Anglo Irish novelist George Moore 1852 1933 espoused multiple identities An agent provocateur whether as an art critic novelist short fiction writer or memoirist always probing and provocative often deliberately controversial the personality at the core of this book invented himself as he reinvented his contemporary world Moore s key role as observer participant and as satirist within many literary and aesthetic movements at the end of the Victorian period and into the twentieth century owed considerably to the structures and manners of collaboration that he embraced This book throws into relief the multiple ways in which Moore's work can serve as a counterbalance to established understandings of late nineteenth and early twentieth century literary aesthetics both through innovative scholarly readings of Moore's work and through illustrative case studies of Moore's collaborative practice by making available for the first time two manuscript plays he co authored with Pearl Craigie John Oliver Hobbes in 1894 It is this collaborative practice in conjunction with his cosmopolitan outlook that turned Moore into a key player in the fin de si cle formation of an international aesthetic community This book explores the full range of Moore's collaborations and cultural encounters from 1870s Paris art exhibitions to turn of the century Dublin and London from gossip to the culture of the barmaid from the worship of Balzac to the fraught engagement with Yeats from music to Celtic cultural translation Moore's reputation as a collaborator with the most significant artistic individuals of his time in Britain Ireland and France in particular but also in Europe more widely provides a rich exposition of modes of exchange and influence in the period and a unique and distinctive perspective on Moore himself The Oxford Handbook of Modern Irish Fiction Liam Harte, 2020-10-15 The Oxford Handbook of Modern Irish Fiction presents authoritative essays by thirty five leading scholars of Irish fiction They provide in depth assessments of the breadth and achievement of novelists and short story writers whose collective contribution to the evolution and modification of these unique art forms has been far out of proportion to Ireland's small size The volume brings a variety of critical perspectives to bear on the development of modern Irish fiction situating authors texts and genres in their social intellectual and literary historical contexts The Handbook's coverage encompasses an expansive range of topics including the recalcitrant atavisms of Irish Gothic fiction nineteenth century Irish women s fiction and its influence on emergent modernism and cultural nationalism the diverse modes of irony fabulism and social realism that characterize the fiction of the Irish Literary Revival the fearless aesthetic radicalism of James Joyce the jolting narratological experiments of Samuel Beckett Flann O Brien and M irt n Cadhain the fate of the realist and modernist traditions in the work of Elizabeth Bowen Frank O Connor Se n O Faol in and Mary Lavin and in that of their ambivalent heirs Edna O Brien John McGahern and John Banville the subversive treatment of sexuality and gender in Northern Irish women's fiction written during and after the Troubles the often neglected genres of Irish crime fiction science fiction and fiction for children the many hued novelistic responses to the experiences of famine revolution and emigration and the variety and vibrancy of post millennial fiction from both parts of Ireland Readably written and employing a wealth of original research The Oxford Handbook of Modern Irish Fiction illuminates a distinguished literary tradition that

has altered the shape of world literature Victorian Fiction and the Cult of the Horse Gina M. Dorré, 2016-12-05 The horse was essential to the workings of Victorian society and its representations which are vast ranging and often contradictory comprise a vibrant cult of the horse Examining the representational emblematic and rhetorical uses of horses in a diversity of nineteenth century texts Gina M Dorr shows how discourses about horses reveal and negotiate anxieties related to industrialism and technology constructions of gender and sexuality ruptures in the social fabric caused by class conflict and mobility and changes occasioned by national progress and imperial expansion She argues that as a cultural object the horse functions as a repository of desire and despair in a society rocked by astonishing social economic and technological shifts While representations of horses abound in Victorian fiction Gina M Dorr s study focuses on those novels by Charles Dickens Elizabeth Braddon Anna Sewell and George Moore that engage with the most impassioned controversies concerning horses and horse care such as the introduction of the steam engine popular new methods of horse taming debates over the tight reining of horses and the moral furor surrounding gambling at the race track Her book establishes the centrality of the horse as a Victorian cultural icon and explores how through it dominant ideologies of gender and class are created promoted and disrupted The Collected Short Stories of George Moore Vol 5 Ann Heilmann, Mark Llewellyn, 2024-11-01 George Moore 1852 1933 was one of the most influential and versatile writers and journalists of the turn of the century This five volume reset critical edition addresses scholarly interest in Moore making available his generally neglected short story collections A History of Irish Autobiography Liam Harte, 2018-03-01 A History of Irish Autobiography is the first ever critical survey of autobiographical self representation in Ireland from its recoverable beginnings to the twenty first century The book draws on a wealth of original scholarship by leading experts to provide an authoritative examination of autobiographical writing in the English and Irish languages Beginning with a comprehensive overview of autobiography theory and criticism in Ireland the History guides the reader through seventeen centuries of Irish achievement in autobiography a category that incorporates diverse literary forms from religious tracts and travelogues to letters diaries and online journals This ambitious book is rich in insight Chapters are structured around key subgenres themes texts and practitioners each featuring a guide to recommended further reading The volume s extensive coverage is complemented by a detailed chronology of Irish autobiography from the fifth century to the contemporary era the first of its The Arts of the Prima Donna in the Long Nineteenth Century Rachel Cowgill, Hilary kind to be published Poriss, 2012-06-01 Female characters assumed increasing prominence in the narratives of nineteenth and early twentieth century opera And for contemporary audiences many of these characters and the celebrated women who played them still define opera at its finest and most searingly affective even if storylines leave them swooning and faded by the end of the drama The presence and representation of women in opera has been addressed in a range of recent studies that offer valuable insights into the operatic stage as cultural space focusing a critical lens at the text and the position and signification

of female characters Moving that lens onto the historical The Arts of the Prima Donna in the Long Nineteenth Century sheds light on the singers who created and inhabited these roles the flesh and blood women who embodied these fabled doomed women onstage before an audience Editors Rachel Cowgill and Hilary Poriss lead a cast of renowned contributors in an impressive display of current approaches to the lives careers and performances of female opera singers Essential theoretical perspectives reflect several broad themes woven through the volume cultures of celebrity surrounding the female singer the emergence of the quasi mythical figure of the diva explorations of the intricate and sundry arts associated with the prima donna and with her representation in other media and the diversity and complexity of contemporary responses to her The prima donna influenced compositional practices determined musical and dramatic interpretation and affected management decisions about the running of the opera house content of the season and employment of other artists a clear demonstration that her position as first woman extended well beyond the boards of the operatic stage itself The Arts of the Prima Donna in the Long Nineteenth Century is an important addition to the collections of students and researchers in opera studies nineteenth century music performance and gender sexuality studies and cultural studies as well as to the shelves of opera singers and enthusiasts Sexual Restraint and Aesthetic Experience in Victorian Literary Decadence Sarah Green, 2023-03-09 Can sexual restraint be good for you Many Victorians thought so This book explores the surprisingly positive construction of sexual restraint in an unlikely place late nineteenth century Decadence Reading Decadent texts alongside Victorian writing about sexual health including medical literature adverts advice books and periodical articles it identifies an intellectual Paterian tradition of sensuous continence in which healthy pleasure is distinguished from its harmful counterpart Recent work on Decadent sexuality concentrates on transgression and subversion with restraint interpreted ahistorically as evidence of repression sublimation or queer coding Here Sarah Green examines the work of Walter Pater Lionel Johnson Vernon Lee and George Moore to outline a co extensive alternative approach to sexuality where restraint figured as a productive part of the aesthetic life or a practical ethics shaped by aesthetic principles Attending to this tradition reveals neglected connections within and beyond Decadence bringing fresh perspective to its late nineteenth and twentieth Reader's Guide to Literature in English Mark Hawkins-Dady, 2012-12-06 Reader's Guide Literature century reception in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study A Sense of Shock Adam Parkes, 2011-08-19 What does modern British and Irish literature have to do with French impressionist painting And what does Henry James have to do with the legal dispute between John Ruskin and J M W Whistler What links Walter Pater with Conrad's portrait of a genocidal maniac in Heart of Darkness Or George Moore with Irish nationalism Virginia Woolf with modern distraction and Ford Madox Ford with the Great Depression Adam Parkes argues that we must answer such

questions if we are to appreciate the full impact of impressionist aesthetics on modern British and Irish writers Complicating previous accounts of the influence of painting and philosophy on literary impressionism A Sense of Shock highlights the role of politics uncovering new and deeper linkages In the hands of such practitioners as Conrad Ford James Moore Pater and Woolf literary impressionism was shaped by its engagement with important social issues and political events that defined the modern age As Parkes demonstrates the formal and stylistic practices that distinguish impressionist writing were the result of dynamic and often provocative interactions between aesthetic and historical factors Parkes ultimately suggests that it was through this incendiary combination of aesthetics and history that impressionist writing forced significant change on the literary culture of its time A Sense of Shock will appeal to students and scholars of nineteenth and twentieth century literature as well as the growing readership for books that explore problems of literary history and interdisciplinarity

Irish Literature Mary Ketsin,2004 Irish literature s roots have been traced to the 7th 9th century This is a rich and hardy literature starting with descriptions of the brave deeds of kings saints and other heroes These were followed by generous veins of religious historical genealogical scientific and other works The development of prose poetry and drama raced along with the times Modern well known Irish writers include William Yeats James Joyce Sean Casey George Bernard Shaw Oscar Wilde John Synge and Samuel Beckett The Irish Bildungsroman Gregory Castle, Sarah L. Townsend, Matthew L. Reznicek, 2025-02-17 The classical Bildungsroman charted an idealized path of human development the harmonizing of individual desires and societal norms in the formation of a well rounded liberal subject But what happens when this Enlightenment blueprint for self cultivation runs up against the particularities of a colonial society riven by nationalism revolution and uneven modernization The Irish Bildungsroman provides the first comprehensive study of how this quintessentially bourgeois and European genre is transformed and reinvented by Irish writers from the Act of Union to the

present day Through incisive readings of over two centuries of Irish novels the volume's contributors illuminate the diverse narrative strategies Irish authors have employed to depict personal formation within colonial and postcolonial communities shaped by competing religious class gender and ethnic interests Periodized into three major sections the book maps the evolution of the Irish Bildungsroman across key historical junctures the rise of cultural nationalism in the nineteenth century the revolutionary period and emergence of the postcolonial state in the early twentieth century and more recent waves of globalization that have reconfigured Irish identity From the post Union novels of Maria Edgeworth and Sydney Owenson to contemporary immigrant fiction The Irish Bildungsroman excavates a rich vein of self reflexive writing that creatively reworks this genre to expose the fault lines of liberal humanism and to imagine new modes of selfhood The Late Victorian Folksong Revival E.
