - Ancient and Modern - Vol. XIII (Forty-Five Volumes); Dutt-Emerson Charles Dudley Warner, 2008-01-01. Popular American essayist, novelist and journalist CHARLES DUDLEY WARNER 1829-1900 was renowned for the warmth and intimacy of his writing, which encompassed travelogue, biography and autobiography, fiction and more, and influenced entire generations of his fellow writers. Here, the prolific writer turned editor for his final grand work, a splendid survey of global literature, classic and modern, and it's not too much to suggest that if his friend and colleague Mark Twain, who stole Warner's quip about how everybody complains about the weather but nobody does anything about it, had assembled this set, it would
